TOWN JOTTINGS.

B. B. B.
The great blood purifier, regulates the liver
and kidneys positively. Sold at PHARM'S, 25c.
per bottle.—17-c.

Stock Notes.
—Mr. John (Cathachan) is in great luck this
week, his brood mare Nelly having given
birth to twins—colt and filly—on Sunday last
by the thoroughbred Superior. John reports
the "family" doing well, and smiles in anticipa-
tion of the fun and lucra to be derived from the
"back tails."

Victoria County Court.
The county court opened on Tuesday before
Hon. Judge Dean. The following gentle-
men were sworn in as grand jurors: P. J.
Henry, foreman, Geo. Calvert, S. W. Crab-
tree, Wm. Kytes, Francis F. W. A. Goodwin,
Richard Graham, Wm. McMillan, John Hay,
James Henderson, Henry Jackson, Richard
James, Wm. McMillan, Thos. McMillan, Thos.
A. Hope, S. Hickey, Walter McMillan, Hugh
Hick, Henry Strickland, Andrew Spence, R. P.
Whitehead. The case of Gordon against the
Ward, established by a verdict on a writ of
habeas corpus, was the only case of the court
to be heard.

Base Ball Notes.
—The Lindsay club will not play at Beaver-
ton on Wednesday, June 13th, as satisfactory
arrangements cannot be made.
—On Wednesday afternoon after school a
base ball match was played between teams
picked from the third and fifth forms. Only
four innings were played, and the score stood
11 to 0 in favor of the 3rd formers. A return
match will be played next week.
—The battle for the intercollegiate pennant is
waxing warm and fine games are now being
played. The Syracuse Stars will maintain the
lead, although hotly pressed by the Toronto
Tens. Toronto are now in the ascendant and
occupy fourth position and it is now evident that
they are destined to be in the final. Sub-
joined is the standing on Wednesday:

Team	Won	Lost	Per Ct.
Syracuse	20	9	68.0
Toronto	18	10	64.3
Beaverton	15	12	55.6
Rochester	13	13	50.0
London	12	17	41.2
Burlington	11	20	35.3
Hastings	10	22	31.0

—On Wednesday last the Lindsay club went
down to Bowmanville to play in the base ball
tournament there, and were defeated by Mill-
brook by a score of 9 to 5. The Millbrook team
were composed of Port Hope, Orono, Uxbridge,
Garden Hill and Millbrook players, and played
a very strong game. Lindsay players were pic-
keted for Millbrook and the Lindsay batters
could not solve his delivery until the sixth in-
ning, when they scored three runs and in the
seventh innings made two runs, when the umpire
called the game at the end of the seventh
inning to allow some of the other teams to play.
—Lindsay Little played his usual good game,
and D. Gladstone of the Lindsay club played well,
Lindsay was without Preston and Bell, who
could not possibly get away. Shire in centre
field made some very nice catches, and Allen
on second base played well.
—The Post endeavors to hide the severe de-
fect the Lindsay base ball club sustained at the
hands of the Port Perry club on the 24th by
offering the state and worn out excuse of in-
sufficient practice. We can inform the Post
that every player who took part in the game
that day from this side belongs here and has
lived here for months.—(Standard).—There
does not exist the slightest need for an attempt
to hide the defeat the Lindsay base ball club
sustained at the hands of the Port Perry club.
—There has been a rare occurrence and it
would take a judicious selection of imported
baseballs to keep it.
—The Lindsay club were very much surprised
up hurriedly to oppose them, because they were
a much heavier team and possessed of first class
players, when they were informed by a presumably
disinterested spectator, hailed from Toronto,
that they were the Lindsay club. "Every player
who took part in the game that day from this
side" was a resident, and it corroborates our
previous statement.

Children Cry for

Railway Notes.
—Business has become quite brisk during the
last two weeks, and as a consequence special
cars are more numerous.
—A Grand Trunk brakeman named May in
attempting to get on a moving train in the yard
at Port Perry on Saturday slipped and fell, injuring
himself severely; he was taken to the hospital.
The surgeon does not consider his injury seri-
ous.
—The yard engine left the track at the second
switch near the station about 10:30 on Monday
morning about 9:30 while endeavoring to pull
out a train of some thirteen cars. Another en-
gine and the auxiliary engine were engaged most
of the day in placing her on the rails again.

