HAY, FRIDAY, DEC. & 1807. VICTORIA COUNTY COUNCIL. November Section.

The Victoria county council resumed chair, and all the members present. The

forth that thep reion of the Trent V.1 ex-cense at Fourier Falls is now completed; that the exception of the locks at Fone-lon Fal's will estimally induce an increased volume of leads by where cerriage between the waters of the full river, Coboronk and P. ri Pierri vo. Leidsay and Faulan; that the locks row as floredule is not of suffici effe capacity for the pausage of house now in we, and which in shout to be constructed during the coming a later; the county council the refere petition the minister to have the goodness to arrange for having the lock at Housdale made large enough for my and all house now in the and being constructed to pass between the points in-dicated. The petition was passed through committee of one whole, Mr. Smyth in the

FINANCE REPORT.

Mr. Swanton, chairman, introduced the report of the linance committee which was read in committee, Mr. Seculous in the chair, and adopted an follows:

Your committee have considered the readution of committee cash at the village of
Robosygeon and would re ommend that when
satisfactory evidence is given to the treasurer
of the reconstitute of the institute by the governtions a grant of \$35 about be made, which shall
be understood as for the year 1882.

A communication has been submitted from
the clerk of Huntarille relative to debeniures of
that much institute would recommend that the
treasurer be instructed to reply that the country
council prefer for the present investing sinking
funds in the security of real estate, which has
been the only security taken for several years
see.

tune on the security of reat estate, which has been the only accurity taken for several years from the treasurer that the unit of \$476.00 paid is the month of D comber, 1826, towards the estatement of the Canada Temperator of the Canada Temperator of the Canada Temperator of the the month of July.

A statement has been authorized by the treasurer showing that up to the 30th September fact the first amount paid out for enforcement of the Canada Temperator of the which will cover the first ending on 30th April 1829, was \$2.758.35 The amount paid to the relice magnetate for the first ending on 30th April 1829, was \$2.758.35 The amount paid to the relice magnetate for the first and expenses to 30th September was \$2.758.35 The amount paid to the relice magnetate for the first and expenses to 30th September was \$2.758.35 The amount paid to the relice magnetate for the first had expenses to 30th September was \$2.758.35 The amount calculation has been received in finese of the 30th of interest to 30th September was \$2.758.35 The first had the town for the first to be not the land the been competited to fine the intimum rate of interest to seven per comf. which is not have been competited to fine outside to the interest by continued to heap four 1 necessary, one treat the fine will show the received to the country council of kinds council of another efficials, and the clearion by vote of the people of shortine registrate and other efficials, and the clearion by vote of the people of shortine registrate and other efficials and the relevine of the council of the country of Weiland relative to the council of the country of Weiland relative to the council.

Your committee recommend persons a fact a manner persons are confined in the recipied to the committee definition of the official of the country of Weiland relative to the council.

nr committee recommend payment of actions follows:

Identify the standing of the standing full of the standing of the standing of the standing of the standard for the st

demage cused by fire to the Victoria-road during the past summersudatased heavyrenaire would be required. South of Victoria-Road station a good deal of repairing had already been done and the road was in a good state, but north of the village the road was in a very bad condition. With the view of obtaining austrance from the Unterlo government, whose estimates would be prepared before the January searing, and is order to show the government that the county was willing to contribute its chare, Mr. Hasself moved, see onded by Mr. Taylon, that is consideration of the Victoria-road, north of the village of Victoria-road, liberal appropriations are required next year from this county and the Ontario government together with grants from the local municipalities in order to make necessary repairs. This county council of Victoria-for the year 1998 be pleased to grant the num of \$200 for that purpose.

Some opposition was manifested to the motion, and it was explained that it was only a conditional proposal or recommendation. No doubt the councils of the township concerned would make special grants for the repair of the road. The motic awas finally amended by striking out all words after "the year 1898," and substituting therefor "in the event of the government and the local municipalities making outself experient," Thus amended the motion was adopted.

CEDAR NARROWS BRIDGE.

