VERY CREDITABLE.—S. S. No. 18 has again distinguished itself by placing at the head of the list at the Cakwood cutrance examination Masters Wesley Hoover and Manfred Shaver, who obtained the highest number of marks obtained by any pupil either at Cakwood or Lindeay trying for the entrence examination, which speaks volumes. Accept our congratulations, boys. We might here mention that the only two that succeeded in passing last year in miderumer in this township were sent up from this section by Mr. T. H. Roberts, our justly popular teacher, who deserves to be particularly praised for his efficient and paintaking manner of conducting the school.

HANVERY,—Farmers have been very busy this last week outling sed seving their grain and will be for a few weeks, although if fine weather continues another week or ten days some farmers around here will be nearly through, se this year the hervest is two weeks carrier, Grain is ripening too fast. The hot weather is bringing the crops in rapidly. Grain will be light in some places. The rust line taken the spring wheat in low lands. SERIOUS ACCIDENT.—A serious secident happened to one of Mr. Sasguine's little stris on the road home from church on the evening of Sunday lact. By some meaned the hold-back strape became unfastened, silowing the bugny to run forward which caused the home to kick, hitting the child (who was sitting at the time with her back to the dashboard) on the back of the head, lacerating it in a fastful manner. HARVEST NOTES.—Farmers in this section are busily engaged harvesting. Owing to the very dry season and the extreme heat the grain has been hurried in especially barley and wheat. It will be below an average in quality and quantity. It has been harvested several days earlier than the oldest settler can remember.

All stood the trip well and seemed to breathe this foreign air with perfect content. Mr. Wilson is not sure whether he will be able to fit up his stock for the fall fairs or not, but we hope so. A PUBLIC LOSS.—The removal from Orillia of our esteemed citizen, Coun. Bertram, will be a public loss. This week our popular hardware merchant announces that he will shortly leave Orillia to reside in the future in the town of Dundas, where he has purchased a large interest in the Bertram Mfg. Co. of that place. Since Mr. Bertram came here, about ten years ago, he has ever occupied a leading position among our public men. He has been for several years a member of the high school board, and more lately he hradistinguished himself in municipal affairs. It will be hard to fill the gap in our public affairs left open by Mr. Bertram's withdrawal. As chairman of the finance committee he has aided the town a great deal more than he has received credit for. It is mainly due to this action that our taxes have been reduced from 25 mills to 19, during the nast two years.

DIRECT FROM THE WHOLESALE MARKETS. These Sugars were bought before the advance in prices that took place last week.

The disastrous fire at Montreal that destroyed a large refinery has had the effect of withdrawing from the market nearly 1,000 barrels of Sugar per day. Some grades are scarce in consequence and prices advancing.

Having bought our Sugars before the rise we sell them at the lowest living prices. Our profit is cut close; so fine, in fact, that we can hardly find it on Sugars.
