testify to the merits of this medicine. Mrs. Sarah Burroughs, of 248 Eighth street. South Boston, writes: "My hushand has taken Ayer's Sarsaparilla, for Dyspepsia and torpid liver, and has been greatly benefited."

A Confirmed Dyspeptic.

C. Canterbury, of 141 Franklin st., Boston, Mass., writes, that, suffering for years from Indigestion, he was at last induced to try Ayer's Sarsaparilla and, by its use, was entirely cured.

Mrs. Joseph Aubin, of High street. Holyoke, Mass., suffered for over a year from Dyspepsia, so that she could not eat substantial food, became very weak, and was unable to care for her family. Seither the medicines prescribed by physicians, nor any of the remedies advertised for the cure of Dyspepsia. helped her, until she commenced the use of Ayer's Sarsaparilla. "Three bottles of this medicine," she writes, " me."

Ayer's Sarsaparilla,

PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. Price 3: six bottles, \$5. Worth \$5 a pottle.

The Canadian Yost.

MNDSAY, FRIDAY, APRIL 13, 1888. NEWS OF THE WEEK HOME AND FOREIGN ITEMS OF INTEREST.

Gathered from the Telegraph and Exchanges.

-About four thousand immigrants have arrived in Winnipeg already this season. -Losses on the western cattle ranches this winter have been very slight and are not expected to exceed one per cent.

-Mr. Joseph Chamberlain believes that the power of the democracy is more direct in Great Britain than in the United States. -The British Medical Journal says Emperor Frederick's disease is almost quiescent, showing no signs of spreading locally or of invading the adjacent parts.

—John Brown of Peterbora tried to kiss

Mrs. Kearns and it cost him \$10 in the
police court. John will be more careful
the next time he tries to kiss anyone. -A little six year old in Detroit the

other day endeavored to "catch onto" a wagon. Her dress caught and she was carried over in front, the wheel passing over chest. The little girl died in two

-Farmers in South Dakota find the cost of wheat raising leaves such a minimum of profit that they contemplate abandoning wheat growing in the future and raising corn instead. The best crop is blizzards and cvalones.

-It is reported the daughter of a Russian army officer, when on the point of being arrested in Moscow as an intended assessin of the czar, leaped from the window of the room in which she was staying and was mortally injured.

-An open bible and a pair of spectacles on a chair near near the body of Samuel Freeman, a farmer, found dead in his house north of St. Thomas, on Wednesday, show that the deceased was at his morning devotions when death came.

The bridge had been undermined by a

Hion. Mr. Mowat will leave Toronto for England about the beginning of May, and it is stated that amongst other things he will take necessary steps towards securing imperial legislation to amend the federal constitution as embodied in the interprovincial resolutions endorsed by the local legislature. Mrs. Mowat will accompany

-A Vermont Central express was wrecked ate on Friday night by a washout near lockingham, Vermont, the engine, baggage car and a coach with twelve passengers rolled down an embankment 100 feet deep. The engineer and firemen were instantly killed, but the passengers were not seriously injured. A Wagner car, with passengers from Ottawa escaped, remaining on top of the embankment.

Mr. Parnell's arrears of rent bill provides that all proceedings for the removal of a tenant for non payment of rent shall be stayed on application for a revision until a decision has been given. No extra rent is to be charged for tenants' improvements. The bill repeals the clauses of the act of lond, directing the court to consider the length of time a tenant has been benefited by improvements in reducing the amount of compensation.

The London Miller again urges British millers to form a syndicate for the purchase of No.1 hard wheat pure and unadulterated direct from the Northwest farmers. It says the wheat would, of course, have to be stored in elevators owned or controlled by the syndicate. This would be the chief source of expense, but nevertheless it deciares that the formation of such a syndicate is highly desirable in the interest of the native producer as well as the

-A murderer who had been released on ticket of leave near Temesvar, Hungary, went to the house of the judge who condemned him and killed the judge's wife with a revolver. Then he went to the house of the judge who condemned him and killed the judge's wife condemned him and killed the judge's wife condemned him and killed the judge's wife with a revolver. Then be went to the house of the notary and killed the latter's deputy. From there he went to his own home and split the skulls of his wife and children, after which last atrocity he fied and has not yet been captured.

