## It is Absurd

For people to expect a cure for Indigestion, unless they refrain from eating what is unwholesome; but if anything will sharpen the appetite and give tone to the digostive organs, it is Ayer's Surgarilla. Thousands all over the land testify to the merits of this medicine.

Mrs. Sarah Auffoughs, of 248 Eighth Street, South Boston, Writen: "My husband has taken Ayer's Sarsaparilla, for Dyspepsia and torpid liver, and has been greatly benefited."

## A Confirmed Dyspeptic.

C. Canterbury, of 141 Franklin st., Boston, Mass., Writes, that, suffering for years from Indigention, he was at last induced to try Ayer's Sarsaparilla and, by its use, was entirely cured.

Mrs. Joseph Aubin, of High street, Holyoke, Mass., suffered for over a year from Dyspepsia, so that she could not ent substantial food, became very weak, and was unable to care for her family. Neither the medicines prescribed by physicians, nor any of the remedies advertised for the cure of Dyspepsia, helped her, until she commenced the use of Ayer's Sarsaparilla. "Three bottles of this medicine," she writes,

The Sabbath school scholars as a body took advantage of the

The best tiful weather of the past few days has swakened sensations of joy and ideals of various sports in the bosom of our young secole, especially the students of our model school, My a slight indication of the ideas which occupied their minds the principal, through his good will, granted the students the afternoon of Monday, the 7th isst, as a halcholiday. What the sport was to consist of was arresty outlined. In all twenty-seven persons, our principal included, resolved to take a host excursion flow the Muskoka rate and the hanks. CROPS IN MANITOHA.—The letter from which the following extracts are made was received by Mr. Edward Anderson, of Ebenezer, from his wrother George, formerly of the township of Cavan, and now residing near Portage La Prairie, Manitoha. The quotations will be of interest to our readers, and will give them an idea of the yield of this sesson's crop in that province. He writes as follows:—"Ned Scott threshed 2,65t bushels of wheat for Samuel Justin, (an old Manvers boy) in 10 hours. He (Justin) has 3,505 bushels of wheat, 958 of cats, 193 of barley, or a total of 4,656 bushels, off 145 scree, which they threshed in 24 days. Wheat is worth 50c. to 54c.; barley, 35c.; dats, 10c. per bushels at McDonald.

If such be the case the acheme certainly deserves attention. It would open up an enormous stretch of waterway. RUNAWAY.—On Saturday night last, while Mr. Robt. Thompson, sr., of Minden township, was returning home from the village his horses ran away. When on the hill approaching Workman's mills the bolt holding the neckyoke on the tongue came out, allowing the waggon to run on the horse's heels. The only occupants of the waggon were Mr. and Airs.
