-Mrs. W. Conroy of Susquehaums, Ps., ate some wild parenip the other evening. She was thrown into convulsions and died In a few house, -The Indians in Athabaeca are rep to be in a deplorable condition for want of food and supplies, and to be in danger of externation by starvation.

-A despatch from Salt Lake City says the Union Pacific ratiway has began to build an independent line from the Missouri river to the Pacific coast, owing to implementations in its relations with the Southern Pacific.

-Michael Higgins, the Window man who fired schot gun at a couple of children for picking fruit from his orchard some time ago, has settled by paying the father of the children \$75, besides the cost

The "faith cure" is credited with the death of Maria Olsen of New York, She had typhoid fever, and her husband, relying on the efficacy of faith and prayer, declined to summon a doctor. The cure failed to have the desired result, and the husband is now in jail, charged with being an accessory to his wife's death.

- Mr. and Mrs. A. B. Carlisle of Petrolia claim to have the smallest baby in the world. When born about a month smo only eight inches in length. Up to the present time the little one has gained but one pound in weight. The baby is formed perfectly and inlively as a cricket,

-Two English cases are reported in which blood poisoning from wounds by creatures of the farm yard caused death; one farmer died from a trivial bite given by a horse he was dosing, snother from having his thumb spurred by a vicious cock. Not in the bite, but in the neglect to supply timely remedy lies the great dan-

-There is a marvellone girl in Lake Village, N.H. The other day she was playing at home with a rope around her neck. The house was struck by lightning, and. as the story goes, the rope was destroyed by the electric current, but the child escaped uninjured. A month ago the same girl was struck and thrown into a ditch by the locomotive of an express train, but vas no hurt.

-A French woman has invented one of the most original methods of dealing with a refractory child ever revealed to the pub-lic. She fastened on the hat of her eightyear old daughter, who had been naughty, a placard inscribed with the words, "Madeofsetle is a thief and a liar," and walked her through the streets. It took a police-man to rescue the lady from the mobbing of an indignant crowd.

- During some manouvres of the German cavairy at Breig a woman and her little boy got in front of a regiment of cuirassiers charging in full gallop. The leading officer in the regiment shouted to her to lie down and she did, lying upon her boy. The whole regiment passed over without injuring her, every horse in whose track she lay having been made to jump over her.

-A Miss Chauncey of Columbus, Ohio, had a fright that will doubtless teach her a lesson. She used for her complexion a mixture of arsenic and nitrate of silver. Then she went to white sulphur springs ard took the baths. The sulphur decomposed the silver salts in her skin and turned her so black that she has gone into refrement and will not be seen again for a

-That cost mine at Lawrence station, near St. Thomas, about which there has been so much talk, has not been discovered, as was expected. The company of local gentlemen who bonded a number of farms in the vicinity of Lawrence put a gang of men to work on Monday last. They dug and bored, but could find neither coal nor hard-pan. The well on Mr. Rochester's farm, where the samples of coal were alleged to have been taken from, was pumped dry and the bottom of the well dug out, but nothing but mud of a superior quality was found.

A Russian wenered officer who has been on a tour of observation in England during the last three weeks said in an interview respecting Bulgaria's independence: "You may rest assured war will break out between Russis and Austria much sooner than is expected by the most pronounced pessimist. I believe that Bis-marck will shuffle out of the triple alliance on this occasion and that Italy will come o grief. I do not think that England will be dragged into the conflict unless for the protection of her Indian dominions, but these will stand in little if any danger. Of course, France will be alifed with

President Van Horne, being interview. ed at Hamilton relative to the Canadian Pacific's proposed American connection, said it was the intention of the company to have such a connection, and while it would be, perhaps, subsequent to the building of the line into Hamilton, it was an as sured thence. "We have decided," said he, "to build a bridge for ourselves across the nents for this connection with six leading American railways, and will be able to run into Buffulo on the most advantageous terms, and will have thoroughly first-class envernment to band over to secommodations at the end of the line, as

-A Boston writer dubs the maritime provinces the New England annex because they supply the Eastern State with so large an immigration. It is estimated that examine the sale of furniture for conto the United States by water last year, and that the average of the exodus has been from ten to twelve thousand annually during the past fifteen rears. Many maritime province people cross the line on speculation; others secure situations in sevence through employment offices devoted en-tirely to the fluding of work for "provincinimia," Encorn Considers are much in demand because they are so sober and so industrious. The circumstances speak well for Canada; but it is not pleasant to reflect that so many people expatriate themselves

