HARVEST FOR DRY GOODS BUYERS.

Greatest Genuine Bargains EVER KNOWN IN LINDSAY.

THE GOLDEN LAMB has put on its war-paint and with tomahawk and scalping-knife in hand starts on its great

MID-WINTER CLEARANCE SALE.

Not by following its old fogy competitors with a paltry ten per cent. discount, but by a total ignominy of profits. We offer this great inducement in order to clear out our stock before taking our annual inventory, and during the present month you will be offered, at the sign of the Golden Lamb, the most astounding and genuine bargains ever seen in any Dry Goods store in the town of Lindsay.

OVERCOATS FOR MEN AND BOYS, Suits, Pants, Underwear, Caps, Mufflers, etc.,

and all Winter Goods at such low prices that it will pay anyone to buy at this January sale of the Golden Fleece, even if you are supplied for your present needs.

Imitation is the Most Sincere Flattery.

See how some of our competitors will fall into line and how they hurry to dance to the music we play them.

They see the Handwriting on the Wall.

With this January sale a cyclone will strike prices for Dry Goods in Lindsay, and cold shudders run down the backs of the cent. per cent. clothiers.

While all our staple lines of merchandise are retailed at a fair marginal profit, we start this sale with one clear and distinct purpose in view, and that is to knock the cent. per cent. way of doing business into a cocked hat and build the largest Clothing and Dry Goods business in the county of Victoria on its ruins.

Then just bring on the cash, if nice goods you wish to buy. For price and good quality This town we do defy.

A very large number of friends have called and paid their renewal subscription during the past six weeks, but a great number have not yet attended to the matter. Come, friends, bring along your dollars, a live, new-ly printed paper like The Post cannot be run unless these small amounts (amounting in the aggregate to thousands of dollars) are promptly remitted. Those who are in arrears for subscription are notified that unless their accounts are promptly settled expense will be added. We must have the money.

A Lawyer.

of very high attainments called into my store the other day and said to me that he thought that this was a grand chance for me to show myself a public benefactor, by letting everybody have a bottle of White Hine Balsam, the great Cough and Cold Remedy on earth. However, a deep sense of my responsibilities, and a desire to cultivate a spirit of independence in the people of this community, prevents me from giving it away, but will guarantee every bottle. Are proof, water proof, 50 per cent over proof and that will ward off every disease except matrimony. Thus said HIGNOTHAM, the druggist.—81-2.

Stock Notes.

In our advertising columns will be found the announcement of Cross Creeks stock farm, together with the description and pedigree of the imported stallion Huntamen, (1100), which Mr. Curtis has purchased, after much inspection, to place at the head of his farm, believing that he has secured one of the best sires possible for the purpose. Huntamen is a handsome jet black, with white markings, good flat bone and superior action, and in every way the model Cyprian. In addition to his excellent "make up" he has a disposition, being in no way vicious, a point too often lost sight of by breeders. The well-known prize winners, Ivanhoe and Valentin, are also to be found at Cross Creeks farm together with several fine young fillies. We understand it is the intention to continue adding to the stock until Cross Creeks farm surpasses in value any other stock farm in the country. Mr. Curtis richly deserves the hearty support and co-operation of the public in his efforts to improve the stock of this district.

Hymenaeal.

An interesting social event took place Wednesday morning of last week at St. Mary's church, being the nuptials of Mr. T. Merry, merchant of Kirkfield, and Miss Mary Meagher, eldest daughter of Mr. Wm. Meagher of Ope, adjoining the town. The ceremony was performed by Vicar-General Laurant. The bride, who looked most charming, was accompanied by her sister, Miss B. Meagher, and Mr. P. McDonald of Kirkfield supported the groom through the happy ceremony. The happy couple left on the evening train for Montreal on an extended honeymoon. The ceremony was officiated by Mr. and Mrs. Meagher, the latter being the groom's sister. The presents, it is almost needless to say, were many and some of them very costly.

A Case of Diphtheria from Kilmour.

