TO THE PUBLIC.

Some time ago we intimated to our friends that we contemplated an early retirement from the grocery business and we now beg to inform them that we have decided to do so as soon as we can dispose of the balance of our present large and varied stock.

During our long and active experience we have given our particular attention to the buying of TEAS AND COFFEES, and have always tried to keep on hand the best samples of these products the market could supply. Our efforts in this line have been successful, and we have in consequence received many commendations and constantly increasing support from the public, and these facts have led us to believe that by dealing chiefly in these commodities we will find ample and profitable scope for our means and energies. We have therefore decided to devote our special attention in future to the sale of THAS AND COFFEES; and to this end we will import direct from the place of growth, where we have experience and trustworthy agents and we can promise the people of Lindsay and the surrounding country the very best quality and most varied assortment of TEAS AND COLLES at the lowest price ever offered in Lindsay. Our COFFEES will be imported green, and roasted and ground on the premises.

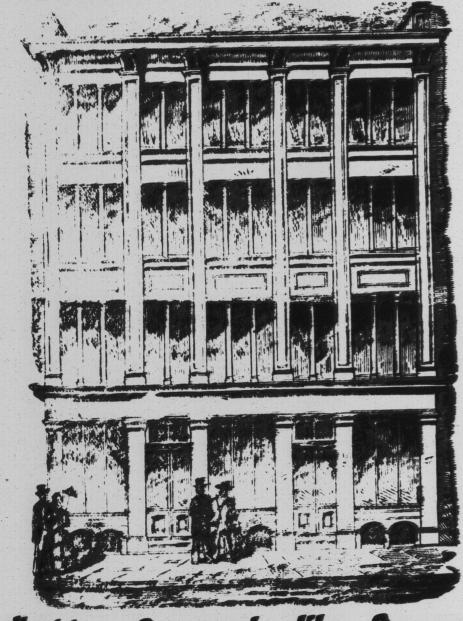

With our facilities for purchasing we can offer the merchants of the surrounding country values equal to those they can obtain in Montre-

As will carry on business in our present stand, where the bal nee of our general stock will be disposed of at cost. We will continue as heretofore to buy SEEDS AND PROBLECE for which the highest price will be given in cash. BULLER will be taken in shipping packages only.

THE PEOPLE'S

Since we opened out on 1st September we have found trade good; in fact, a portion of the time we were not in readiness to do business, but in spite of the discussions the public have appreciated our efforts to give them. Good, New, Secusable thode at prices not reached by the trade in queeral.

The question is repeatedly asked me, is this business gove own or me you manding it for other parties! All I think it necessary for me to my is this: The business is my own and it is my intention to give the public of Lindsey the Best, the Newst and Cheapest Goode to be had in the trade. In fact our stock we found two limits for our premises which we occupy, and have opened a branch at Pourtung. There we have shipped the goods not required for our Lindsey trade. It applies the second of the goods not required for our Lindsey trade. It applies the second of the goods not required for our Lindsey trade. It applies the fact we will are pour appear of that we were fall and white porchases.

VALENTIA.

BASE BALL. — A game of base hall between the Valentia and Little Britain clube was played on Saturday, Sept. 24, resulting in a complete victory for the Valentia team. Scoan and Roach were the lentis team. Soan and Roach were the battery for the visitors. Sloan pitched a very good game but our boys being good batters batted him unmercifully from first to last, some of them geiting home runs. Suggett and Borland formed the battery for Valentia. The visitors could not find Suggett. several of them going out on four strikes and they only struck five balls out of the diamond. J. B. Emerson of Valentia was chosen by the Little Britain team to umpire the game and gave good satisfaction to all. After the game tea was served in the Orange hall. The Britain boys are a joily good lot of fellows but they need to practice before they can play with Valen-

BEAVERTON.

SOME CORRECTIONS.—Your "intelligent compositor" made some mistakes in setting up our notes of last week. In the paragraph headed "Beaverton yacht club" he states the race referred to to be "for the championship of South Lake Simose and contesting," etc. If he will take a look at the item he will read "championship of Lakes Simose and Couchiching," Since, however, sending our notes as alteration has been made. The race will not be for the championship and the amount to be raced for will be \$25, not \$30... In the rifle association item your compositor states that "taking into account the wind blowing at the time of the match Mr. W. Weir," etc. Who the dence is Mr. Weir! It should have been "N. N. West," or in plain words North North-West, The number of competitors were 21, not 20.

