\$12,000

Owing to a change in our business, which takes place next 15th day of January, we have got to reduce our present stock of \$20,000.00, to 8,000, and in order to do so we will commence on 1st November to sell our stock of Millinery. Silks and Dress Goods at what they cost wholesale.

We have a large stock of Men's and Ladies' Fur Coats, which run into a great deal of money, and if you require one this is an opportunity that you get once in a lifetime, as the goods have to be sold by the 15th January.

The earlier you take advantage of this the better for yourself, as our stock of Flannels, Towellings, Table Linens, Table Napkins, Shirtings, Tickings, etc., is now complete. and we will not buy any goods after this date.

Our stock of Black and Colored Silks are of the very best makes and our Dress Goods, Black Cashmeres, Meltons, Winceys, etc., we bought in the very closest markets.

The first time you are buying give us a call and we will convince you by the prices we quote you that this is a real genuine Sale and all goods will be sold for cash only, as we have got to raise \$12,000 by 15th January next.

You may think that this is a scheme we have gotten up to make a big sensation, as our town is full of bankrupt stocks, schemes, etc., to draw wool over people's eyes and make them believe that they can buy goods cheaper than what they were manufactured for. But if you want to buy good reliable goods at wholesale prices you do not want to let this pass without taking advantage of it.

Mr. Porteous in his reply said his Lindsay friends were too kind and generous. He had always received the kindest treatment in Lindsay and both he and Mrs. Porteous would retain the warmest memories of their pleasant residence in this place. He had during the past ten years witnessed steady and remarkable growth in Lindsay, and he was confident the town was on the highway to solid and enduring as well as increasing prosperity. He could not find words adequately to express his feelings, but he desired from the bottom of his heart to thank the citizens of Lindsay for their kindness and generosity to himself and Mrs. Parteous, and he would assure them that he would prize greatly the mementos of their regard now before him.

Mr. J. R. Dundas as a business man who had large dealings with the bank in brief remarks testified to the ability of Mr. Porteous, whem he regarded as a model bank manager. A few remarks were made by Mr. Adam Hudspeth, C.

—An industry that has developed into considerable proportions this fall is the shipping of cedars for block paving to Toronto and other cities. Mr. W. Trennum is the principal shipper, and employs quits a number of men in cutting the timber to the standard length—about 14 ft.—and in loading upon the cars after the rafts have been towed to Lindsay. Several car loads per day have been shipped lately with more to follow ..... Lindsay corporation might do a little block paving next apring by way of experiment. The cost would be trifling and would be a step in the right direction.

—The citizens of Lindsay have in store for them a rare treat in the shape of an entertainment conducted by Miss Agnes Knox of Toronto and Miss Scringeour of Port Hope. Miss Knox is a brilliant elecutionist and has read before cultured audiences in Philadelphia, Toronto and other large places, while Miss Scringeour as a singer needs no recommendation. The concert will be held in the opera house, Nov. 23rd. The proceeds are to be devoted to furnishing a reading room in the new collegiate institute, and such a worthy ambition on the part of the students deserves hearty support by the citizens of Lindsay.