Premier Greenway, in reply to the address presented to him at Emerson on his return from Ottawa, said three wealthy railway corporations were already seeking entry into the province. He declined to specify them, but it is understood they are the Grand Trunk, the Northern Pacific, and the St. Paul, Minneapolis and Manitoba. It is expected the Red River Valley railway will be in operation by July 1st, on which date it is proposed to hold a general celebration throughout the province of toba. It is expected the Red River Valley railway will be in operation by July lat, on which date it is proposed to hold a general celebration throughout the province of Manitoba over the settlement of the mon-

ONTARIO TO THE FRONT. A MATTER OF VETAL IMPORT

The following unsolicited opinions from your friends and neighbors, men and we men, whom you know and respect, ought to carry conviction to any doubting mind. These words of gratitude are from those who have been afflicted but are now wall.

who have been afflicted but are now well, and the persons giving them are naturally solicitous that others, troubled as were they, may know the means of cure. There is no reason why you should be longer ill from kidney, liver or stomach troubles. You saw be sured as well as others. Do not longer delay treatment, but to day obtain that which will return you to permanent health and strength.

205 MeNabet. Words, HAMILTON, Can., Mev. 2, 1885.—I had been suffering for ever twenty years from a pain in the fact ami one side of the head, and indigestion. I could est scarcely anything, and everything I ate disagned with me. I was attended by physicians who examived me and stated that I had enlargement of the liver, and that it was impossible to cure me. They also stated that I was suffering from heart disease, inflammation of the bladder, kidney disease, hronchitis and catarrh, and that it was impossible for me tolive. They attended me for three weeks without making any improvement in my condition. I commenced taking "Warner's Safe Cure" I only weight 140 lbs. I now weigh 210 lbs.

When I commenced "Warner's Safe Cure" I only weighed 140 lbs. I now weigh 210 lbs.

bids History

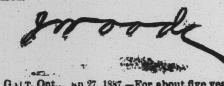

ST. CATHERINES, Ont., Jan. 24th, 1887.—About six years ago I was a great sufferer from kidney disease, and was in misery all the while. I hardly had strength enough to walk streight and was ashamed to go on the street. The pains across my back were almost unbearable, and I was unable to find relief, even temporarily. I began the use of "Warner's Safe Cure," and inside of one week I found relief. and after taking eight hottles, I was completely cured.

Sellung Express C Manager of the American Express Co.

Toronte, (18 Division-Street.) Sept. 17, 1887.—
Three years ago last August my daughter was taken ill with Bright's disease of the kidneys. The best medical skill in the city was tasked to the utmost, but to no purpose. She was racked with convulsions for forty-eight hours. Our doctor did his best, and went away saying the case was hopeless. After she came out of the convulsions, she was very weak and all her hair fell out. The doctor had left us about a month when I concluded to try "Warner's Safe Cure," and after having taken six bottles, along with several bottles of "Warner's Safe Pills," I saw a decided hange for the better in her condition. After taking twenty-five bottles there was a complete cure. My daughter has now a splendid head of hair and weighs more than she ever did before.

her for Bins

CHATHAM, Ont., March 6, 1888.—In 1884 I was completely run down. I suffered most severe pains in my back and kidneys, so severe that at times I would almost be prostrated. A loss of ambition, a great desire to urinate, without the ability of so doing, coming from me as it were in drops. The urine was of a peculiar color and contained considerable foreign matter. I became satisfied that my kidneys were in a congested state and that I was running down rapidly. Finally I concluded so try "Warner's Safe Cure," and in forty-eight hours after I had taken the remedy I voided urine that was as black as iak, containing quantities of mucus, pus and gravel. I continued, and it was not many hours before my urine was of a natural straw color, although it contained considerable sediment. The pains in my kidneys subsided as I continued the use of the remedy, and it was but a short time before I was completely relieved. My urine was normal and I can truthfully say that I was cured.