Last Monday morning a man named Hugh Graham came down to Lindsay from one of the churches near Kilmour, and stated he had been sent by Dr. Frost of that village. He was in a very bad state from diphtheria, and Dr. Barrows at once took proper and energetic measures. The poor man was put into an isolated house and furnished with a nurse and necessary comforts. The attention of the board of health was directed to the case of a special officer to deal with it. The energy of Dr. Barrows was commended and the action of Dr. Frost was commended. There is not only the heavy bill of expense imposed on the town, but the danger of spreading the disease. The Kilmour board of health should be commended. Their action is in the highest degree reprehensible. Prompt and isolated measures should have been resorted to, and there would have been no danger of a spread of the disease. If our authorities had not taken prompt action to make an example in this instance there may be more cases sent down here. It must go abroad that persons will allow no criminal nonsense of that kind to be indulged in.

Personal.

—Rev. W. G. Mills, B.A., of Sunderland was in town this week on a visit home. Mr. G. H. Bertram of Toronto was in town last Friday and received a hearty welcome. Mr. Bertram is building up a fine hardware business.

—Mr. Lyman Jones, mayor of Winnipeg, the new provincial treasurer in Mr. Greenway's cabinet in Manitoba, is well-known in this district, having been general agent for A. Harris, Son & Co. several years ago. He was for some time a member of the firm, and we believe, a nephew Mrs. Whitehead of Matiposa.

—Mr. J. N. Anderson, who for the past year has been a student in the law office of Messrs. McIntyre & Stewart, left town on Monday last to accept a position in a prominent Toronto firm. Mr. Anderson was formerly from Oakwood, and for some years previous to engaging in his legal studies was very successful as a sample teacher in the city of Toronto and about the C.P.R. It was on his way to the city of Oakwood he was pleased to see him rise in his profession.

—Dr. McCrimmon of Kilmour, one of the boys from "The Glen," Mariposa, was in town last Saturday, but to our regret we missed meeting him. The doctor has excellent practice in Bruce, and it will be seen from a notice elsewhere he has taken to himself a fair partner. That explained his absence from Lindsay. We join many friends in this county in wishing the young couple all happiness and prosperity.

—Mr. Alex. McDonnell, grain merchant, returned to town Monday from his visit to Winnipeg, which he greatly enjoyed. Curiously enough the Norway and Ontario express "Mac" reached the western metropolis. Mr. McDonnell left Winnipeg Tuesday night and the C.P.R. in was on his way to Lindsay. He was going up—except a delay at Jackfish bay through a snow-storm did not block up the C.P.R. to any extent, while lines to the south of us were completely blocked up.

—A report is in circulation to the effect that Dr. W. E. Herriman and son had been caught in the recent Dakota blizzard and frozen to death. Letters had been exchanged between Mr. Gregory and Dr. Herriman in Lindsay from the doctor in Dakota, so he is still in the land of the living. He had been married to 20 & 25 for a month or two. The report was based on the item in the papers that one Louis Herriman and son had been frozen to death in another part of the territory. There is naturally a good deal of anxiety in this district as to the fate of the doctor and his family, but so far as we can learn none have been frozen to death. The blizzard proved the most severe in the southern portion of the territory, while most of the people from Canada live in the northern part.

Amusements Notes.

—The Toronto Mail of Tuesday has the following: "A genuine compliment was paid to Mr. Beilford last night when an astute critic, who has heard all the best readers who have appeared for the past fifty years, said that the young English reciter in the legitimate successor to Mr. Beilford, was a true and a noble patriot, to which some could listen without a quaking of their pulse beats. 'The Fall of Feneston Mills' was a pathetic wall that drew tears from many eyes, and the intense pathos of the story was deepened by his sympathetic recitation. 'Feneston Mills' place came as a welcome relief, and the following from a contemporary's description of the great pianist brightened up the recitation, who having observed upon the reciter the heartiest tokens of appreciation, retired in the best of humor. Mr. Beilford will give one of his pleasing entertainments in the opera house, under the auspices of the C.A. convention in Lindsay, Friday evening, Feb. 2nd. Admission, 50c. and 30c.

Church Notes.

—Mr. W. J. Clark, one of the best preachers in the county, will preach in St. Andrew's church next Sunday at 10 o'clock.

—Mr. T. K. Bigelow and Mr. A. Hamilton, two members of the Y.M.C.A. of this town, went to Toronto this week to attend the Y.M.C.A. convention in Lindsay. Mr. Joseph Smith and his staff will go up to Lindsay also.