Mr. Dickie moved, seconded by Mr. Risk, thes this council take into consider across Coder Narrows on the boundary between Helburton and Victoria; and that the clerk be instructed to correspond with the Hallburton council with respect to the matter, sching them to meet this council half way and report at the January season; and that the motion be referred to the committee on reade and bridge.—Carried.

MR. BERRELEY moved, encouded by Mr. BRYANS, that this council appoint the Warden, Meany, Prophine, Lownsbrough, Heavip and Cameron a deputation to urge upon the Ontario government the necessity of separating from the county the portion of Muskoka attached for municipal purposes; and that John Fell, M.P.P., J.S. Cruens, M.P.P., and John A. Barrou, M.P., be nelted to as int the deputation in this matter before the government, and that the members of the secently for Muskoka and Simose be notified of the time when deputation intends waiting on the government, that they may attend in the intereste of their constituents if they see fit to do so. SEPARATION OF MUSRORA.

Mr. F.H.I. objected to the presence of Mr. Berron's name on the committee. This was a local or provincial matter and it was not proper that Dominion members should interfere in it. He had conculted Mr. Cruese about it, and Mr. Cruese had far ly Cruese stout it, and Mr. Cruese had fis ly refused to go at all if Mr. Barron was to go there and introduce the question to the local government. He (Mr. Fell) was of the same opinion so Mr. Cruese. If Mr. Barron went he (Mr. Fell) would not go. The council might send Mr. Barron privately if they liked; he (Mr. Fell) would have no objection to that course. If they named Mr. Barron on the committee they should and have Mr. Hudepeth, but it would be better for Dominion representatives not to interfere with the metter.

A conversational discussion followed in which Mearry. Hessip, Fairbuirg, Berkeley and others, endeavoured to throw oil on the troubled waters but without avail. Mr. Fell would not go on the deputation if Mr. Barron was on it. It was an agreeted that Mr. Barron be structed.

Mr. Barron was on it. It was an agreement that Mr. Barron was on the deputation of Mr. Barron was on it.

struction.

Mr. Bennen, y remarked that he had put Mr. Berrou's name on the deputation se he would be likely to promote the object they wished to attain; and mentioned some once where Mr. Cruss and Mr. Fell had done nothing for the north riding when

done nothing for the north riding when Mr. Barron got what was wanted in two or three days.

Mr. Fall, claimed that he had intilated the grass seeding of burnt lands for the back country and not Mr. Barron, who was claiming much credit for that matter. Some further discussion followed and the matter was compromised by the withdrawal of Mr. Barron's name.

CATTLE PAIRS,

CATTLE FAIRS.

Mr. Heart. Proved, seconded by Mr. R. Bowns, that Meenes. Broad, Camerus, Staback, Fell and Hopkins be appointed a protal committee to report at the January newsion of this council on the advisability of entablishing regular markets for farm stock at neveral central localities throughout the county, and if they deem is expedient to formulate a scheme for practically carrying out that object.

Mr. Heart. Putated that at present farm stock was purchased by drovers travelling through the country and risting each farm. A great deal of time could be saved by getting buyers and sellers together at a time when purchases were required for the trade. Farmers under this plan would be able to dispose of their stock neaver their rise value. At present many disting receive within a considerable amount of their value. The plan proposed was similar to that on which fairs or sales had been conducted successfully for many years in England and Scotland, and as Canada was proving older the necessity for the same system would be mere apparent. The country of Victoria was devoted largely to stock could easily be collected within the space of a few miles with very little trouble. If the farmers would take as interest in and patronise these fairs to doubt the cattle business of the country would be done in this way in a short time.

The motion carried unanimously.

Union prowing Match.

UNION PLOWING MATCH.

Mr. Annexty presented report of expen-diturer is one nection with the recent unit as plowing morels on the farms of J. Smale and W. B. Graham is Ope. The report was received and Glos.

The council met at 4 p.m. ou Friday.

THE MUSICORA- MENTERS.

Mr. Heact. F. chairmen, introduced it report of the committee on reads a bridges; which was read in committee.

Appended to this report is a statement of the expenditure of appropriations made for roads at the January session.

