GOLDEN LAND if you want BARGAINS

PRICE is to a certain extent a measure of the value of goods. the merchant's measure of what the goods will sell for. It may he high or low. It's the storekeepers notion.

REMEMBER

there are two kinds of storekeepers. You will always have to bear this in mind as it often effects the price radically. We now proclaim, having no fears of contradiction, that we have as low prices as there are in the Province of Ontario for dependable Dry Goods and Clothing. Good wool, good workmanship, good Wear in every pair of Pants, Vest, Coat or Ordered Suit which we turn out, and not a garment which we can't recommend as the very best in town at its price, and the price is always the lowest.

Bear this in Mind,

that when you get a Mult, a pair of Pants or a parcel of any kind of Goods at minuously low prices look out for the quality of the goods. You will find you are getting nothing better than you pay for. Keep an eye on the price; find out what kind of a store you are in and remember that you can't get five dollars' worth of goods by paying one dollar. We are willing to have you judge us by the quality of our goods, and we promise to give our patrons 100 cents' worth of wear and worth for every dollar you leave with us. The recent performance of the five-year-old stallion, Patriot, has just about exploded the old theory that Canada is to cold a climate for the breeding of trutting horses. At Cleveland last week Patriot defeated Harry Wilkes in three straight heats, the last being 2.11. He is owned by Mr. Merrill of Tilsonburg, Unt., and Mr. Kmery of Cleveland, O.,—the latter having purchased a half-interest in him some time ago for \$12,000—and is undoubtedly the "horse-wonder" of the day.

REALITY EXCEEDS HER IMAGINATION.

"I declare, the realities I witnessed to day, in the low prices of all kinds of Staple and Fancy Dry Goods at the City Store, knocked the bargains I had pictured in my imagination higher than Gilroy's kite. It is truly wonderful. Formerly I could not understand why it was that the Lindsay Dry Goods and Clothing Syndicate created such a furore all through the country, but after this day's experience my understanding is considerably enlarged."

The above were the remarks of an elderly lady on her arrival home, after having driven over thirty miles to make her semi-annual purchases of Dry Goods and Clothing at the City Store, and a goodly parcel she purchased to. What is more the old lady struck the nail square on the head. Unless she had been a visitor from the spirit world she could not have foreseen the unparagoned bargains awaiting her and all the other customers. With our new stock now nearly complete we are determined, as far as possible, that the reality of our low prices will far exceed your imagination. Act suddenly on the above suggestion and you will reap such a return for your dollars and cents as will cause you to laugh without being tickled.