General Sporting Notes:
—Mr. Joe Daly's bay mare, Esie D., captured
second money in the three-minute trot at Port
Perry races last week.
—Edward Hanlan, ex-champion, arrived in
San Francisco last week from Australia. In an
interview he states that he won six races and
lost six.
—The 222 event at Port Perry was won by the
bay gelding F. O. P., with Mayflower second.
Then the race was stopped and finally declared
off owing to the heavy rains.
—The seventh annual meet of the Canadian
Wheelman's Association will take place at St.
Catharines on the 29th and 30th of July. An
attractive program has been arranged.
—Laycock, the Australian seaman who figure-
d prominently in the match between him and
Havill, has just arrived in Lindsay. He has a
challenge to row any man in the world, barring
Havill and O'Connor, for \$1,000 a side.

The Process Changes it All.
The last fifteen years has seen the manner of
manufacturing in many lines completely changed.
Take the manufacture of four, of paper, of
wheeled vehicles or of furniture. In furniture
the progress is marked. Machinery has revolution-
ized the work. It cheapens the goods to the
buyer, enlarges the output to the manufacturer,
lowers prices, increases the brightness and
uplifts the quality of the goods. The old four-poster
bedstead, with its turned posts and legs, and
some tables, chairs, cupboards, in fact every-
thing that was made in the old-fashioned way
in the Dominion has the opportunity now
turned to better advantage than in the shops of
Belgium, France, or Germany. The modern
factory of the present day is a place where
details of manufacture are closely watched.
The finish is scrupulously looked after. Bel-
gium supplies everything that the new married
couple can need to go housekeeping. - He begins
at the beginning by issuing the marriage license
and sending prices for furniture that convinces
the couple that they are on the right track. He
selects the furniture to suit the means and purse
of the customer, ships it to the house, and
at the house warming and, if called on to do
so, names the first baby. Belgium is the
furniture auctioneer of the district and his ad-
dress is Peterboro.—33-1.

Requirements for Standard Register.
In response to numerous enquiries as to what
constitutes the standard register we give the
following "Standard," as revised and adopted
by the National Association of Trotting Horse
Breeders, December 14th, 1887.—
In order to define what constitutes a trotting-
bred horse and to establish a basis of trotters
on a more intelligent basis, the following rules
are adopted to control admission to the records
of pedigree. When an animal meets the re-
quirements of admission and is duly registered
it shall be accepted as a standard trotting-
bred animal:
First.—Any stallion that has himself a record
of two minutes and thirty seconds (2:30) or bet-
ter, provided any of his get has a record of 2:35
or better, or provided his sire or his dam is
already a standard animal.
Second.—Any mare or gelding that has a re-
cord of 2:30 or better.
Third.—Any horse that is the sire of two ani-
mals with a record of 2:30 or better.
Fourth.—Any horse that is the sire of one ani-
mal with a record of 2:30 or better, provided he
has either of the following additional quali-
fications: (1) A record himself of 2:35 or better; (2) Is
the sire of two other animals with a record of
2:35 or better; (3) Has a sire or dam that is al-
ready a standard animal.
Fifth.—Any mare that has produced an animal
with a record of 2:30 or better.
Sixth.—The progeny of a standard horse when
out of a standard mare.
Seventh.—The female progeny of a standard
horse when out of a mare by a standard horse.
Eighth.—The male progeny of a standard
horse when out of a mare whose dam is a stand-
ard mare.
Ninth.—Any mare that has a record of 2:35 or
better, and whose sire or dam is a standard
animal.

diploma in blackboard drawing, the only one he
required to complete the course.

Obituary.
—Mr. James Swain, an old and respected resi-
dent of Ops and one of the pioneer men of that
township, passed away suddenly Sunday last at
noon. Mr. Swain had been in town Saturday
in apparently his usual good health, and on
Sunday after partaking of dinner sat down to
read. Shortly afterwards Mr. Swain was en-
gaged in another room, heard an unusual
noise, and hastening in was just in time to re-
ceive him in her arms as he fell. Assistance
was summoned, but he never rallied and died
in half an hour. Heart disease is supposed to
have been the cause. Deceased was a native
of Wexford county, Ireland, and came to Canada
in 1841, settling in North Williamsburg, York
county, some years later he removed to Lin-
dsey and engaged in the manufacture of pumps,
later on taking up land and entering upon the
laborious life of a pioneer farmer. Of a large
family a brother, Mr. John Swain of North
Williamsburg, was present at the funeral, and
Mrs. Shaw and Mrs. Atkinson, sisters,
alone survive. The funeral took place Tuesday
to Riverside cemetery and was largely attend-
ed.

