Railway Notes.

-The Grand Trunk viaduct at Port Hope is to be double-tracked this spring. -Lindsay is every month becoming a more important and attractive railway centre.

-The lateness of the spring has delayed the asual heavy lumber traffic at this season. It is said there is to be a small batch of mights created on the in's birthday or Dominion day, and that Mr Hickson of the Grand Trunk is likely to be one of them.

-As soon as the frost is fully out of the ground the remaining machinery will be put in place in the repair shops at Lindsay. The shop will be one of the best on the Grand Trunk, and is thoroughly equipped. There is an extensive and valuable assortment of stores. Extensive as the building is it is crowded for from and a large addition will be required soon. New sidnant on the north side are needed and will be

The Orilia Packet says: "Our excellent contemporary. The Lindsay Post, counsels Mr. Macklin not to come to Orinia, but to settle in Lindsay; and as an attraction declares the Midlasd's chief engineer wound put on fifty pounds of fiean in a year, living in that town. Undoubtedly if Mr. Macklin were a cadaverous dyspeptic Lindsay might hold out better inducements than Orinia. Lindsay is slow and its atmosphere superific. Ordinas air, as Mr. Smith, the electrician, lately observed, is stimulating, and everyone moves as if he had been sent for. People don' set for and tazy here, but they live rather than regetate. Lindsay is a good place for stall-feedbas, so to say, but as a bright, opensity, sun shing and delightful pasturage, well-watered and amply diversified, Orillia takes the cake. Mr. Macklin is therefore pretty certain to prefer Utilia, where he already has a summer residence."

Thursday evening, May 10th in the Opera-House. The fame of the Mondellsohn per-formers is so wide and sure that commendation is not needed. There should and no doubt will be a crowded house, not merely onfaccount of the rare merit of the performance but in recognition of the citizens' band under whose auspices the entertainment is given. The band have en-gaged the Mendellsohn for the town and the profit will go towards completing the new in-strument fund. Parties at a distance who can make it convenient to be in Lindsay should not miss this rare opportunity of hearing music and singing of the highest class. Immigrant Children.

Mr. John T. Middlemore, the founder of the orphan children's emigration charity, London, Ont., left Liverpool on the 27th April, in the steamship Lake Ontario, with a party of fifty steamship Lake Ontario, with a party of fifty girls and 120 boys between the ages of six and eighteen years, who are brought out to this country for adoption or hire, chiefly among farmers. They are expected to arrive at the Guthrie home, near London, Ont., on or about the 9th May. This will be Mr. Middlemore's fifteenth annual visit to these shores with juvenile emigrants from Birmingham, England, since 1872. Aiready many applications accompanied with good references have been made for the children expected to arrive, but more are required. Further particulars may be obtained by addressing Mr. H. Gibbens, manager of the Guthrie home, London, Ont.

Drift from Lake and River. -Navigation opened for the season on Tuesday, May 1st, being ushered in by a blinding snowstorm. Predictions to the contrary, and notwithstanding the coldness of the season and the notable absence of rain, last year's record was beaten by a day. The Esturion was the first craft to make port. An attempt made last Saturday to reach Lindsay was unsuccessful, but a steady breeze Monday svening shifted the ice to Ball Point.

ice to Bail Point.

—The Meaford Mirror prints a sketch (with portrait) of Captain Hugh Chisholm of that place, from which we take the following extract:—"In 1850 he built the steamer "Woodman" at Port Perry. This was the first steamer on Lake Scugog and adjacent lakes. Mr. Chisholm sailed her for three years from Port Perry to Lindsay, occasionally running down to Bobcaygeon and Fenelon Falls. At that time there was no Midland railway from Port Hope to Lindsay. It is very interesting to hear Mr. Chisholm narrate some of the incidents connected with life on the "Woodman." He frequently shot deer on the banks of the Scugog from her decks, and on one occasion he shot a large black bear which was swimming in Sturgeon take. ()n that trip there was an excursion party on bear which was swimming in Sturgeon lake. On that trip there was an excursion party on board from Toronto, and his bearship was quickly taken on board, skinned and dreesed, and the party enjoyed a delicious repast of juicy bearsteak for dinner. One item worthy of note during Mr. Chisholm's career in the above mentioned locality is the fact that he was the first man to pay one dollar per bushel for wheat in the county of Victoria."