—Remember the meeting of the Church of Christ in Lindsay, on Friday evening, Feb. 2nd, at 8 p.m., at St. Paul's schoolhouse. A short program of music and singing is prepared. Dr. Elliott of Toronto is the select speaker.

Railway Notes.

—More machinery is arriving daily for the Grand Trunk engine work-shops at Lindsay and is being placed in position under the supervision of Mr. Supt. Storer. In two or three weeks more the shops will be ready. Repairing has already been done on quite a large scale.

—The blizzard of Friday and Saturday blocked up the Grand Trunk main line between Port Hope and Toronto, and the through express trains ran out on the Midland via Lindsay. The trains did not lose any time to speak of, as they were rushed through at high speed, and the line was quite clear. Half-a-dozen trains passed through on Saturday and Sunday and a few on Monday. The main line was opened through Monday evening.

—In view of the isothermal lines being more favorable and other conditions far more conducive, as demonstrated during the past week, it is suggested that the T. & T. track from Port Hope to Toronto might be taken up and a double track via Lindsay laid down through the through traffic. This would be a far more popular route than the present one, and would be a great benefit to the people of the district. The idea is referred to the Hon. Mr. Mackenzie Bowden and Bowmanville Statesman. Fine new union station at Lindsay, palatial lunch-house, and all the luxuries of the hotel and the best of the conductors, station agents and tele-graph operators are all handsome fellows, amiable, popular and courteous.

A Few Words from Subscribers.

Mr. B. Handcock of Mariposa in renewing his subscription says: "I hope I am not too late in paying to obtain 'The Family Physician,' as I have seen a copy of the book with one of my neighbors and I consider it extremely valuable. The price is a mere nothing for it, and it is almost like a present to your subscribers. I need not say anything about 'The Post.' Every body knows it is a very valuable paper—especially for farmers—and by getting 'The Post' and the book I have got splendid value."

W. A. Ward, formerly of Lindsay, in sending another name and \$1.50 for 'The Post' and Family Physician says: "My copy is to hand all right and an surprise at such a book on such terms. Nice snug weather up here. The mercury ranged between 20 and 30 below zero in the morning most of last week, and in the afternoon, Feb. 1st inst., it dropped to 28 below. This morning, Feb. 2nd, it was 25 below. Frosting you are having here is an equally bright atmosphere but a few degrees less."

William Callaghan of Rathbun, Iowa, writes: "I need not say anything about 'The Post' and Family Physician. I have got splendid value. If you know any one by the name of Callaghan there would you please write him to get a dress if it is not too much trouble for you. Some of the Callaghans might answer this.—Ed. Post."

I. Whitcomb, Jeweller, Manilla, writes: "It is with great pleasure that I acknowledge the receipt of your premium, Home and Health. It is a very valuable book, and I have it in my library and should be in every house. The hints on health, and in fact on all the subjects it treats, are all sound and to the point, and the high moral tone pervades the whole work. It is with great pleasure that I add my testimony to the value of the work."

Curling.

—Wednesday evening was a great night at the rink. That suspicious was the great event selected by the "boys" to partake of the bivalves at the expense of the "men," after the preliminary of a match. The play was "fast and furious," indeed it proved too fast for the boys, having been played for the nonce. Following are the risks:

"THE MEN" "THE BOYS"  
J. A. Williamson, J. H. Hart,  
E. Knowles, J. H. Knowles,  
H. Ferry, E. Gregory,  
J. K. skip, J. M. McLennan, skip,  
J. H. Southeran, N. McCrimmon,  
Dr. McAlpine, J. Knowles,  
J. W. Wallace, skip, J. Pritchard,  
J. Cornell, skip.

The men won by 10 points and the bivalves were the losers. The rink was closed for the night. On Saturday night the first draw for the rink medals was played off between risks skipper by J. H. Southeran and Mr. W. Neidler. Following is the score:

Rink No. 1. Rink No. 2.  
Dr. Pook, N. McCrimmon,  
C. W. Knowles, J. H. Knowles,  
J. M. McLennan, W. R. Miller,  
E. A. McMurtry, skip, J. W. Neidler, skip, 15

Two risks left Lindsay Monday morning for Ontario and were the losers. The rink was closed for the night. On Saturday night the first draw for the rink medals was played off between risks skipper by J. H. Southeran and Mr. W. Neidler. Following is the score:
