Wedding Bells.—Another of the young ladies of Port Perry, and one whose absence will be felt in many circles and often keenly felt, has been given away at the hymeneal altar. While many were engaged in arching our streets and adorning our shop fronts in view of the coming tournament, busy hands were preparing to adorn a bride for her husband and arrange the details of a wedding. On Tuesday afternoon they at last completed their task, and Rev. Donald C. Hossack, Presbyterian minister of the town of Orangeville, was a street of the town of Orangeville, was

behind brick corners, Manvers, endeavoring to make his writing some person else rather than himself, and under that heading writes against "Bobby Orangeman." Now, I like fair play, and as K. THE CHURCE PARLIAMENTS

The various church parliaments meet this month, and the reports and proceedings show gratifying progress. Rev. Dr. Grant has been elected moderator of the

Bay of Quinte Conference. The Bay of Quinte conference of the Methodist church met this year at Belleville. Rev. Dr. Burwash was elected president by a small vote over Rev. Dr. Williams of Lindsay. The various reports were of a very encouraging character. The chairman of different districts reported upon the progress of probationers. The

gible for full admission to conference. THE WARDER'S SCANDALOUS CHARGES. The following is from the Mail's report of

Friday's droceedings: "A minister said that scandalous reports con-cerning members had been put in circulation, after the close of the Lindsay conference, by Mr. Samuel Hughes. He thought there should be a special committee appointed to investigate. Ex-President Pearson said that the person who made the charge was not a member of the Methodist church. When the matter was brought to his notice last year, he wrote to Lind-say to say that if any minister or layman would lay a complaint, over his own signature, he say to say that if any minister or layman would lay a complaint, over his own signature, he would go to Lindsay and hold an investigation. As no one would meet these conditions, he refused to stretch the power of his office to meet the demands of an outside person. However, he would like to see the whole matter investigated, and every possible suspicion cleared up. Dr. Wm. Williams said he had followed every rumour to its source, and the result was he was satisfied that there was no ground for suspicion against anyone.

on against anyone. resident Burwash stated that he was in receipt of a long communication from Lindsay from Mr. S. Hughes. He named Revs. John Learoyd, M. L. Pearson, Dr. Williams and Dr. Bredin, as a committee to take charge of the letter and conduct an investigation.

VICTORIA COUNTY COUNCIL

June Session-The Warden's Address. The June session of the Victoria county council opened Tuesday afternoon with a large attendance of the M. C. C.'s. The warden occupied the chair and delivered the following address on county matters: You have been assembled to-day in conformity with the standing rules of this council for the transaction of the general business of the June session. Since last meeting of the council I was asked to join the county attorney in an order upon the treasurer to cover expenses of sending the chief of police of the town of Lindsay to Manitobs for the purpose of bringing back to this county one Playfair, who it was charged, had committed forgery within this county to the extent of \$50 or thereabouts. I refused to comply on the grounds that the crime was not of that serious character contemplated by the act, revised statutes of Ontario, 1839, chapter 33. On the following day I was requested to join in a similar order upon the treasurer for funds to send a constable to Kingston, Ontario, to arrest and bring back to this county a man who it was alleged had obtained from a merchant in the town of Lindsay goods under false pretences to the amount of some five dollars. I declined in this case also. I hope that you will be pleased to express your views in relation to these cases so that not only myself for the remaining portion of this year, but future wardens will have something to guide them when demands of this nature are made upon them under the act in question. During the latter part of May I received a letter from Mr. James Graham of Carden township acquainting me with the unsafe condition of the Narrows bridge of that township and requesting me to go there to see the bridge and stating that he had put some planks over some of the bad places. I replied that I had on receipt of his letter written to Mr. Taylor, reeve of Carden, enclosing Mr. Graham's letter and asking Mr. Taylor to go and inspect the bridge and report at this, the June session shortly after this I received another letter from Mr. Graham informing me that Mr. Taylor was seriously ill and had requested him to ask me to come and see the large attendance of the M. C. C.'s. The warden occupied the chair and delivered

mense gathering of firemen, a fireman's parade, special games for firemen, athletic sports, grand horse races, etc., during the day. In the evening the "Figs in Clover" will be practically illustrated by the real live article; the whole to conclude with a grand display of fireworks. We would strongly advise our readers to make their arrangements to spend Bominion Day in Port Hope. The program there is always fully carried out.
