COMMUNICATIONS. Some Papers for the Warder. To the Editor of The Post:— Sir, Can you say of your readers tell me or the public what the editor of the Warder has done with his "fine education," or is he only setting out the wolf in sheep's clothing since he made the summer number in politics, as a good many have justly believed. The article on the banner not long ago through Toronto streets, that is not what I was going to talk about. He says that the Warder will say that he will sell, but he is only talking the farmers' talk. He does not think that the farmers will say that they will not buy the Warder, but he is only talking the farmers' talk. He does not think that the farmers will say that they will not buy the Warder, but he is only talking the farmers' talk.

TRY OUR 25c. SPECIAL TE 'CROWDED OUT' Owing to press of other matter. The above familiar newspaper sentence aptly expresses the state of affairs at our store. We aim to do a family supply trade.—Teas, Sugars, Groceries, Provisions, etc., Flour and Feed. This we have done for some time past, and in increasing volume. Everything went happily as on a wedding morn. Very good. We found after placing a large order for Groceries that we were in a serious position—we were short of room. A council of war was held forthwith and the verdict was that the Crockery and Glassware Department had to go—no help for it, and it must go at once, as the new stock will be to hand shortly, and the goods must come off the shelves even if we have to pile them into bushel baskets and stow under the counter. When we announce this Peremptory Closure Sale it may be taken for granted that goods will be sold cheap. Everything must go.
