

Ayer's Preparations

The First Symptoms

Of all lung diseases are much the same; feverishness, loss of appetite, sore throat, pain in the chest and back, headache, etc. In a few days you may be well, or, on the other hand, you may be down with Pneumonia or "galloping Consumption." But no risk, but begin immediately to take Ayer's Cherry Pectoral.

Several years ago, James Mitchell, of Darlen, Conn., was severely ill. The doctors said he was in Consumption, and that they could do nothing for him, but advised him, as a last resort, to try Ayer's Cherry Pectoral. After taking this medicine, two or three months, he was pronounced a well man. His health remains good to the present day.

J. S. Bradley, Malden, Mass., writes: "Three winters ago I took a severe cold, which rapidly developed into Bronchitis and Consumption. I was so weak that I could not sit up, was much emaciated, and coughed incessantly. I consulted several doctors, but they were powerless, and all agreed that I was in Consumption. At last, a friend brought me a bottle of Ayer's Cherry Pectoral. From the first dose, I found relief. Two bottles cured me, and my health has since been perfect."

Ayer's Cherry Pectoral, PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass.