Gal.T. Ont., an 27, 1887.—For about five years previous to two years ago last October, I was troubled with kidney and liver trouble, and finally I was confined to my bed and suffered the most excrueiating pain, and for two weeks' time I do not know whether I was dead or alive. My physicians said I had enlargement of the liver, though they gave me only temporary relief. Hearing of the wonderful cures of "Warner's Safe Cure" I began its use, and after I had taken two bottles I noticed a change for the better. The pains disappeared, and my whole system seemed to feel the benefit of the remedy. I have continued taking "Warner's Safe Cure" and no other medicine since. I consider the remedy a great boon, and if I ever feel out of sorts "Warner's Safe Cure" fixes me all right. I weigh twenty pounds heavier now than ever before.

OUR IRON MINES

A CASE FOR RECIPROCITY.

it Logal to Develop our present and Carlot and Its Logal to Develop our present and Carlot and Carl meeting," denounced Commercial Unionists as traitors. I replied by the enclosed ists as traitors. I replied by the enclosed letter to The Mail showing that my treason consisted in trying to work our from minus, and as we have no market for our ore here we were seeking to obtain one in the United States. I don't think the people of our mining counties will condemn my for this, nor do I think they will, take much slock in Imperial Fall gration, for desire to the train for Samiland. Hours belly, T. D. LEDYARD.

Toronto, April 3, 1888.

(To the Editor of the Mall.) SIR, -Col. Geo. T. Denison saw fit in his peech at the Imperial Federation meeting to denounce Commercial Unionists as traitors, and as I have the honor to be a member of the Commercial Union Club, it is only right that I should reply and let the public judge how much treason there is in that great movement we advocate. Col. Denison is no doubt a good soldier, and if Canada were a military country, an officer of whom we might be proud; but seeing that we are a peaceful people, who culti-

that we are a peaceful people, who cultivate the arts of peace and desire to live in amity and good-will with all the world, his warlike speeches are entirely uncalled for, and only render him ridiculous. The Colonel's denunciation of Mr. Wiman as a traitor because he differs from him on trade questions is as ungentlemanly as it is inexcusable; and if a comparison must be made, I venture to say that Mr. Erastus Wiman has already done ten times as much good in the world as Col. Denison ever has done or ever will do.

When did a needy or unfortunate Canadian apply to Erastus Wiman without receiving aid? How often has his generosity given a helping hand to his suffering fellow-countryman? Although he has become such a prominent man in the United States Mr. Wiman never forgets that he is a Canadian, and it must indeed be a mean-spirited Canadian who would throw a stone at him. For myself, I would say that, although born in this country, I was brought up and educated in England. I come of an eld Conservative English family, who never gave anything but Conservative votes for generations back, one of my ancestors having been an officer on the Royalist side in the time of Charles the First, and I can claim as much loyalty as any of the Denisons. It is not then be-

of my ancestors having been an officer on the Royalist side in the time of Charles the First, and I can claim as much loyalty as any of the Denisons. It is not then because I love England less, but Canada more, that I advocate Commercial Union, which will benefit fully four-fifths of the people of Canada.

I may plainly state that my chief reason for dealring unrestricted reciprocity with the United States is that our great mineral resources, and notably our iron mines, may be developed. Few people have any idea what an extent of mining territory we possess. Commence at Peterboro' and going east through the counties of Hastings, Lennox, Addington, Frontenac, Leeds, Grenville, Lanark and Renfrew, you will find them all rich in minerals. Then begin at Lindsay and go north through Victoria, the districts of Haliburton and Nipissing, Muskoka and Parry Sound, for hundreds of miles through the great district of Algoma, and you will still be in a mining region. This immense tract of country contains, among other valuable minerals, some of the richest iron ores in the world. A recent analysis of ore from the country of Peterborough gives metallic iron 6888 phosphorus 0.00% ailiga 318

the county of Peterborough gives metallic iron, 68.89, phosphorus 0.000, silica 3.18; titanium none, sulphur none, and is as perfect a Bessemer ore as can be conceived, being exceptionally free from impurities and extra rich in iron.

