THINGS WE WANT TO KNOW.—Why our reeve tolerates a malarial nuisance in our village, especially after two prominent doctors from Peterboro said it was a standing menace as well as a disgrace to our village. Why is it? The nuisance must be removed. One family has sadly suffered, and three or more families are suffering now from it, and yet it is allowed to remain to gather more victims. We hope our citizens will see that a council is put in the coming year that will not be afraid to do their duty.... Why some of our young men, and some married men, spend their Sabbaths shooting? Have they no fear of God or respect for the day? Or do they wish to show to the public the training they received at home by their parents?

—An interesting game of foot-ball was played on the high school grounds in Saturday afternoon last between the Lindsay second eleven and a team from Kirkfield. The Lindsay players proved much too strong for their opponents, however, and obtained 3 goals to 1 in short order.

On Saturday last a match trot for one hundred a side was arranged between the local fiyer Handy Andy and Mr. McArthur's Billy Mack of Fenelon Falls. The race will take place on the agricultural park track on Friday next, 19th inst., at 2 p.m. Considerable interest attaches to the event, as both animals have a large number of admirers, and in addition to the stakes in dispute it is thought many "shekels" will change hands in the attempts to spot the winner.

Mr. J. D. McMurchy has sprung a bomb on the chool board without knowing that it had a boomerang in it. It seems some insurances had been made or continued in companies of which Mr. F. C.Taylor and Mr. Cornell were local agents, and it was ascertained that this would disqualify them from acting on the board. The amount involved is only a few dollars. It is thought Mr. Cornell was the one aimed at and we understand he does not intend under the circumstances to retire from the board. Mr. Taylor had intended to resign as there has been some doubt as to an informality in the election of himself and Mr. Reeves. The same rule applied to Messrs. Taylor and Cornell was on enquiry found applicable to Messrs. John Dobson, J. L. Winters, J. D. Flavelle and F. Reeves. It seems brooms have been purchased from Mr. Dobson for use in the school; wood has been bought from the mill firm of which Mr. Flavelle is a mamber; Mr. Winters did some painting, and Mr. Reeves patched some plastering. In the latter two instances the amounts involved are only two or three dollars; and only a few dollars more in the other cases, but still enough to disqualify them or reader them liable to a penalty for sitting at the board. As the amounts involved are unimportant and as it cannot be said that there has been any jobbery or wrong-doing many think that the patties who took action in the matter should have been satisfied with giving notice in a communication to the press that the members mentioned should either retire in January or place themselves in a position that would not be open even to technical objections. C. Taylor and Mr. Corneil were local agents, and would not be open even to technical objections. A special meeting of the board will be neld this evening to consider the situation.

evening to consider the situation.

—The difficulty has arisen in connection with insurances on the new collegiate institute. The chairman of the building committee was instructed to insure in due time to the amount of \$18,000 in nine companies, represented by six agents, each company to have \$2,000. Of this amount there was insured in companies represented by Mr. Corniel, \$6,000; Mr. Taylor, \$2,000; Mr. Knowlson, \$1,000, Mr. Irwin, \$2,900; Mr. Lennon, \$2,000; Mr. Eagleson, \$2,000.
