Copuses and Business e is trying to make itself rich by hirtiring establishments to establish that town. This is false enterstablishment is "worth its sait" it ut any bonus. A business that has and go enough to thrive without min'y can't do so with a bonus ness capacity and energy are wantmoney into a concern lacking ions is equivalent to giving it to a nests with. There is more than of that say built sorough from small beginnings by or shrewdness and honest dealing, a most shining example is that of D, the Fattons Furniture Factor. He years ago with a capital consisting a level head and a body chuck rise and push, and he has risen till as the most extensive furniture statocker and most capacious waremost complete factory and the highdeclines to take a back seat to ... All who want the best furniture ast prices go to his warerooms, where will be found thousings of envered over with every variety of meet the demands of peasant or furnish a cabin or castle,-|Peter-

A Trip to Parry Sound. No more piovable trip can be taken than n Bay to Parry Sound. The swift mer Maxwell leaves l'enetang daily tone. This boat is 160 feet leng and is capable of carrying six hundred passengers with comfort and safety. She travels at the rate of twelve miles per hour. All the comforts of a first cause city hotel are to be found on board. After leaving Penetang you pass the Reformatory which from the waters presents a very the reparance. After sailing around to Midland tarough a clear sheeet of water you enter the Islands which we might say are countless, their number being estimated at over thirty thousand. They are mostly of granite with scarcely any soil, producing only small stunted the soft pinch and popler. The Indians do a great trade at this season in picking berries which are found in large quantities. At times you enter passages possibly not twice the width of the boat suddenly emerging into a clear sheet of water from two to four feet wide. Tourists from all points camp on these islands and frequently the boat is hailed by tugs and sail boats getting their supplies and mail matter. A very pleasing feature in the trip is that passengers are never troubled by any rough sea as the numerous islands break the force of wind and ways. The distance from Penetang to Parry Boand is sixty miles and including stoppages is made in five hours. rate of twelve miles per hour. All the comforts

The annual meeting of the Dominion rifle as ociation opened at Ottawa on Tuesday of this week. There was a large attendance. Repreweek. There was a large attendance. Representatives from Lindsay of the 45th batt. were Capt. S. Hughes, Sergt. Robinson. Sergt. Williamson and Corp. Oliver. In the Banker's match Capt. Hughes and Sergt. Williamson won cash prizes: Capt. Hughes, Sergt. Williamson and Private Beach of the 45th batt. won cash prizes in the Rideau match. Corp. Oliver gained a prize in the Rideau match. The association are asking the favorable consideration of the government towards replacing the Smider rifles with Martini-Henry rifles.

-The autumn meeting of the Cannington Driving Club was held on Tuesday and Wednesday of this week and was a decided success with but one exception, the attendance hardly being as good as the energy and enterprise of the managers deserve. The meeting opened with the stallion race, which had five entries, with the stallion race, which had five entries, including Ansonia. Valentine, Neighbor Ups, Louis D, and Puzzler, all of which faced the start. Ansonia being a prime favorite. This race was a "corker" from start to finish, and was won by Ansonia in the fifth heat. Valentyne won the two first heats, making the fastest time of the meeting, 2.32, but unfortunately went lame and had to give way to the plucky son of Jay Geuld. Mr. George Curtis received much praise for the manner in which he handled the big chestnut, many horsemen being of opinion that had it not been for the accident he would have won the race in three straight heats. Mr. Morgan was also very unfortunate, Neighbor Ups being very lame had to be withdrawn after the first half-mile....The 2.40 trot was second on the program with five starters, three of which came to the wire, Princess, Fred and Maud S. The last named was the favorite, but owing to a hard run of circumstances—over which the brown mare had no; control—failed to make as creditable a showing as anticipated. The race being won in the order named. The second day opened with the three minute trot, in which there were six entries and four starters. The race was concluded in three heats, Princess lst, Fred 2nd, Edith A. 3rd... The "free-for-all" had seven entries, only three of which responded to the bell, Ansonia, Maud S. and Stadasona—the latter being the "dark" horse which it was anticipated would head the procession. This was reversed, however, as Ansonia again got there by the "skin o' his teeth" in the fifth heat. In this race Maud S. showed the good effect of a little deviation from "theory." and with Mr. R. Tate behind her trotted in capital form, winning the second and third heats in 2 34—repeating her Toronto mark—ard only losing first place through a bad "break." Tate was highly complimented on the way he piloted the big brown mare, and merited it too.