Your committee regret to find that the reeve of Fencion could not devote sufficient time as commissioner of county moneys to expend one half of the grant placed in his hands during the presert year.

Mr. Hopkins moved, that the clause regarding the reeve of Fencion be struck out. The question was one for the ratepayers of Fencion to deal with. When they saw the request they could ask the reeve why he did.

Fencion to deal with. When they saw the report they could sak the reeve why he did not expend the grant, and if his explanations were not satisfactory to them they could govern themselves accordingly. He thought it did not come with good grace for the county council to cast a reflection on a reeve, especially when there were others who had not expended all their grants, though the unexpended portion might not be so large. Mr. Camenon seconded the smendment.

Mr. Dantel seld he had compiled with the county by-law in his return, and no per-

the county by-law in his return, and no persons had any right to find fault with him but the rate payers of Fension. Last year he had over-expended the grant and had been consured here for it, though he did not think it was anyhody's business here, as he looked to his own council to recount the rate of the own council. the expenditure of his own money. He maintained that the grant was not the rounty's money, but the money of Fencion township, and if he could not give a eatisfactory account the ratepayers would not reciect him. If the council wished to cast a curron him he would say go on—he was quite independent of them.

Mr. Hrastip caid he thought Mr. Daniel was rather warm about the matter. The

was rather warm about the matter. The was rather warm about the matter. The remark in the report was a very mild one. Mr. Daniel. said he had a right to be warm about it. Every voucher of his showed how and where the money had been apent, and everything about it.

Mr. Heactip said he thought it was county money, and that Mr. Daniel was responsible to the county and not to the monie of femalor.

rople of Fenelon,
After some further discussion Mr. Hap-Thereport as thus amended was adopted.

EDUCATION REPORT. Dr. Comwall, presented the report of the committee on chroation which was read in committee of the whole. Dr. Cornwall in the chair, and adopted as follows:

The chair, and adopted as follows:

Your committee have examined accounts for expenses of various examinations and beg to recommend as follows:

Lindsay high school extrance examination.
July, 1887: Amount claimed, \$30.85; deduct \$3, charned for three days services of John Mosgreyer, amount to be paid, \$77.35.

Omenice high school entrance examination, July, 1887: Amount, \$23.75; to be paid in full.
Onlowed high school entrance examination, July, 1887: Amount claimed, \$67; deduct \$2 charged for postage; 70c. for one of the mileagreg deductions, \$2.70; net amount to be paid, \$64.30.

Breesbridge teachers' examination: Amount claimed \$44.50; deduct \$10 from amount for H.
Ressin and \$5 from amount charged for Rev. J.
Bertell; deductions \$13; net amount to be paid, \$1.50.

Your committee have considered the petition by way of appeal made by Robert Nument and others relative to the action of the councils of Emily and Omemoe in connection with the application for the removal of certain lands in Emily from the Omemoe school section and to attach them to s. No. 9, Ope, and form a union school section therewith. Your committee recommend that the petition be laid over until the January session, when it shall be taken up for further consideration.

Mr. Hopkins, chairman, introduced the report of the committee on county property, which was read in committee of the whole, Mr. Hopkins in the chair, and adopted as-

Your committee begto recommend pr	ayment.

VOTE OF THANKS TO THE WARDEN.

VOTEOF THANKS TO THE WARDEN,

On motion the Westen vanated the cinic, which was taken by Mr. Broad.

Mr. Bowns, with a few suitable remarks moved, accorded by Mr. Heaster, that the thusies of this council are due and are hereby tendered E. D. McKachrez, Esq., wasten, for the able and courrosus manner in which he has discharged the present year.

The motion carried manimously amidst appleans, and was conveyed to the warden by the chairman in a few happy woods.

The Warden cordially thanked the council for the honor they had done him and added that if he had been a succees in presiding over their affairs and deliberations it was all owing to the kind, able and courteous assistance they had given him, and to the thorough and present manner in which they had conducted the business of the county while in session. He again heartly thanked them for the kind assistance they had rendered him. (Applause.)

This finished the November session, and the reeves and deputies bade each other good bye.

Stock newon the way. Mr. S. A. Ch
