MUNICIPALITY OF NARIPOLA.

NOTICE.

The Municipal Council of the Municipality of Naripola has resolved to hold a public hearing on the 25th day of August, 1937, at 8 o'clock P.M. at the Town Hall, Naripola, Ontario, on the following subject:

THE TOWN HALL OF THE MUNICIPALITY OF NARIPOLA.

A BUDGET OF BITS.

It does seem as though everyone were going somewhere this Summer. The annual excursion is getting ready for its deadly work, all the resorts and hosteries along the line have opened with a rush, and people everywhere, it would seem, are on the *qui vive* for jaunts to some point or other.

It has always been a vexed question with you, too, about this time of the year, how best to arrange your apparel to meet the exigencies and emergencies of a Summer's Outing. There are complicating—not to say aggravating—considerations connected with it. Cost may be a very formidable one. Sure it is, that it enters very lively and prominently into the question. Appropriateness has no insignificant part in it, either.

"How Ladies can appropriately dress with reasonable cost" is what we started out to prove. Have we done so? We think most sincerely that those of you who haven't tried us yet will come in and see us about your garments. We won't let you go wrong on either Cost or Appropriateness if you do.

New designs every day in the flimsy, delicate, white, black, blue and pink Light Dress Goods. They are as pretty as they are comfortable.

For Summer outing there's special fitness and newness in the jaunty, wide-awake Sailor Hats. Nothing more to everybody's liking than the sunshiny, cheerful, Rough and Ready Hats. From the variety of shapes and colors you'd think the season just begun.

There's a lot of clothing racket going on these days; these first days of the latter half year's trade.

Two causes. Hot weather is here; that means this goods. Autumn is coming that means close up the ranks, drum out the stragglers that the Autumn recruits may fall in line.

Ours is a Clothing House. Clothing is on sale that comes down from our own workrooms right on this spot. One little profit. Straight from producer to consumer. That's our way, unapologetically our clothing way.

An "irrepressible conflict" going on in the store just now, always is at this period, sort of triangular duel.

Autumn things crowd in, Summer things claim the whole concern, Spring things trying to edge out, grow noisy as their values decrease. Autumn stuffs are too previous. Summer things and the bargains divide the talk. Enough of either to fill the store. All shall have a fair show for a month, but bargains first.

We ask you to read our advertisement. In it you will find very truthful comment on styles, fashions and prices.

And we tell the truth or mean to every truth. No flatterings about that.