DESCRIPTION and PEDIGREE

Chicago Volunteer is half brother to St. Julien, record, 2:111; Gloster, 2:17; Alley, 2:19; Bodine, 2:19; Briver, 2:191; Amey, 2:201; Huntress, 2:201; Powers, 2:21; Sweetness, 2:211, and 18 others with records better than 2:30. He combines the blood of Volunteer, the best speed producing son of Rysdyk's Hambletonian, with that of Gifford Morgan, the best representative of the Morgan family. Hambletonian George's 1st dam is by Old Tempest, he by Old Royal George, the Forshee horse, and he by Black Warrior; his 2nd dam was sired by imported Sir Tatton Sykes, 3rd dam was sired by Old Grey Messenger. No more royal-bred stallion than Hambletonian George can be found in Canada to-day. His pedigree takes in the famous winning blood of the American and Canadian trotting turf, both on sire and dam's side. His breeding is unsurpassable, and, as like begets like, owners of mares will find him a profitable stallion to breed to, if they are desirous of securing speed as well as style. Hambletonian George, in color, is a dark mahogany bay—one white foot behind, black legs, full mane and long sweeping black tail, stands 15½ hands high and weighs 1100 lbs. He wen the Sweepstakes at Ridgetown, and could beat 2:50 as a three year-old. He won the stallion race at Port Perry Central Fair last fall and only made one break during the race, which proyes him to be a natural trotter. He is even tempered and kind in his disposition, and without a doubt is one of the handsomest trotting stallions in Canada to-day. He has taken first prize at all the fairs last fall where he was shown—Lindsay, Port Perry and Sunderland, and first in Cannington last spring, in a field of 10 horses. He also toek 1st prize at Lindsay spring shew. 1888, there being six horses in the field, Mr. Curta's horse Valentyne being one of them. His colts are all fine large promising youngsters with plenty of bone, style and action, and are admired by all who see them.

The New York Sportsman of February 20th, 1886, the leading American turf journal, in an editorial on

The New York Sportsman of February 20th, 1886, the leading American turf journal, in an editorial on great trotting sires, says of Volunteer: "It stands then, far beyond centradiction, that as a direct begetter of speed, Volunteer heads the list of great sires, living or dead."

Dunton's Spirit of the Times, Chicago, the only paper in the west devoted exclusively to the horse, says: "We have no hesitation in asking the breeders of Ontario to give this stallion (Chicago Volunter) a fair trial. From his fine breeding and the uniform speed shown by his colts here, he must prove a grand success."

DESCRIPTION AND PEDIGREE.

PERFORMANCE.

VALENTINE has proven himself to be a sure foal-getter, and has foaled a larger percentage of his mares than any stallion of his class in Canada. In the season of 1887 over two-thirds of his mares had foals. In the year 1881 2 he won the stallion race in Toronto, defeating Judge Fullerton, Canada Southern, Caledonian Chief and others, and won the stallion race at Hamilton, and also took the first prize and diploma at both places. In the fall of 1883 he won second industrial, and could have won first money easy had he not alipped and lamed himself in scoring for the first heat. He also took first prize and diploma in 1883 at Hamilton exhibition. In 1885 he returned to Toronto and at the Industrial trotted against the following horses, taking the race in straight heats, not having been headed once, beating Hurricane, Caledonia Chief, jr., Coaster, Defiance, Strideaway, Crown Imperial, Robert Bonner and Aurora Chief. Valentine, at Port Perry in the fall of 1886, won the stallion race, open to the Dominion in three straight heats, jogging under the wire with 20 rods of a lead in 236, and beating Strideaway and Black Diamond. In the fall of 1887, though lame, he trotted to waggon at Peterboro a private trial, in 230; and at Cannington trotted one of the "gameet" races ever witnessed in Canada against Ansoria, beating him in the first and second heats in 232 and collect disposing must pay to include the would have won the race in three straight heats. His colts are good and strong, showing lots of speed and commanding high prices. One of his colts, Valentine Jr., owned by Dan. Cummings, Mount Forest, is 1 years old and can trot better than 240. Another colt, Lady Essa, owned by J. E. Stoddart, Bradford, won the three-year eld colt race with ease, jogging in no 250. Another is owned by Thos. Hodgins, Toronto, five-year-old, trotted the Woodhine is 237. Many cheers could be enumerated who have performances equally creditable, and fully substantiate the fact that Valentine is a producer as well as a perform LEOCHEL, 5141, Registered Vol. IX., S.C.S.B. bay, white stripe on face, white hind legs; foaled April 16th, 1883.