—Another old veteran has passed over to the
majority in the person of Mr. Hugh Bertram,
father of Mr. John Bertram, ex-M.P. of Peter-
boro, and grandfather of Mr. John Bertram of Lin-
dsey, both now of Toronto. The old gentleman
had been living with his son, Mr. Peter Ber-
tram of Peterboro, and died there Saturday.
The Peterboro Examiner says: "The deceased
gentleman was well known in Peterboro, hav-
ing resided in this county for some thirty
years. While in Peterboro he took an active
interest in everything tending to benefit the
farming community, being a thoroughly prac-
tical farmer himself, and he placed his valuable
old country experience at the disposal of his fel-
low farmers. In politics he was a staunch ad-
vocate of liberal principles, and the effects of
his teachings are to be seen in the prominent
positions taken by his sons, especially Messrs.
John and George, in the political arena. His
wife died a number of years since, and was
buried in the Little Lake cemetery, where the
husband's remains were placed Tuesday. Mr.
Bertram leaves five sons and four daughters—
John, George, Alexander, Peter, and Bill. His
residence in Scotland, Mrs. W. A. Hall, Mrs.
Anderson formerly of Peterboro, and two
Misses Bertram. Mr. Bertram had lived to
enter his eightieth year, and in the course of so
long a life won the respect and esteem of his
acquaintances, who as well as the general com-
munity recognize the sterling qualities that
brought him an honored old age, and his death
brings a sincere regret of all who have
known him as the close of an valuable life."
—The deceased occasionally visited Lindsay,
when his son lived here, and was acquainted
with several of our citizens.

Assessment Notes.
—Blind Tom, the musical prodigy, in his piano
recitals and musical program, brought at the
opera house.—59-1.
—A grand assault-arms will take place in
Bradford's opera house on Tuesday evening,
June 13th, under the auspices of the Ladies
Fencing Club. The famous swordman, Fred T.
W. Miles, late of her majesty's Life Guards and
instructor of the club, will be present. The en-
tertainment will be a unique one to most of
the residents of Lindsay.

"He Sleeps in Jesus."
(In memory of Mr. Robert Parkin, sen., who de-
parted this life Sept. 10th, 1888.)
He sleeps in Jesus, happy thought,
Has reached at last the rest he sought;
From storm without and fears within,
He rests secure from pain and sin.
He sleeps in Jesus, blessed sleep!
From which none ever wakes to weep;
How sweet to lay down care and strife
And wake to everlasting life.
While he waited the blessed hour
When pain and death should lose its power;
How sad submissive to God's will,
He sleeps in Jesus; peace, be still.
Long he had walked life's wearied way,
And wondered at his lengthened day;
At last a light shone in his room,
And Jesus whispered, "Child, come home."
Farewell, I will not wish thee back,
To walk again life's weary track;
I'm glad while my soul shall have abode
I'm high these walking by my side.
Oh, may I thus in patience wait,
Until I near that heavenly gate;
When my enraptured soul shall see
That he is waiting there for me.

OUR JUBILEE YEAR
FROST & WOOD
STEEL-FRAME SINGLE APRON
BINDING HARVESTER.
Steel Wheels! Improved Binder!
The Newest! The Best!
THE MACHINE
Is very much lighter than any other Binding
Harvester without sacrifice of strength or
effectiveness. The other leading and most im-
portant new features are the single apron (in-
stead of three aprons as other harvester) and
the open rear. The back of the Harvester and
the Binder can be kept closed or left comple-
tely open from grain wheel to head carrier,
and the tallest, the shortest, the ripest, the
greenest, the most tangled, the foulest and the
most weedy crops are all handled as easily and
as well as crops of medium size and in fine con-
dition. This result has never been achieved
before.
It attracted much attention at the Toronto,
Kingston and Ottawa Fairs last fall and was
pronounced by all who saw it in operation as
the most complete and satisfactory Binder ever
put upon the market. See it before purchasing.
In addition to the above we are manufactur-
ing for next year's trade the Daisy Reaper,
the Model Mower, the Tiger and Kansas
Mowers in large quantities in large variety,
Steel Frame Sulky Plows, and Spring
Tooth Harrows.
