He combines the blood of Volunteer, the best speed producing son of Rysdyk's Hambletonian, with that of G.ff ord Morgan, the best representative of the Morgan family. Hambletonian George's 1st dam is by Old Tempast, he by Old Royal George, the Forshee house, and he by Black Warrior; his 2nd dam was sired by imported Sir Tattor Sikes, 3rd dam was sired by Old Grey Messenger. No more royal-bred s'allion than Hambletonian George can be found in Cana la to-day. His pedigree takes in the famous winning blood of the American and Canadian trotting turf, both on sire and dam's side. His dian trotting turf, both on sire and dam's side. His breeding is unsurpassable, and, as like begets like, owners of mares will find him a profitable stallion to breed to, if they are uestrous of securing speed as well as style. Hambletonian George, in color, is a cark mahogany bay—one white foot behind, black levs full mane and long sweeping black tall search. dark mahogany bay—one white foot behind, black legs, full mane and long sweeping black tail, stands 15½ hands high and weighs 1100 lbs. He won the Sweepstakes at Ridgetown, and could beat 2:50 as a three year-old. He won the stallion race at Port Perry Central Fair last fall and only made one break during the mee, which proves him to be a natural trotter. He is even tempered and kind in his disposition, and without adoubt is one of the handsomest trotting stallions in Canada to-day. He has taken first prize at all the fairs last fall where he was shown—Lindsay, Port Perry and Sunderland, and first in Cannington last spring, in a field of 10 horses. He alse took last prize at Landsay apring show, 1858, there being six horses in the field, Mr. Curta's horse Valentyne being one of them. His coits are all fine large promising youngsters with plenty of bone, style and action, and are admired by all who see them.

The New York Sportsman of February 20th, 1886, the leading American turf journal, in an editorial on great trotting sires, says of Volunteer: "It stands then, far beyond centradiction, that as a direct begetter of speed, Volunteer heads the list of great sires, living or dead."

Dunton's Stirit of the Times, Chicago, the only paper in the west devoted exclusively to the horse, says: "We have no hesitation in asking the breeders of Ontario to give this stallion (Chicago Volunter) a fair trial. From his fine breeding and the uniform speed shown by his colta here, he must prove a grand success."

DESCRIPTION AND PEDIGREE.

VALENTINE is a dark chestnut rising 12 years old, weighs 1500 lbs., stands plump 16 hands high, well proportioned, perfectly sound, of very healthy constitution, which has been proven to the public, and also free fr m vice or any hereditery prediaposition to disease. He was sired by that noted horse, Erin Chief, he by Howe's Royal George; dam by Erin Queen, by Imported Charon; second dam, by Sir Henry; third dam, by Imported Black Lock. Howe's Royal George by Field's Royal George, dam by Flying Childers mare. Field's Royal George by Toronto Chief. The dam of Valentine, Grace Darling, was sired by Royal Revenge, who had a record of 223; Revenge by Toronto Chief. Valentine's dam is a full sister to Fred Hooper, who has a record of 218. She is also a sister to Lucy, who has a record of 218. She is also a sister to Lucy, who has a record of Aurora, who sold her for \$15,000 in the States. Grand dam was sired by Ramsey's Messenger, he by Bloor's Messenger, he by old Imported Messenger.

PERFORMANCE.

VALENTINE has proven himself to be a sure foal-getter, and has foaled a larger percentage of his mares than any stallion of his class in Canada. In the season of 1837 over two-thirds of his mares had foals. In the year 1811 2 he won the stallion race in Toronto, defeating Judge Fullerton, Canada Southern, Caledonian Chief and others, and won the stallion race at Hamilton, and also took the first prize and diploma at both places. In the fall of 1883 he won second money in the stallion race at the Toronto Industrial, and could have won first money easy had he not slipped and lamed himself in scoring for the first heat. He alse took first prize and diploma in 1833 at Hamilton exhibition. In 1885 he returned to Toronto and at the Industrial trotted against the following horses, taking the race in straight heats, not having been headed once, beating Hurricane, Caledonia Chief, jr., Coaster, Defiance, Strideaway, Crown Imperial, Robert Bonner and Aurora Chief. Valentine, at Port Perry in the fail of 1886, won the stallion race.opento the Domicion in three straight heats, increasing under the wire with 20 rads of a lead in 235, and beating Strideaway and Black Diamond. In the fall of 1887, though lame, he trofted to waggen at Peterboro a private trial, in 232; and at Cannington trotted one of the "gamest" races ever witnessed in Canada against Ansonia, beating him in the first and second heave in 232 and 233 and but for an accident at the 3 qr. pole would have won the race in three straight heavs.

His colta are sood and strong, showing lots of speed and commanding high prices. One of his colta, Valentine Jr., owned by Dan. Cummings.

Mount Forcet, is 4 years old and can trot better than 240. Another colt, Lady Essa, owned by J. E. Stoldart, Bradford, won the three-year old colt race with ease, jegging in in 250. Another is owned by Thos. Hodgins, Toronto, five-year-old, trotted the Woodbine in 237. Many otherseould be enumerated who have performances equally creditable, and fully substantiate the fact that Valentine
