THE "LORD STANLEY" HAT,

"LORD CHURCHILL" SUITINGS.

All the Rage at the City Dry Goods & Tailoring House of Lindsay.

MERCHANT TAILORING.

What looks prettier in the early Spring than a hand-some man of fine physique with a nobby, new City Store SUIT topped off with our new "LORD STANLEY HAT." SUIT topped off with our new "LORD STANLEY HAT."

Many there are who are good looking, and yet lack in form.

It is necessary therefore for the purpose of improving your physique, to patronize a tailor who is capable of supplying the deficency: a little added here; a little there; a curved seam one place and a straight seam in another completely transforms a man of ordinary appearance into perfect form. To accemplish such results requires experience and skill, an artistic and mechanical eye.

Our Mr. CATHRO possesses the above qualifications and is not only willing but anxious to prove his ability to please you. Our stock of Imported and Domestic Suitings, Coatings and Trouserings is perfect, we have a range of

Coatings and Trouserings is perfect, we have a range of prices to please all. Our values we will leave to your own judgment for approval.

NEXT WEEK.

We will elaborate on Dress Goods, Black and Colored Silks, Dress trimmings and Spring Dry Goods generally. In the meantime, if you are on the buy, please come to the City Store, get quotations and take a look through. Remember, we always deem it a pleasure to show goods.

FASHIONS.

It is not given to every man to be so miraculously handsome that he can affect indifference to the HAT he wears. The majority of our customers are good-looking but we have noticed several of late who have fallen off considerably in appearance, the result solely of a limited supply of HATS.

This is a serious matter and must be looked into. Step to the front, gentlemen, at once and do your duty by your country, by yourselves, by us and b(u)y a HAT.
