[Correspondence of The Post.] NECKTIE SUCIAL.—The friends of the Methodist church at Ingoldeby have resolved to give a nacktie social in the old church at the Narrows on the evening of the 13th March. The friends will bring their baskets, something after the fashion of a picnic. The ladies are requested to each purchase two neckies alike, one to be kept by the lady and pined on her arm after entering the church, the other to be put in an envelop and left at the door with the door-keeper. This admits the lady free. The gentleman is to pay the sum of 25 cents for an envelops containing a tie, hunt up the lady with tie to match who will accept his company for the evening. company for the evening. A good time is expected.

AN APOLOGY.—It appears that some of our young ladies are very much offended at an item which appeared in No. 1663. We are sorry the young ladies took offence at such. It was not intended for a slur or an offence by any means and we hope under the circums ances the young ladies will pardon us this time. We will promise not

ORILLIA.

Horses Killed .- Mr. Smith, a Toronto horse dealer, was in town Tuesday. He was returning from the scene of a late ac cident on the C. P. R., when a train load of Jack-fish creek. Eight out of nine cars of horseflesh went down a distance of between fifty and sixty feet. The great majority of the horses were killed, or so badly injured as to render killing processor.

injured as to render killing necessary.

Some will live, but their value is greatly lessened by the accident. The cause of the smash was a defective car wheel.

Does Farming Pay.—Mr. W. D. Lovering, J.P., of this to wuship, is not what is called a scientific farmer, but he furnishes a good instance of what may be done in a called a scientific farmer, but he furnishes a good instance of what may be done in a quiet way, in this remote part of Ontario. His farm comprises 300 acres, of which sixty is timber land. Last season he sold a hundred and fifty tons of hay, and \$400 worth of horned stock. He has yet fifty head of stock, including sheep, and fodder enough for the season even should apring be late. Outside this he has sold more than enough dairy produce and other farm than enough dairy produce and other farm products to cover the whole expenses of maintaining the farm, attending to stock, etc. In addition to all this, he had 3,000 bushels of oats to dispose of. A record like this should encourage industrious young farmers not oally to stick to their farm, but to remain in Ontario, where judicious labour is so well rewarded, and the discomforts and draw backs of pioneer life aff past.-[Packet.

CRESSWELL.

THE GRAIN TRADE. - Our grain market very quiet. Not much grain offering is very quiet. Not much grain offering owing to the stormy weather and snow blockade of the past week. Prices have remained firm during the week. The grain house is nearly full and our buyers are anxious to ship but find it difficult to procure cars owing to the urgent demand for cars at other points along the line.

Shipments.—One car of stock shipped to Toronto this week and one car of cedar posts.

[Correspondence of The Peet.]

Opposing Scott ACT Repeal.—A meeting was held here on Feb. 26th, at 2 p.m., to organize for defence of the Scott act in the coming effort to repeal the act. The work is being vigorously entered into and every important point observed; various offices were filled and an executive committee for the township appointed, with Rev. D. Williams, president, and Mr. J. C. Elliott, Pontypool, secretary. A mass meeting was held in the evening, when several stirring addresses were given. A deep interest was felt in the subjects discussed and a grand stand taken by the great majority of the large congregation in favor of the Scott act. One exciting feature of the meeting was the public avowal of some of those present who had signed the petition praying that the repeal of the Scott act might be submitted to a vote, that they had been deceived by the representations of the canvassers. They evidently felt very badly at being victimized by such meanness on the part of the liquor party, as they were staunch temperance men and hearty supporters of the Scott act. An effective opposition will be made to the repeal of the act.

Mr. Smith although completely taken by surprise made a suitable reply.

ENTERTAINMENT. The Orange entertain.

Mr. Smith although completely taken by surprise made a suitable reply.

ENTERTAINMENT.—The Orange entertainment which was duly announced through THE Post came off on Thursday evening last and was a success. Particulars next

last and was a success. Particulars next week.

OBITUARY. — The republican private school of this village died a very unnatural death last week. We understand the mourners were few. We presume the promoters did not get any assistance from the republican president, Mr. Harrison, to maintain it any longer. It just happened as we expected from the first. So they may as well put up with the present school accommodation for the present.