I can show fully fifty samples of Canadian iron ores, all from different deposits, which have been collected within the last six months. Our mining districts in Ontario are much larger than those of Michigan, and our iron ores are as good; but how much of them do we mine? In 1886 the whole of Canada produced about 70,000 tons of iron ore, and leaving out Nova Scotia less than 25,000 in 1887. Last year Michigan and Minnesota produced four million tons of ore, with a market value of twenty-four million dollars, of which ten millions were paid in freight and about as much more in wages. This is simply in mining and shipping the crude ore, but under reciprocity we could have furnaces through our back country, and some in favorable positions, such as Toronto, nothing benefiting a locality so much as a blast furnace.

I showed, in a paper lately published in The Mail, that we have no market for our ores but the States, and that the present outy prevents our mines being worked, so that if we cannot get reciprocity be remove the barriers and our mines will be worked, giving employment to thousands of men and freights for our vessels. We seek by unrestricted reciprocity to remove the duty on iron ore, and surely no one in Canada can object to this, as iron ore is one of the articles which our restrictionist Government is willing should be on the free list. If there was no duty we should be on an equal footing with Michigan and could at least hope soon to produce annually a million tons of ore, which in mining and carrying to market would distribute several million tollars yearly in wages and freight among our people.

Where is the disloyalty in this? What right has Col. Denison to accuse me of treason in advocating what will be nead a summer of the Michigan and could at least hope soon or

rapid firegrees Commercial Union is making, before next election arrived it would seem that four-fifthe of the people will vote for increased seciprocity; so that, according to the Colonal, we are fast becoming a mation of traitors. Col. Denison is like the Bourbons, he helengs to a past and he never learns anything new; but, like the Bourbons, he belongs to a past age and should have lived a contury age.

The ferritory that I have mintioned, as being specially mining districts, occupies sixteen Ontario constituencies in the House of Commons and there are several in the other provinces. How long is it likely that the people of these constituencies will let the natural riches of their country remain locked in Nature's storehouse and our mines go undeveloped, while Col. Denison prances on his warhorse and waves his sword with the cry of "Treason?"

Now, in all seriousness, has not the worthy Colonal been talking arrant nonsense, and should not Erastus Wiman and his followers, instead of being denounced as traitors, receive all honor for their noble endeavors to throw down the artificial and senseless trade barriers which separate the two portions of the Anglo-Saxon race on this continent?—Youre, etc.,

T, D, Ledyard.

The "Loyalty" Cry-John Bright's Opinion.

[Ottawa Free Press.] When Mr. Barron was concluding his speech last night he said that he was loyal to Great Britain, but that if the interests of Canada and those of the mother land ever came into conflict he believed the Canadian people would insist on upholding Canadian people would insist on upholding their own country. At this a large number of government supporters cried out "No, No." It seems then that the tories are prepared to sacrifice the interests of their own country at the bidding of Birmingham and Manchester. That is what their loyalty amounts to. Let them stick to that and see how many votes they can poll next election. The Canadian people will not consent to be kept in perpetual commercial total age.

A crushing answer to the bogus loyalty cry raised by the tories in opposition to reciprocity is the letter written by Hon. John Bright to an American statesman a John Bright to an American statesman a few years ago, and read to the house of commons by Mr. Barron last night. Mr. Bright, whom the tories have lately been lauding as a staunch loyalist, tells his American friend that Canada and the United States form practically one country, and that trade between them should be as free as if they were one prople under one government. Is Mr. John Bright seeking the dismemberment of the empire? Or is his loyalty more open to suspicion than that of the Texas ranchmen who now control the Dominion government?

