The company includes Miss Annie Carpenter, the celebrated soprancy M. Gustave Hiller, solo violin; Mr. Paul Mende, violin, Mr. Philip Blumenberg, the finest solo violincello player in America, and Mr. Thomas Ryan, solo clarionette and violin. The Citizens' band certainly deserve a good benefit, and it is to be hoped the Quintette club will be greeted with a bumper house. Reserved seats can be secured at l'orter's.

Home for the Aged. For several years there has been felt a growand indigent of the town, and during the last and indigent of the town, and during the last month the town council have rented a suitable building on William-st. for the purpose. It has been nicely papered and painted inside and otherwise put in orderfor their accommodation. This week a matron has been put in charge and several occupants admitted. The institution will be under the direction of the central charity committee and will be open to visitors every atternoon. The inmates will be carefully cared for and will receive weekly visits from the clergymen of the town and the lady directors. The number of inmates is at present small, but as it will probably increase in the future it is not thought desirable that the burden of support should rest entirely on the committee, but that it may be partially sustained, as such places are in most towns, by the voluntary contributions of the citizens. The committee earnestly ask that an interest be taken in this work of making more comfortable the declining years of our aged poor. They alse ask that applicants be not relieved at the door, as in many cases assistance has been given to the undeserving, but that contributions, such as furniture, clothing or food, may be sent to the "Home," where they will be under the charge of the matron; and Mrs. Neelands, the treasurer of the committee, will gladly receive any financial assistance towards the support of the institution.

Railway Notes. -Tenders are asked for about seventy miles of Grand Trunk double track work at St. Anne's, Cornwall, Brockville and Belleville.

—It is said most of the Collingwood grain ship-ments are to come via Barrie, Urillia and Lind-say to Belleville, so as to keep off the main line as long as possible.

as long as possible.

— Surveyors are making the preliminary survey of the new line from Port Hope via Aurora to Inverturon. This road will give Toronto the go-by. Oshawa and other front towns want to have it go through their back yards.

— The C. P.R. are surveying a route from Kleinburg, west of Toronto, to Barrie, and straight on to Sudbury, some distance west of Orillia. This route if adopted would, we presume, render the Claremont-Sudbury branch, via Pefferlaw, Sunderland, Blackwater, Cannington, Beaverton, Kirkfield, Dalrymple or Lorneville—it is to go through all of these places—somewhat unnecessary. The latest is that the new line was to go through Lindsay!

— Orillia has been a good deal disturbed over

go through Lindsay!

Orlilia has been a good deal disturbed over the proposed closing of the Midland station at that place and the concentration of the railway business at the Northern station, and some of the changes consequent on the Grand Trunk having control of the Northern. Deputations have been interviewing Chief Engineer Macklen. The Northern station will be used, and the Northern bridge over the Narrows will in time be repaired and used. It was proposed to abandon the Northern bridge altogether and use the Midland, as the grade is unsatisfactory, but it is likely the Midland bridge will in time be given up.

Obituary

—In Alliston, on Wednesday, 18th inst., the wife of Mr. T. C. Fisher, daughter of the late Mr. Wm. McPhee of Mara township and only Mr. Wm. McPhee of Mara township and only sister of Mrs. L. Bartholomew, of this town breathed her last. The deceased lady had been ailing for some time, but her many friends did not anticipate anything serious until within three days previous to her death. Her course in life has been a model for many to follow, for she was a firm believer in the Christian faith, an affectionate wife, a devoted parent and was very highly respected. Her sorrowing husband is left with five small children, the youngest of whom is only about six weeks old.

of Mrs. Quackenbergh said to me privately and confidentially the other day that, although Dandelion Root Bitters may not be considered a preventative against all the trials and vicissi tude that beset man during his stay on this mundane sphere, and is not a sure cure for the measles, chicken-pox and lock-jaw, and will not make a child cut all its teeth at once, it is nevertheless a grand remedy for headache, dizziness, liver complaint, loss of appetite, and is excellent as a spring medicine and blood purifier. It is quick and safe, and can be taken with or without shaking. 25c., at HIGINBOTHAM'S drug store.—33.tf.

—Mr. Skitch's terrace of five houses is appreaching completion and presents a fine apprearance. The dwellings are convenient, roomy and well laid out. Three of the houses are already occupied, the fourth will be in a week; and fer the fifth, which will be ready in another week, two parties are almost quarrelling to obtain it. All the occupants are railway men and Mr. Skitch has made them comfortable and very neat dwellings. His enterprise is commendable. If the other property owners would do as much to improve William st. north it would soon take the first rank in town in appearance.

Hymeneal. -Mr. Wm. White, the well-known builder Lindsay, was married Tuesday evening to Miss Lena Mitchell, by the Rev. Dr. McTavish, at the residence of the bride's father, Mr. Thomas A. Both Mr. and Mrs. Morrow are well known and possess many warm friends in Lindsay.

Re Appointment of Medical Health-Officer (To the Editor of THE POST.)

SIR,-Dr. Burrowa's statement in your issue of last week with regard to my engineering or canvassing the council on behalf of Dr. Coulter is incorrect. I neither canvassed the council nor engineered the appointment of the present health officer, and was not even aware that Dr. Coulter was a candidate until a few hours before he was nominated.

Sir.—Dr. Burrows has seen fit to mention my name in a couple of letters with regard to the appointment of the present health officer. Now, sir, neither I nor any of my confreres at the council board engineered any appointment, and I was not aware that Dr Coulter was a candidate until the evening the appointment was made: but certainly I voted for Dr. Coulter as I consider him the proper person for such a responsible office I presume very few persons pay any attention to anything Dr Burrows says or writes, but I would advise him to be more careful when making stalements, and at least let them have some semblance of truth.

The origin of this breed, which is rapidly coming to the front, is involved in obscurity, and much speculation exists relating thereto. The more ancient name was the "Chapman horse." Some writers, basing their remarks on the fact that the ancient Romans painted and sculptured their horses in similar type, contend that the Cleveland Bay is a descendant of the Roman war horse. Others pretend to trace it to the aboriginal breed of Britain. It is an historical fact that the aboriginals were very powerful, active and well trained horses, and we find Julius Crear, in his commentaries of the invasion of Britain, state that the very terror of these horses threw his choiceat legions into confusion.