PERSONAL. — Mr. Colin Dow left for Campbellford last Thursday. Our best wishes accompany him home... Mr. A. McKay of Woodville paid his friends in this vicinity a brief visit this week. ... Our genial and jovial young friend, Master Will Rickaby, son of our esteemed merchant and postmaster, laft last week for Orillia to assist Prof. Trevor. Master Rickaby will be greatly missed as he was a general favorite—especially with our fair sex.

REMOVED. — Mr. Murdock McFarlane,

REMOVEN.—Mr. Murdock McFralane, who has been a resident of the suburbs of our village for a number of years, has moved with his family to Eldon, near Balsover. He intends starting at farming there, having rented the farm belonging to Mr. McGrae of Mara. We wish Mr. McFarlane success in his undertaking. Notroe.—If the farmers of this neighborhood want anything in the farming machinery line for the coming season we would call their attention to our local agent here, Mr. C. N. McDonald, who represents two different firms and sells the best drills and binders in the market. Being a straightforward business man we can assure them that they cannot do better than buy their farming machinery of him and farmers will never regret it, as Mr. McDonald is one of themselves. He wishes to thank his many customers for the liberal patronage they have bestowed upon him during the past year, and hopes one and all will conteit he same upon him this year; especially the farmers of this district. As his territory covers part of four townships he has ample scope to work in.—30.2.

ENTERTAINMENT.—The Orange Hierary and musical entertainment dulylannounced in Ture Foer came off on Thursday evening, Feb. Sist, in the Freedyterian church here and was a decided success. Mr. Wm. Thornbury, master of the Gienarm lodge, presided as chaliman and ally discharged the duties of the ch. He was the right man down and the choir. The Rev. M. McKinnon, B. A., of Eldon was the first speaker to take the platform and opened with a short lose church, opened the meeting with prayer. A selection of muse was given by choir, the Rev. M. McKinnon, B. A., of Eldon was the first speaker to take and views for true Protestantism. If all of the sevening, Eeb. Sist, in the present of the choir research with sound facts and views for true Protestantism and Orange principles. Ris remarks were short but be in danger as and come of the Protestantism and orange rinciples. Ris remays were short but to the point. Mr. C. N. McDonald, secretary then capt of the Protestantis

Children Cry for Pitcher's Castoria.

church. Let there be a large attendance as this may be the last opportunity the people of this district will have of hearing the Rev. C. Chiniquy as he is eighty years of aga. A cordial invitation is extended to all denominations in the district to come to the lecture. Proceeds for the cause of the church.

OAKWOOD.

[Correspondence of The Post.]

PUBLIC SCHOOL NOTES.—Fourth class—
Fred. Bingham, Albert Silverwood, Leslie Bowes. Senior third—Howard Chidley, Albert Walton, Willie Brown. Junior third—Alice McLaughlin, Elsie Lownsbrough, Herbert Irvine. Senior second—Stella Rennie, Ella McKinnon, Jas. Thorndike. Junior second—Minnie Humphrey, Minnie Chidley, Linda Chidley, equal. Leslie Mark. Senior part second—Samuel Coad, Fred Hannon, Alfred Suggett. Junior part second—Alfred Archer, Floyd Butter, Marshall Lake. First class—C. Archer, John Thorndike, Freddie Perrin. Church Notes,—Quite a number of our friends here drove in to Lindaay on Sunday to hear Rev. Mr. Patterson of Cooke's church, Toronto. The people here have a very bigh opinion of Mr. Patterson and will go to hear him whenever he comes within reach. We have noticed his wonderful success in Toronto and hope that he may long be spared to go on with the work for which he is so well adapted. OAKWOOD.

A NIGHT SCHOOL has been started here with a good attendance, which will be largely augmented when active operations zin at the mills.

LONGFORD MILLS.

largely sugmented when active operations begin at the mills.

ACCIDENT.—Mr. Donald McArthur met with a severe accident while working on the track last week. It appears that a piece of wood flew upwards striking him on the face, inflicting a painful wound on the nose and cheek.

CROWDED SCHOOL.—Sixty more new seats and deaks have been placed in the schoolhouse, and yet there is scarcely sufficient accommodation for the large number of pupils now in attendance. The boys are purchasing a first-class football, and will no doubt be shortly in a condition to receive challengee from adjacent schools.