The past summer, it is said, has been one of the driest seasons that has ever been standing the great drought, crops and cereals of all kinds have done remarkably wall. The prairie fedder, however, has not yielded to a theifty point, in consequence of which estile will suffer during the approaching winter. Stock functors fervently pray for a moderate winter. I must written it was too mild, only 250 one A Quebec, to be heard which the thermometer registered at zero and shove freezing point. In the Nicola division farmers have suffered greatly from the grasshoppers having devoured nearly deviate the bon and the state of the state o

-When the steamship City of Puebla reached San Francisco on Menday night of last week from Victoria ten 5-tael boxes of opium were found secreted in the fire-room by custome officers. The opium was valued at \$2,000.

Desiers in potatoes in Ottaws appear to be doing a lively business. Potatoes are worth \$1 a bag in Montresl, and the Ottawa desiers, who go around the coun-try and buy all they can at about 35 cents per bag, ship them to Montresl at an en-graphic world. ormous profit.

The syndicate working the Foxton phoenate mine at King-con is raising about fifteen tone daily. The company has a contract to supply a firm in Germany with phosphate which will take two years to fill. Boyd Smith of Washington has a market for 10,000 tons of phosphate. He will raise it this fall.

Three large cases of plate-glass, consigned to the Hobbs Hardware Co., were being hauled to the company's warehouse in London, Ont., a few days ago. Sudden-ly the chain fastened around the cases broke, and the latter fell to the road with a crash. Scarcely a piece of glass was saved. The loss, which will be heavy, will, it is understood, fall upon the transfer company.

-A suicide under revolting circumstances occurred at Toronto on Saturday. An old couple named Staunton were drinking together and on getting up in the morning Staunton announced his intention of killing himself. He went down stairs and hanged himself. His wife followed and cut him down, but got afraid and went away and Staunton again attempted suicide, this time with success. An inquest will be held.

-News of the discovery of rich gold bearing quartz in the province of Canton. China, one hundred miles from the city of Cauton, has been received at Portland, Oregon, by Seld Beck, a prominent Chinese merchant. The discovery was made five months ago. Experts from New York who examined the ledge report that the rock assays about \$400 per ton. The ledge is a mile and a half long and about thirty feet thick. The governor of the province, when he heard of the discovery, issued a proclamation against mining. A company of Americans propose to work the mine.

- The Berlin papers assert that the fresh complications respecting the czar's visit to Berlin, by which that event is indefinitely postponed, are due to the fact that Empefor William contemplates a visit to Constantinople while on his way to Athens to attend the marriage of his sister, Princess Sophie, to the Crown Prince of Greece. Whether the Russian emperor objects to the kaiser's visit to the sultan or merely wishes to postpone his own visit until the rulers of Germany and Turkey have concluded their conference is not stated.

-The Cologne Gazette says: General Obroutchoff, the chief of the general staff of the Russian army, submitted to the czar tast summer a report urging that a second line of rails be laid to the western frontier. In spite of the opposition of the minister of fluence the proposal is being carried out. Eight million pounds of rails and three hundred locomotives have been ordered for delivery in May. This mea-aurs completes the strategic network of Russian railways, increasing their capa-

-The health of the Prince of Wales has so far improved that the apprehensions clot of blood, which caused so much anxiety a month since, are for the moment allayed. Unless something unforseen occurs. Prince Albert Victor's Indian program will be carried out. But the Prince of Wales has been warned of the probable consequences of any undue exertion while in Scotland, and is advised to take as much rest as possible during his visit to Greece.

The Hamilton Times is authority for the statement that the Grand Trunk between Hamilton and Toronto will be double-tracked at once; and that the work of laying out the ground, committed to Mr. Hobson, will be gone on with in a few No additional right of way will have to be secured. The double track is to be built as a matter of necessity, and is not dependent on the construction or nonconstruction of a rival road or roads. A double track, while ensuring greater ex-pedition in the movement of freight and passenger trains, affords new assurance of ifety; and it will be a clear advantage to have this convenience between the great manufacturing city and the commercial and political metropolis of Ontario.

