—A meeting of the Rose Valley Grange was held at the Daly house, Lindsay, on Tuesday for the transaction of important business. The attendance was fair, but was not as large as it ought to have been.

The Mountjoy Sabbath school excursion from near Markham passed through town Wednesday morning on the G.T.R. on the way to Fencion Falis, returning in the evening. They had a capital time at the Falis.

—As Thomas Fleury was driving home from Lindsay on Sunday last with a young woman and child in the carriage his horse shied and upset the vehicle. All escaped uninjured except the girl, who had her collar bone broken.

—M. M. Beyd & Co. are shipping large quantities of flour to Montreal, where there is a large demand for this particular brand. The flour is conveyed from Bobcsygeon to Lindsay by steamer. Three carloads left the lower wharf during last week.

—Merchants and others making additions to their working staffs could benefit the town ma-terially and the Citizens' band and Lindsay base ball club partiularly by calling for proficiency in either or both of these accomplishments in

— A force of men, under the watchful eye of Superintendent J. McGiniey, are tunnelling William st. at a lively rate, the object being to sink the water mains a couple of feet desperand put them beyond the reach of Jack Frost. Any hidden treasure unearthed is to become the exclusive property of the finder, which perhaps accounts for the brisk shovelling done.

—The Bradshaw brothers have leased the Queen's hotel, east ward, occupied until recentity by Mrs. Brooks. The entire builking, which is a large one and admirably adapted for hetel purposes, will be placed in the hands of painters and paper-hangers, who will be allowed to work their sweet wills upon it. The interior will also be so re-arranged as to secure greater convenience and comfort. The Messers. Brad chaws are said to be capable hotel men, and will no doubt receive their share of the public's patonage.

On Saturday last Rev. Dr. McTavish of Liadeay and Rev. Mr. Herridge, B A., of Ottawa, accompanied by Mesers. Harstone and Milner of the high school staff, enjoyed a pleasant run down the river on board the steam launch "J. McAdams." The faintest spice of romance was imparted to the trip by the wheelsman running the craft into shallow water through not being familiar with the channel. A passing steamer heaved a line, however, and the yacht was pulled off none the worse. The trip was yould to be an exceedingly pleasant one by those on board.

— Friday evening last as Mr. Fanning of Cam-

voted to be an exceedingly pleasant one by those on board.

—Friday evening last as Mr. Fanning of Cambray was leaving town on his way hemewards his horse became restless at the corner of Kent and Cambridge-st. and bolted up the street. Mr. Fatning was unable to control the animal and was thrown out and dragged some little distance, but fortunately escaped with a few bruises. The horse continues its wild career and ran into the culvert near lingle & Ryley's planing factory, breaking its left foreleg. It was decided that the break was beyond veterinary skill, and the poor animal had to be despatched, although a very valuable one.

—The Uxbridge Journal says: "Making bustles is quite an industry in Lindsay. The manufactory is next to THE Post printing office, which makes us uncertain as to whether the article in question is of the patent wire-trap description or the old newspaper variety." The Lindsay bustles are of the latest and most fashionable design and are made of fine materials. Some of the Uxbridge girls may make their bustles out of back numbers of the Journal, and in consequence pride themselves on their intellectuality, but if they try Easton's they will not wear any other.

—"An Old Citizen" sends us for publication the following: "Caution—The young ladies of received a combination scenery from Indiana capable of making fifty-six different changes in scenery, so now I can back it up when I say I say I have the best scenery that is or ever was in any photograph gallery in Lindsay. It is just what the people of Lindsay and country want and have been repentedly asking for—new scenery. So now, ladics and gentlemen, I am the only photographer in this part that supplies your wants, so be sure and call before going elsewhere and try the new scenery and satisfaction is certain to follow. Be sure and remember the place, no stairs to climb, step right in of the sidewalk, at the east end of Kentet, Lindsay. E. WILLIAMSON, photographer.—1,500 2.

On Tuesday last, 5th inst., Mr. T. O'Connell of Rochester, N. Y., was united in marriage to Miss Ellen Moreland, eldest daughter of Mr. J. Moreland of Lindsay. The ceremony was performed in the vestry of ft. Mary's church at 7.30 a. m by Vicar-Gen. Laurent, after which mass was celebrated. There was a large attendance of friends, and the members of the Sodality of the Blessed Virgin, to which the bride belonged, were present in a body. The areom was supported through the supposedly trying ordeal by his brother, Mr. D. O'Connell of Peterboro; the bride who was charmingly attired, was assisted by her sister Miss L. Moreland, and was "given away" by Mr. D. A. McJonald of Longford, her brother-balaw. The happy couple left by the morning train for Peterboro, to visit friends, and afterwards proceed to their future home in Rochester. The presents were numerous and many of them costly.

—"An Old Citizen" sends us for publication the following: "Laution—The young ladies of the south ward should avoid changing escorts two or three times going home from church on Sunday evenings, as it does not look well on their part and might cause thoulie among the young men, which was nearly the case a few young men, which was nearly the case a few sunday's ago on Blackwell's corner." The writer does not give his name, and in accordance with a well known rule his production should be consigned to the waste-paper bashet; but in the interests of the south ward and ef peace we print the letter.