PERSONAL.—Mr. and Mrs. Maxwell Hall returned home on Saturdsy last from a two weeks trip to the other side. They visited Oswego, New York, Syracuse and other American cities, returning by way of Montreal and Ottawa. Mr. Hall speaks enthusiastically of the kindness shown them by our cousins across the line, and feels much recruited by the tour.

MINDEN. STAGE CHANGE.—The mail stage between Minden postoffice and the Victoria railway has commenced to run twice every day each way. Passengers on the railway should be informed of the change to pre-

each way. Passengers on the railway should be informed of the change to prevent disappointment.

SURPRISE PARTY.—A very successful surprise party took place at the residence of Mr. Stoinkraus, Lutterworth, on Friday evening last. Quite a large party from the village were present.

AN OLD SETTLER GONE.—On Saturday morning last the township of Hindon Mrs. Jane Taylor, relict of the late Daniel Taylor, departed this life at the advanced age of 97 years, leaving behind her thirteen children, twelve of whom were present at the obsequies of their mother, the oldest of whom is 74 years of age, 64 grandchildren and a number of great grandchildren. Mrs. Taylor, was at the time of her death the oldest woman in the county. The remains were followed to their last resting place in the Minden cemetery on Monday last by a large number of persons, thus ahewing their respect for the deceased lady.

SURPRISE PARTY.—One of the most successful surprise parties of the season, took place at the residence of Mr. M. Morrison, in this village, on Wednesday evening last. There was a large attendance of young people who all seemed to enjoy themselves remarkably well. The host and hostess were most assiduous in their attention to the pleasure and comfort of their guests. A most excellent supper in Mrs. Morrison's best style was provided and was highly appreciated by the their visitors.

FATALITY AMONGST HORSES.—The Dickson Lumbering Company of Peterboro had the misfortune to lose a valuable young horses died from the effects of a distemper that seems to be very prevalent this winter in all the lumber shantles in this locality. We learn that quite a number of the horses by the above company are laid up with the disease, and that Mr. Beatty, veterinary surgeon of Peterboro, is now attending them.—[Echo.

SUNDERLAND.

LINDSAY PRESBYTERY.—A meeting of this presbytery was held at Sunderland on Tuesday last, when the following resolution of the presbytery of Lindsay regarding the removal of Rev. E. Cockburn, M.A., was unanimously passed: Resolved, that in granting the translation of Rev. E. Cockburn, M.A., from his present charge in this presbytery to this new field of labor in the presbytery of Paris we as a presbytery place upon record an expression of our deep sense of the loss of we sustain by his removal from our midst. We are deeply sensible of the fact that by his removal this presbytery is deprived of the services of a faithful, wise and successful pastor. As a member of this court he has been most punctual in attending its meetings. He has always cheerfully assumed a large portion of the business which his executive ability enabled him to discharge to the entire satisfaction of all his brethren. As the presbytery representative on the mission committee he has rendered invaluable services to the mission fields within the bounds of this presbytery. He has always brought ripe judgment to bear upon every question that engaged the attention of the presbytery, and while unfinching in his contention for what he conscientiously believed to be right he was always generous and considerate towards his brethren whose judgment might differ from his own. We deeply regret the removal from us of one whose services we so highly value, whose character we so much admire and whose friendship and brotherly love we so much esteem. Our prayers are that the Lord may accompany him to his new field of labor and that he may be long spared to carry on the Master's work and that by the divine blessing an ever increasing measure of success may attend his labors.

W. T. M. S. —The annual meeting of the Measure for th SUNDERLAND.

ter's work and that by the divine bleasing an ever increasing measure of success may attend his labors.

W. F. M. S. — The annual meeting of the Wessen's Foreign Society, in connection with the prosbytery of Lindsay, was held in Sunderland on Tuesday last. Upwards of one hundred ladies of the different anxiliaries within the bounds were present and great interest was manifested in the proceedings. Mrs. Cockburn of Uxbridge precided with grace and efficiency. Upwards of \$300 were raised, besides large quantities of cicthing for the Indians forwarded to the Northwest during the past year. Addresses were delivered by the Rev. Mr. Wilkle and Miss Ress, returned missionaries from Indore, India, which

ONTARIO COUNTY.

