The few feverish notoriety-seekers who have been airing their eloquence and denouncing as disloyal traitors all who do not agree with them should have the decency to keep quiet and the common sense to formulate some more practical scheme before they venture out again.

What the country needs is careful, homest and economic government, lower taxes, and free market for the development of its resources. We can get all these if we have sufficient public spirit, patriotism and political independence, still remaining, as we are now, the Dominion of Canada. We think enough has been stated in this article to convince the reader that we have the very best building, equipment and staff of any high school or collegiate institute of the province, and we can confidently appeal to parents in the district to send their sons and daughters into Lindsay for certificate and university work. There is now no longer any reason why the residents of Victoria, who through the county council help to keep up the Lindsay school, should send their children to outside schools and so receive no benefit from the school for which they are taxed. All the changes that nave been made give them a school within their county better than any school outside of it. We have now no doubt of outside of it. We have now no doubt of the future of our school. We learn that numerous applications for admission have been made and that the school will open out with a very large attendance in Janu-

VICTORIA COUNTY COURT.

[Before His Honor Judge Dean.] Subjoined is a synopsis of the cases tried in the county court held last week before his honor

Grace v. Robert Sylvester.—In this action the matter in dispute was whether the rent of a house was \$120 or \$100 a year. The plaintiff claimed the larger sum and the defendant had paid the lesser. Judgment was given in favor of defendant's contention that the rental was only \$100 a year. N. MacMurchy for plaintiff; Hugh O'Leary for defendant.

McIlhargey v. McGinness.—Action to recover arrears of rent and damages for breach of covenant to clear twenty-five acres. The jury found a verdict for the defendants. H. B. Dean for plaintiff; G. H. Hopkins for defendant.

GRAND JURY PRESENTMENT.

May it please your honor:

The grand jurers of our sovereign lady the queen assembled at the general sessions of the peace for the county of Victoria beg to present:

That it is cause for sincere congratulation and indicates the existence of an advanced state of morals in the county that so few cases and those of comparatively slight importance have been brought before them for consideration.

They have visited the county gaol and have the usual report to make respecting the building and premises. Everything in connection with the establishment is in excellent order.

There are eight persons confined in the gaol, five males and three females. Of the males one is undergoing sentence for larceny, one is awaiting trial for bigamy, two are insane and one is a vagrant. The women have been committed for various terms as vagrants.

All of which is humbly submitted.