MIDLAND DISTRICT NOTES,

—Alex. Slavin, a ward of the township of Dunimer, was found dead in the woods on Thursday last near Mr. D. McMullens.

-Martin Neelon, while sleeping on the roadeide, near Buttonville, was robbed of \$41 in cash, three pair of pants, three cotton shirts, two woollen shirts, four pair of socks, and one pound of tobacco. He states that his name is written upon a twenty dollar bill that was taken, and offers 810 reward for information that will lead to the conviction of the guilty parties.

-On Sunday last says the Hastings Star while a party of young folks were beating near Campbellford, the craft, a common row boat, collided with the boom and upset, throwing the occupants into the water. Although the river was very shallow (only two feet deep) where the accident occurred, and the marks when the control to the con one of the party, a Miss Murphy from Rochester, N.Y., received such injuries that death ensued a few minutes after the body was taken from under the boat, which had

-- A most heartrending case came to light at liespeler, near Galt, the other day. A respectable looking young woman applied for work at the office of Forbes & Co. and was assigned to the weave-room, where work was given her at good pay, but in few days she gave out and was taken sud denly ill at her boarding house. A doctor being summoned gave it as his opinion that she would only last a few hours, as she was suffering from brain trouble. From her incoherent ravings and an examination of her memorandums it was learned that she was worked nearly to death, running three looms for two dollars per week in a woollen mill at Campbell ford, from the effects of which she is now suffering. She is a knight of labor, and establishment is "worth its sait" it the local assembly at Hespeler sent nurse elf in the most suitable locality and and provided her with all necessaries.

STRATFORD, March 15, 1887. For several years I was troubled with rash on the face, tried several remedies without effect. Dr. Jug's Medicine and Pills completely cured me and improved my general health so much that I can highly recommend it as a genuine purifier of the blood. Ernest Chas. Engels.

COAD-SLUGGIT. - By Rev. James Greener, at coad-stance, Colbornest., August 31st, Mr. G.

IN BRIEF, AND TO THE POINT. Dyspepsia is dreadful. Disordered liver s misery. Indigestion is a fee to good na-

The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order,
Greasy food, tough food, sloppy food, bad
cookery, mental worry, late hours, irregular
habits, and many other things which ought
not to have made the American people a

nation of dyspeptics.

But Green's August Flower has done a wonderful work in reforming this sad business and making the American peeple so healthy that they can enjoy their meals and

be happy.

Remember:—No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventyfive cents. -52 eow.

### TWO CARS OF SUGARS,

DIRECT FROM THE WHOLESALE MARKETS.

These Sugars were bought before the advance in prices that took place last week.

The disastrous fire at Montreal that destroyed a large refinery has had the effect of withdrawing from the market nearly 1,000 barrels of Sugar per day. Some grades are scarce in consequence and prices advancing.

Having bought our Sugars before the rise we sell them at the lowest living prices. Our profit is cut close; so fine, in fact, that we can hardly find it on Sugars. Send in your orders. Country dealers will do well to give us

YOUR FALL SUIT

Time you were thinking of it. The season is getting on. Presently your summer clothing will fall short of giving comfort and heavier goods are imperatively a necessity.

Give us a call. Our goods can't possibly be beaten-barely duplicated-in quality. Our cut, fit, and make up are a guarantee for your satisfaction.

Our prices are conscientious prices that are possible when the prices of two or three wholesale people are cancelled, nipped off, as it were, in getting the goods into our hands. Our prices are directly profitable to you. Will you take them?

Dundas & Flavelle Bros.
