On Tuesday evening of last week a very successful concert was given in Bradbarn's opera house by the boys of St. Mary's alter society and the children of the separate schools. A packed house greeted the efforts of the young folks in the various kindergarten choruses, dialogues, etc., with deserved applause. The feature of the evening was an allegorical service portraying liberty seeking a home among the nations. The costumes and emblems were correct to the smallest particular, and when fair Canada made her entry arra, ed in blanket suit and tuque, drawn upon a sled, shoes in hand to solicit liberty's stay, the appeal proved irresistible and the applause was loud and continuous. A somewhat similar entertainment, but with many new features added, will be again presented in the opera house on the evening of Monday next, (St. Patrick' day. ociety and the children of the separate schools.

It is generally believed that Little Jim is the old-time Deck Wright, 2.19. -The wheel of fortune has taken another turn and now the "speedy" gelding old Jonathan F., alias Jack the Ripper, is owned by Mr. George Carr of Lindsay. Old Jonathan should prove a great "quarter hose"—that is, the first quarter.

Mr. C., finding that the duties of the office demanded his constant attention, to the detriment of other important interests, did not seek re-election, which his many friends could undoubtedly have secured for him.

Our worthy old friend, Mr. Joseph Cody of Linden Valley, was in town yesterday and renewed his subscription for The Post. He has been very poorly of late with a bad liver, and had an idea a receipt for The Post with a little mustard would have a good effect. It is in fact a sovereign remedy. Mr. Cody is nearing his seven ieth year and is quite hearty. Long may he flourish is the wish of us all.

Ordinary common kidney diseases, many times unrecognized as such, will become chronic and terminate in Bright's (organic) disease of the kidneys unless taken in hand. Warner's Safe Cure is the only recognized succific that has ever been discovered for this disease. The late Dr. Dio Lewis said, over his own signature: "If I found myself the victim of a serious kidney trouble I would use Warner's Safe Cure."

The extension of the Victoria to the Mattawa was discussed. Col. Deacon explained what had been dene in the past and Mr. Bowman gave a description of the country to be intersected. North of Matrawa is a large tract of land as fine as any in Outario, and some fine settlements. A delegation consisting of the president, Col. Deacon, J. R. Dundas, Mr. Wm. McDonnell and S. Gillogly of THE Post at his residence on Peel-st. to congratulate him in a fraternal way upon his having recently joined the ranks of the benedicts, and incidentally to present him with a handsome plush-covered folding chair as a slight token of the esteem in which he is held by his fellow members. Mr. Michael O'Brien, president of the society, fulfilled his duties as spokesman in his usual efficient manner, and expressed the good wishes entertained by the members for the happiness of Mr. and Mrs. Gillogly neatly and correctly. The above verdict and many others of an equally flatterng nature, could be repeatedly heard discussed on Saturday last, which was opening day for Macfarlane Wilson's china hall and silver bazaar, situated in Hettger's old stand, epposite the new poet office. It is presided over by Mr. D. M. Wilson, who has had a loag experience in the wholesale houses, and who understand to perfection the art of displaying pretty things to the best advantage. The large store was thronged all day and evening, and the only difficulty appeared to be that purchasers could not readily decide which particular article to carry away. All the handsomest and newest goods in silverware, china, glassware, unique vases and fancy goods of all kinds are represented, and the stock is being largely augmented as quickly as the goods can be placed.

Lessons in Elecution

Lessons in Elecution, either class or private, will be given by Mr. Channing Simmons, who will be given by Mr. Channing Simmons, who has studied under many professors and teachers of the highest note and ability, including the National School of Elecution and Oratory, Philadelphia. Parties wishing to receive instruction may address box 67 or call at the residence of Mr. Trew, Russell-st., between six and seven o'clock, p m. The late Dr. Nelles, Chancellor of Victoria University, says: "I have much pleasure in stating that I have some knowledge of Mr. Channing Simmons as a public reader and elecutionist. I have heard him render seme difficult pieces in a most admirable manner, and I know that he has had the best possible instruction in elecution and oratory. Should he be seeking any public engagement in the above lines I can very heartly recommend him to public confidence. S. S. Nelles, Chancellor, Victoria University.—40-2.

-The windows of Mr. E. Gregory's store have attracted considerable attention during the past few days. The sides and ceilings of the recess spaces have been embellished with unique designs in what appears to be black ash and maple woods, but in reality the effect is produced by thin strips of stained basswood used by Mr. A. —The anniversary of the Cambridge-et, auxilliary of the Methodist Women's Missionary Society was held on Tuesday evening and was an exceedingly interesting occasion. The chair was occupied by Rev. Dr. Williams. The annual report of the auxiliary was read by Mrs. Flavelle and shewed progress and prosperity. An interesting and instructive address on mission work among the Japanese, Chinese, French and Indians was given by Mrs. Williams, wife of Rev. Dr. Williams of Toronto, superintendent of the church. Statistics were read shewing the good work of the society. A solo by Mrs. Bates and a duett by Miss Jackson and Mr. Smyth gave variety to the proceedings.

—On Thursday evening of last week was the occasion of the reception of the new secretary, Mr. F. B. Utley of Woodstock, given by the members of the Y. M. C. A., in St. Andrew's church. The entertainment, which was very interesting and of a highly instructive character, consisted of addresses by the dergymen of the tows, choruses, glees, quartettes and duetts, readings, etc. In the rendition of the quartette and duett selections the Misses Jackson, King and McSweyn assisted very creditably, their assistance being one of the pleasant features of the evening. THE PEOPLE OF LINDSAY and surrounding Country are respectfully informed that I have bought out the Grocery business recently carried on by S. BAKER & CO., and will continue the same in the Old Stand, two doors west of the Daly House, where I hope to be favored with a share of public patronage.

Having had long experience in the Grocery business in Lindsay, I possess a fair knowledge of the requirements of the trade, and heads of households will do well to see what satisfactory relations they can establish with me. A fresh and well-selected stock of GENERAL GROCERIES, FLOUR and FEED, COAL OIL and SALT, has just been placed and will be kept constantly replenished. I am anxious to acquaint everybody with the facilities at hand for

supplying Groceries and such Household Necessaries to all, and ask my

friends and the public generally to connect my name with their wants in that direction,—I'll take the chances of securing and holding their custom. Low expenses and a perfectly fresh stock are important helps in starting a business, and customers will derive benefit therefrom-in fact, for eash,
