The Electric Light Is a matter of small importance compared with other applications of electricity. By this agency Polson's Nerviline is made to penetrate to the most remote nerve—every bone, muscle and ligament is made to feel its beneficial power. Nerviline, pleasant to take, even by the youngest child, yet so powerfully far reaching in its work, that the most agonizing internal pain yields as if by magic. Neglect no longer to try Nerviline. Buy to-day a ten cent trial bottle and be relieved from all pain. Sold by drugglests and country dealers everywhere.

Railway Notes.

-Midland wants to get a branch of the proposed Sudbury line of the C.P.R, Cornwall wants connection with the Montreal to Smith's Falls air line.

The Omemee Herald says work on the new station at Omemee is progressing as rapidly as the inclement weather will permit. When finished it will be as fine as any on the line between Peterborough and Midland.

ished it will be as fine as any on the line between Peterborough and Midland.

—Mr. Geo. Bazzard of Hamilton, the genial and portly Ontario freight agent of the Delaware, Lackawanna and Western railway, was in town on Wednesday on business. The Lackawanna is famous for its fast freight trains and carries through to New York a great many cars of eggs, grain, fowl and other produce from this part of the province.

—The Grand Trunk employees at Lindsay have the nucleus of a fund for the formation of a library and reading room. It is proposed in building the new station next spring to provide suitable accomedation in one or two rooms in the second storey. This will be very convenient for the men, and will be a great advantage. The following library officers have been elected at a meeting held for the purpose: President, H. Ferguson; vice-president, J. Storer; treasurer, R. J. Matchett; secretary, John McHugh; managing committee, W. J. Cairns, Conductors C. Adams and W. Woods, Drivers L. McIntosh and R. Johnston, Shop Foreman A. A. Scott and Section Foreman Jas. Foley..... To augment the library fund it is proposed to give a grand concert in the opera house on Friday evening, Dec. 28th. A capital program is now being arranged by Prof. Warrington of Toronto and will be rendered by jopular outside talent. No doubt the Lindsay public will liberally patronized this concert and thereby promote an excellent cause. The railway men have made a most welcome and respected addition to the community, and we are confident the townspeople will show their appreciation by heartily supporting plans for the benefit of the new library and reading room.