A FINE SPAN.—Mr. Wm. Wilson of Gahawa has as fine a span of marse as we have seen for many a day. They are dark greys, stand about 16; hands high, and weigh about 3,300 lbs. They are three and four year old Clydaedales and were bred by Mr. W. Jones of Pickering. He has refused \$700 for them.—[Reformer, GAVE "LEG BAIL."—Constable Daoust of Uxbridge brought a hotelikesper from Uxbridge, named George Henderson, to Whitely on Friday last to serve a term in Castle Decker for not paying a Scott act fine, but during the dinner hour at the Royal hotel Henderson turned up missing. Baoust had gone to the office for a smoke, leaving Henderson to finish his dinner, and Henderson finished his sentence at the same time. He is still at large.

way crossing. A C. P. K. train struck the sleigh and knocked the man about 20 feet, but neither he nor the horses were injured, strange to say.

DIPHTHERIA.—One case of diphtheria, the first of the kind since last fall, was reported to Medical Health Officer Dr. Clarke on Sunday from Donegal street. The house was placarded and every precaution taken to prevent the contagion from apreading.

DEPARTURE OF DR. KINCAID.—The Examiner learns with deep regret that Dr. Kincaid has ceased to be a citizen of Peterborough. On Saturday the doctor made his farewells to a few of his friends and on Sunday morning took the train for the west. The reasons which led to his departure are these. The doctor found that it would be impossible for him to continue his practice here in the face of financial embarrassments which were becoming so pressing that he would soon have to suspend payment and being unable by virtue of his professional position, to make an assignment in the ordinary way, he decided to remove to a field where he could pursue his practice under more favourable conditions. He found that the large sums he had spent upon the four hundred acres of practically waste land which he reclaimed at great expense, and the consequent injury to his practice, placed him in a position of practical bankruptcy, and he took the step which he hopes will ultimately enable him to clear up old scores. He was accompanied by his son Kenneth, and the rest of the family will follow as soon as Dr. Kincaid is permanently settled and established in practice. Dr. Kincaid has been a resident of Peterborough for twenty-eight years, and during that time he has enjoyed an extensive practice and filled a prominent place in the public arens, having occupied the position of an independent representative for the two parliamentary terms following the death of Mr. W. A. Scott.—
[Examiner.

A GREAT LAW CASE SETTLED.—The now celebrated case, Scott vs. Benedict.

A GRAT LAW CARE SETTLED.—The now celebrated case, Scott vs. Benedict, which involved the title to one hundred and forty aquare miles of timber limit in this county, after years of costy litigation was on Saturday night in Toronto settled by mutual agreement between the several parties to the suit. The settlement gives the limits in question to the Peterborough syndicate composed of Mesers. Geo. A. Cox, J. B. Mc Williams and T. G. Hazilit. A brief sketch of the case will not be without interest. The late W. A. Scott owned extensive timber limits in this county, situated in the townships of Cavendiah, Harvey and Sherbourne, consisting of about 14s quare miles, or \$9,600 acres. They are considered in point of quality of timber, convenience of working and accessibility to market, to be the most valuable timber limits in the province. In 1871 Mr. Scott's mind became unbalanced, He gave a bill of sale of the limits in question to J. Benedict & Son, Albany. The limits formerly stood in the name of Walter Scott, father of W. A. Scott, and when the former easigned his interest in the limits to W. A. Scott, there was a balance due of \$7,000 of purchase money was paid. Then the heirs entered suit to have the claim of the father to \$27,000 interest in the limits recognized as having priority to the claim of the father to \$27,000 interest in the limits recognized as having priority to the claim of the Benedicts. The suit occupied the supresse court, which decided that the Benedicts had a first mortgage, and that the Scotts had the right of redemption. Subsequently the agents of Mesars. Rathbung & Co., Descronto, came to Mr. J. B. McWilliams, as a friend of the Scott family, authorizing Mr. McWilliams to give the sum of \$16,000 to the Scotts for their interest for \$100, Mr. McWilliams was present and forbade the sale, which the sherif to sell out the Scott for \$550,000. The Benedicts refused to be redemended in previous litigation, and endeavored to fine said were ranged the suprement half of the limits of the limits and for