A FRW WORDS TO MR. JOHN LEBAR.—This gentleman appears to imagine himself a cocktail he is as the words.

This gentleman appears to imagine himself a cocktail he is so thoroughly mixed. Really his friends should look after him. When a man in reference to a proposed yacht race uses such terms as "rotten lumber," "amessin" and "six feet cabbages" he is evidently a little "off." We must therefore decline to further notice such ailly communications.

THORAH AT BEAVERTON.

erkable Success A Grand Display. The Thorah agricultural society held their annual fair at Beaverton on Tuesday and Wednesday, Sept. 27th and 28th, and to say that it far surpassed any that has been previously held in this place would not half express the grand success that it was. On the first day the hall exhibits were the main attraction. This was a great improvement on former occasions and was to a large extent owing to the society having a complete plank floor put over the whole hall. Nearly all the merchants took spaces and had them handsomely arranged to display their wares to the best advantage.

Mr. Dougald Campbell, the popular and energetic Domestic sewing machine man, was located in the north side of the buildwas located in the north sade to the orining, and had a number of those fine machines on exhibition. Samples of the work of the machine adorned the hall and were very much admired. The exhibits of fruit was not large, but some excellent varieties were shown. Possibly north of Toronto a better display of roots has not been shown, and it was wonderful, taking into consideration the dry season. In the evena tumor, is improving as well as can be ing the large gathering was much delighted by the sweet strains of our village band. There were eighteen or twenty in-struments, and all the members were attired in their new uniforms, which, by the way, is very neat and attractive. Under the leadership of our genial citizen, Mr. J. > The morning of the second or great day of the fair was rather gloomy and very smoky, which did not clear away altogether during the whole day. However, this did not interfere with a larger turnout of stock of all kinds. It will be impossible in our limited space to notice the different animals of each exhibitor. The improvement in stock, especially cattle, years. Such men as J. R. Froctor, Wm. Turner, R. Buckier, Geo. Proctor, T. Hodgkinsen, F. Warren, Chas. Lavioiette, A. McMillan, C. G. Campbell and others, showed very fine stock, both in horses and cattle. The exhibit in sheep and pigs was not quite as large as we would have liked very superior quality. There was also a good display of poultry. The decision of the judges on the thoroughbred aged cows have made it more interesting for the red ticket. Mr. Turner has had him only a short time. He is said to be a very well-bred animal.....Mr. J. R. Proctor's bull calf "is a daisy," and is good enough to win the red ticket in any show-ring..... The only lady rider was Mrs. Jennett, who is a very graceful rider and a good horse-

McMillan & Sons. The last named showed two single buggies, one democrat wagon and four cutters, which for style and workmanship could not be beaten by any city factory. In the hall they also had an exhibition of their wood-work in connection with cutters, buggies, etc., which of course took first prize. We are indebted to Mr. Geo. Smith, sen., the obliging secretary, for the prize list, which will appear next week.

Business and Produce. The local market has been lively during the week, the delivery of barley reaching about 7.000 bushels per day. Prices re-

main firm at 67c. for best grades, 69c. being paid for an extra fine load. The wheat market has not yet opened up to any great extent, the delivery of

barley occupying the attention of the farm-Torento Live Stock Market.

There is no material change in the Toronto live stock market. Trade continues dull and prices have been sustained with difficulty. Montreal Live Stock Markets. There was a large supply of common cattle on the Montreal markets Monday, but choice cat-

tle could not be got. Prices about the same as Thursday. There were a few sales at over 31c per lb., but a greater number at less than 3c. Sheep scarce, shippers paying from 32c to 4c for good large sheep. Butchers pay from 33 to 35 for sheep and \$2.25 to \$1 for lambs. Hogs in The Horse Markets. The horse trade at Montreal is quiet. Shipments to the United States fewer than usual and average price considerably less. During

the past week there were shipped from Mon-treal across the lines 39 horses, costing \$3,223.50, or an average of \$82.62 each. Toronto Street Market. The street market was fairly active to-day and prices generally steady. About 600 bush, wheat offered and sold at 77c to 79c for spring and fall and 67c to 68c for goose.
