etc., caused by the mild weather, several of the conductors have taken up their old occupation of "braking" for a time.

—The Peterboro Review says: Engine 624-Driver James Young, was pulling the 5.15 ex, press on the G. T. Saturday night, and when about three miles out of here on its way to Lindsay one of the side rods of the engine broke. Had Driver Young been further on towards his destination he would probably have attempted to run through with the one cylinder, but being out but such a short distance he considered it wiser to back down to the station here. Upon arriving here the disabled locomotive was changed and Driver Mimms with the yard engine took the train to Lindsay where another engine was attached.

—On Saturday last John Penrose of Lindsay, a brakesman on the Midland, met with a serious accident at the North Hastings Junction. While reaching for a link at the back of the tender he slipped, and one wheel passed over his arm just below the elbow, nearly severing it. His pluck and fortitude were wenderful, as he arose and walked into the station unassisted, when everthing possible was done to alleviate his sufferings. A train being in readiness he was at once conveyed to Belleville where the injured limb was promptly attended to, the patient declining to take an anæsthetic. He formerly resided in Mariposa, and has been on the railway about one year.

—About four o'clock Sunday morning as a C. P. R. special freight train was coming down grade about four miles west of Cavanville, it is supposed that the axie of one of the axie caused the car to leave the rails, taking with it the eight cave that were behind it, and they piled upon each other, making a pretty bad smaah up. There was lockilly no loss of human life, although one of the wreeked cars contained a shipment of eighteen horses which were from Orangeville b and for Montreal. Three of the animals were killed, but the rest escaped and are with farmers in the locality. The track was cleared in a short time.

-Following the lead of Mr. Sam. Britton Christmas day several parties have been indulging in boating on the Scugog below the lock during the week, and afterwards chalked the fact high up in their respective boathouses for the benefit of posterity.

-Mild as the weather has been of late, last Thursday morning was a veritable surprise to the oldest residents, for it with the exception of the verdure resembled a May morning. A clear blue sky, a warm and generous sun and birds twittering around the doors went a long way towards supporting the delusion.

—The annual dinner of the Toronto board of trade was a successful and brilliant affair. Lindsay was well represented by Messre. J. R. Dundas, F. C. Taylor, John Dobeon, A. McDennell, W. Flavelle. Geo. Matthews and others. In the ladies gallery were Miss Taylor, Mrs. Dundas, Miss Flavelle and Miss McDonnell. -Mr. P. Daley, who holds the contract for street lighting, now makes his lengthy rounds in a vehicle drawn by a patient but plodding animal who thoroughly understands what is expected of him and knows every lamp on the round. About fifteen miles of a tramp each day in all kinds of weather was too much for Peter.

—The public and separate schools opened Monday last with a fair attendance, considering outside inducements. In the public schools the teachers and classes have been changed around somewhat, with the objects of gaining room and promoting the general efficiency. Mr Armour's class has been transferred from Francisst. school to the union school; junior and senior third classes occupy the north ward school, with Misses Ray and Mitchell teachers; and junior classes of the 1st and books "hold the fort" in the Francis st. school.

The Francis st. school.

At the regular business meeting of the Y.M.C.A. on Tuesday evening it was decided to engage a general secretary to devote his whole time to the work of the association in this town. Mr. T. S. Coles, travelling secretary for the province of Ontario and Quebec, was bresent and gave some valuable advice as to the best means of carrying on the work and strongly urged the engaging of a secretary. The secondation hope to have their new secretary at work by the lat of February, and all look forward to, a good work being done by the association.

On Friday evening last there was a large assemblage of children and friends present at the Baptist church on Cambridge-st., the occasion being the annual Sunday school tea and entertainment. After the good things provided had been done justice to the little ones entertained these present with recitations and songs in a manner that reflected great credit on the ladies who had interested themselves in this behalf. Rev. Mr. Grant addressed the little ones in a very happy vein, for which he was tendered a vote of thanks by the little folgs. The singing of "The Sweet Bye and bye" brought a most enjoyable evening to a fitting close.

—The Catholic Record says the Bishop of Peterboro has made the following official changes: Rev. Daniel O'Connell (for more than twenty years pastor of Douro), has been transferred to the parish of Ennismore, and Rev. Father Keity of Ennismore has been appointed pastor of Deuro; Rev. Father McCloskey of Victoria Road has been appointed pastor of the new parish comprising Brighton and Wooler; Rev. Father Connell of Brighton has been transferred to Feneion Falls, to be pastor of that mission, including Bobcaygeon and Galway; and Rev. Father O'Brien, late of Feneion Falls, has been appointed pastor of the parish of Victoria Road.

—The Empire says: With reference to the

toria Road.

—The Empire says: With reference to the statement made a short time since, and generally accepted, that Bishop Dowling of Peterboro had been appointed to the vacant bishopric of Hamilton diocese, the following will be interesting. It is from the New York Freeman's Journal and Catholic Register, January 5th: "The news that the Very Rev. R. A. Canon Sheehan, administrator, SS. Peter and Paul's, Cork, has been nominated Bishop of Hamilton. Canada, in succession to the late Right Rev. Dr. Carberry, O.P., is confirmed." Father Craven of St. Patrick's church. Toronto, says that a letter received from Bishop Dowling a few days ago made no mention of his appointment to the Hamilton diocese. If such an appointment to the Hamilton diocese. If such an appointment has been made it would be viewed with the greatest disfavor by the Catholic clergymen and laymen of the diocese of Hamilton and of the province generally.

—The new Methodist church in Victoria ward, Lindsay, known as the Queen st. church, was opened for Divine service on Sunday last. The president of the Bay of Quinte conference, Rev. M. L. Pearson, preached in the morning a very suitable sermon from "The name of Jesus," eliciting from his many friends expressions like the following: "That sermon did me good," "Oh, the precious name of Jesus," "I never heard him preach a poor sermon" and many others......Rev. Dr. Williams, chairman of the Lindsay district preached in the afternoon a sermon of rare merit on the New Testament idea of church building.....Rev. Prof Reynar, M.A., delivered an eloquent sermon on the character of God as seen by Isalah in the 55th chapter of his prophesy, depicting a character lofty yet loving, mighty yet merciful. Certainly a masterly effort. The choir, well the universal verdict is "the best ever heard in Lindsay." Plate call, \$120.

"RELIABILIT

IS CONSIDERED TO BE

The Keystone of the Business Fabric

AND IT CERTAINLY IS.

The case of the business man is vastly different to that of the private individual in adhering to this precept. Handling as he must a variety of lines, manufactured in all quarters of the globe, his only guarantee is the standing of the firms with whom he places his orders. An inferior line passes into the hands of the wholesale firm; they wish to get rid of it. Right here comes in the question of the business habits and characteristics of their customers. If a merchant is known to be shrewd in looking after the quality of his goods and steadfast in his resolve to get the best for his money from them or go elsewhere, he will be "left severely alone," and other merchants not so strict will be approached,—and the line ultimately unloaded upon them. Some idea may thus be gained of the constant watchfulness necessary on the part of a merchant jealous of his reputation as a dispenser of reliable goods.

AS TO OURSELVES.

In the past we have always made it our aim to offer the best goods to our customers, and we think their verdict will be in accordance with the fact. Mistakes will and have occurred, but this we can honestly saythey have been remedied as speedily as possible.

During the coming year we will redouble our efforts on behalf of our patrons, and to those who have favored us with their trade we return hearty thanks with best wishes for the new year.

A. CAMPBELL.