—The large picture of "Rock of Ages," advertised by Sootheran, Cathro & Mark, was drawn for large systeming of interested parties. Mr. John Adams, Mr. J. H. Leanon and the drawing. The andience desided that the 53th draw out of the 600 tickets should win the picture. The 5:3 tickets were drawn and then there was a pause. Extra precautions were taken and amidst considerable suscesse the lucky 53th was taken out. It proved to be ticket 337 held by Mr. C. D. Barr of this paper.

—Mr. Chas. Wilkins, fashery overseer, Belleville, and Mr. Chas. Wilmet, superintendent of the Newcastle fish hatchery, arrived in Linday last week on a disributing tour. They had a large number of salmen trout fry with them, of which they intended to place a liberal cortion in Surgeon lake and the remainder in Pigeon, Clear and Stoney lakes, but learning that a delay would have to occur owing to imperent of surgeon lake and the remainder in Pigeon, in Surgeon lake and the remainder university.

-A well-attended meeting of the board of trade was held on Friday evening in the board rooms, Dobson's block. Messrs. Chus. J. Pusey of the Irondale iron mines, J. R. Mark and J. Levell were elected members. The secretary read letters re the appointment of a United States consular agent here, and Scugog river improvements, and a committee was selected to press the latter upon the Dominion government. Mr. Beall brought up the question of assessment of improvements, and held that to this cause was attributable the spirit of untidiness prevailing. He suggested that the assessment should be based upon frontage and value of buildings. An interesting discussion took place and it was decided to further consider the subject at next meeting.

ject at next meeting.

—A fire alarm rang out Saturday evening about nine o'clock from the market building, a small blaze having been observed far down on Cambridge-st, south. It died away after a time, and many who were hurrying to the scene turned back, thinking it was a false alarm. Those who went ahead found that a frame house owned and occupied by John McArthur, laborer, beyond the railway tracks, was on fire, having evidently caught from the chimney, as the flames were bursting through the garret roof on the north side. The family, it appears, were absent from home at the time, but willing neighbors rendered every assistance and saved the furniture; but the efforts put forth to save the building by cutting holes in the roof and deluging with water carried in buckets were unavailing, and it was burned to the ground. Insured for \$800, including contents.

-Rev. Wm. Buchanan, pastor of the Queen st. Methodist church, Trenton, and chairman of the Brighton district, will occupy the pulpit of the Baptist church next Sabbath evening. -The annual meeting of the Anglican synod

of the Toronto diocese was commenced in Toronto Tuesday. Bishop Sweatman delivered a lengthy charge reviewing the work done during the past year, which was of an encouraging nature. Rev. Mr. Marsh and Mr. J. H. Knight are in attendance from Lindsay.

On Friday evening, June 15th, Mr. C. A-Young of Toronto will give a lecture on London, illustrated by his magic-lantern views, and also various other sketches, in the Baptist church. The choir will be present on that ocmusic. Program to commence at eight o'clock, Don't miss it. Admission. 15 cents.

music. Frogram to commence at eight octock, Don't miss it. Admission. 15 cents.

—Rev. E. A. Stafford, L.L.B., of the Metropolitan church, Toronto, will preach the ordination sermon in the Methodist church next Sunday morning. Mr. Stafford is one of the most eloquent preachers in the denomination and a fine sermon may be expected. As an error is made in the billeting list we may state that Mr. Stafford will be the guest of Mr. W. H. Gross, Russell-st., during his say in town.

—A notable incident of the social in St. Andrew's church, on Monday evening, was the "caning" of one of the most liberal, active and prominent members of the church. The member in question was completely taken by surprise and had to submit to his pleasing punishment at discretion. Mr. D. J. McIntyre on behalf of the congregation, with some felicitous remarks, presented Mr. William Needler with a very handsome gold-headed cane, bearing the following inscription:

To William Needler, Esq.,

From St. Andrew's Church, Lindsay.

From St. Andrew's Church, Lindsay.

sentation was heartily approved by the congregation. Mr. Needler has not only contributed very liberally to the building fund of the church but he has given a great deal of time to the building, to the enlargement and to the congregational work. Mr. Needler has good reason to be proud of such appropriate and hadsome memento.

be proud of such appropriate and hadsome mements.

—The re-opening services of St. Andrew's last Sunday attracted large congregations morning and evening, taxing the enlarged capacity of the church to the utmost. Rev. W. F. Herridge of Ottawa preached on both occasions, his sermons being marked by the same brilliant eloquence and profound thought that characterised his lecture. There was no service in the Methudist church in the morning on account of the specially interesting occasion in St. Andrew's. The addition of the galleries has improved the interior in every way, and especially in its accountic properties. The appearance of the church is greatly admired..... Monday evening a social gathering of the congregation was held in the church, and a very pleasant time was spent. There was a large attendance. The chair was occupied by Rev. Dr. McTavish, and addresses were made by Rev. Mr. Anderson, Mesers. D. J. McIntyre. John McSweyn, Mayor Walters, J. R. McNeillie and S. A. McMurtry. Mr. T. Stewart moved, seconded by Mr. D. Ray, a vote of thanks to the ladies of the congregation for the floral decorations of the church, which were exceedingly pretty. The proceedings were of a most sociable and enjoyable character. A leading incident is elsewhere noted.