The most significant event across the lines is the warm adoption of Erastus Wiman's ideas by Field Marshal Murat Halstead of the Cincinnati Commercial. Mr. Halstead ranks next to Von Moltke as a campaigner and strategist, as innumerable articles in his paper have testified, Col. Denison of Toronto should keep his eye on Haletead, and should have the "queen city" fortifications strengthened, if the Cincinnati paper prints any military articles. A masked battery might be placed behind the Parkdale sub-way. There may yet be gore!

'The Hamilton Times says Prof. Foster's to the amendment, Canada wants to trade with the United States, but the tariff must not be reduced to make trade posmust not be reduced to make trade possible. Tories are willing to talk about reciprocity, but they will do nothing to secure it. So long as Sir John Macdonald, premier, and Hon. Thomas White, printer, and Mr. Geo. E. Foster, "Professor," can stay in office and draw their salaries, the combines shall be permitted to plunder the country and the people shall work without profit. That is all the satisfaction to be had from the parliament elected in 1887. Of course, the tory members will vote in a body for Professor Foster's muddled amendment. "Theirs not to reason why."

For Sale or to Let.

HOUSE AND LOT FOR SALE. Conveniently situated. Apply to J. L. DUNSFORD. Oct. 26, 1887.—68-tf.

FOR SALE.—Lot 15, west of Adelaide st., cor. Colborne-st., Lindsay, 5½ acres more or less, large brick cottage, young orchard A bargain. G. H. HOPKINS, Barrister, Lind say, March 29, 1888.—90-tf.

Nov. 4, 1886.-17-1y. W. H. GROSS, 1100000 DENTIST, LINDSAY.

Nearly 26 years' Experience

VULCANIZABLE GOLD,

the latest improvement, and a valuable addition to all rubber dental plates; makes a beautiful and durable-gold surface next the roof of the mouth, prevents all irritation and is easily kept clean. Wherever used people are delighted with it.

Mr. Gross is also using the new cohesive surface forms for holding plates securely in place the best and most comfortable retainer yet invented for all kinds of mouths. Artificial teeth inserted on pure English Black Rubber (with or without the gold lining), also on Gold, Silver and Celluloid, and on red rubber if deired.

Mr. Gross bears a stack of the Males and Celluloid.

Mr. Gross keeps a stock of frem 16.600 to 12.000 artificial teeth, many of them from the celebrated makers, White and Justi, enabling him to select, as te size, shape, shade, etc. to suit the young, the middle aged and the old An upper er under set of teeth for frem \$9 to 66.

VITALIZED AIR,

the safest anæsthetic in use for extracting teeth without pain, always ready for use at Mr. Gross' dental rooms. Tiffine, Cocaine, and ether local preparations for painless tooth extracting. The natural teeth filled with the best materials and permanently preserved, irregular teeth straightened, and all ether dental work properly done.

Mr. Gross has in successful speration the ELECTRIC LIGHTS, for fillings ad extracting teeth on dark days and evenings, and will do this work after heurs for those who cannot attend to it during business hours.

Remember name and place, W. H. GROSS, over Kennedy's store, Kent-st., Lindsay.

Lindsay, Feb. 9th, 1886.—79.

J. NEELANDS.

part of Canada, Gas, Vitalized Air (so called.) Mr. Neelands has had almost unparalled success in the use of this anæsthetic in Canada. Administered by him constantly for about 16 years. He has extracted as many as 23 teeth with one dose, and the patient leaving quite well and strong.

The Oldest Established Dentist in this

Mr. Neelands made a special study of this anæsthetic under Br. Colton of New York, the first person who gave it for extracting teeth and who has administered it to 146,000 persons without an accident. Tiffine and Cocaine used for those who do not wish to take gas. Electric Light for operations after dark.

ARTIFICIAL TEETH

Inserted on English Black, Imperial, Red and Pink Rubbar; also on Gold Alloy, Gold, Silver and Celluloid. Prices ranging from \$10 to \$65 for an upper or under set. Mr. Neelands carries a stock of about 10,000 teeth to select from. Best of material used. Teeth filled to last a life time. Many have been inserted for over 20