-The brig the "Three Sieters," belonging to Gothenburg, which recently dis-charged a cargo of deals at Leith, is a remarkable instance of the length of time a vessel can stand the wear and tear of the orean, says the Timber Trades Journal. This years has traded to many ports for ninety-two years, having been built in 1797 at South Shields, and, as may be readly believed, has encountered many a storm. Notwithstanding her great age, she has sailed from Leith for Gothenburg, to all appearance as sound so she was when first

-A Detroit telegram says: Harry C. Kimball, a confidence man who has been Kimball, a confidence man who has been operating the International marriage association at Mt. Clemens, a medium for the introduction of those matrimonially inclined residing in any part of the United States, was arrested at the Detroit postoffics Monday morning. From his record at police headquarters it appears Carning. ton, Ont., is his home, that he was charged with robbing the posterice kept by his father and was also charged with rafe-breaking and arron at the same place. Kimball and a man named Forbes were sent for one year each to the Toronto cen-tral prison at Toronto a few years and for confidencing a man out of considerable, money. Kimball is wanted at Grand Rapids on a charge of grand larceny. He was arrested here in February, 1887, and on conviction of being a disorderly person

-The articles of incorporation have been filed for the Joggins Raft Co., which is to handle Canadian and American timber on the Pacific. The company begin on a paidup capital of \$300,000, with a reserve of
over double that smount. Col. J. M. Donahne of the San Francisco and Northern
Pacific company, and J. D. Spreckele, two
of the largest capitalists of the Pacific
coast, are basking the scheme. The company will build rafts of eight million to
twelve million fast, making them as large
as consistent with the season. These rafts
will be towed by tug- to San Francisco,
where the mills will be situated. The entire cost of construction of an eight million foot raft will, it is said, not exceed
\$15,000. This means an enormous saving,
and a freight rate of approximately \$2 per
thousand feet, which will emoble the company to place lumber much cheaper on the
market than at present. the Pacific. The company begin on a paidWIDLAND DISTRICT NOTES.

The power of smaller's love was recently demonstrated in Napauce. Mr. D. C. McHenry, M. A., headmaster of Cobourg collegiate inetitute, died, and his aged mother saw the earth pipe over her dear one with the agenty of one who has consigned to the deep her last cherished hope. Broken hearted, with nothing more to live for, she returned home and drooped as a faded flower, dying within a week of her son's funeral. ion's fune

-The children of William Lett, near The children of William Lett, near Ringston, chared a large snake carrying a bird, and rescued the songster. Then the snake pursued the little folks, and they had a mount a stump for protection. The snake raced around the stump, spitting furiously at them. A neighbor heard the cries of the children, went to their rescue, and after great trouble killed the reptile, one of the largest ever seen in the neigh borhood.

-Sam Plain, who lives near Lawrence in the county of Elgin, served a term in the Kingeton penitentiary, and when he was released there was also a man released med John Davis. They struck off together and went salling on the unsalted seas. Plain ultimately returned nome, and Davis a few days ago came to visit him. Davis brought his visit to an end on Saturday, and when he left he took with him a horse and buggy and an overcoat and whip belonging to John Plain, father of his old comrade Sam.

-Mr. Sellars of Kingston, aged 99 years, walked down to the city hall last Monday morning and chatted with the officials. He morn ng and chatted with the officials. He was born in Frontenac, now Tete-du-Point barracks. He is very active and capable of talking entertainingly on many topics. He told the mayor that he was the most capable magistrate the city ever had. He recalled the time when Kingston was but a wilderness. Its prosperity was great, but he hoped to see it grow more and more. He is heir to a Scottish estate, as to which he cheerily remarked, "I will look after it one of these days."

one of these days."

—George Clute, alias Geo. D. Morrison, alias Geo. D. Bigelow, alias Dr. Bigelow, has been arrested at Brockville, charged with being possessed of three wives. His first wife, a Lancaster, Ont., woman, he married in June last. His second is Ida Thomson of Truro, N. S., whom he married in August last, and his third is Mrs. Munroe, a widow of Lyn, Ont., whom he married on Monday last. The motive in each case was to get possession of the woman's property. The prisoner's right name is George Clute, and he was born at Clayton, N.Y. A good part of his life has been spent in prison. spent in prison.

-On Saturday afternoon at Campbellford two little girls named Frankie Lawrence and Nellie Platt, aged about twelve and eightlyears respectively, were playing in a boat near the river eide, when the boat began to go down stream. Fearing it would go over the dam the Lawrence girl got excited and ran to the end where the other girl was sitting, and in so doing tipped the boat, so that the Platt girl fell into the river, while she herself climbed on a hoom and got out. The shoute brought a crowd at once and a boy named Rendle swam out and caught the Platt girl, but he was so exhausted that he could not hold her and a plank had to be shoved out to aid him in. Boats were got and in about twenty-five minutes the body was recovered, but life was extinct.

Smith & Crooks, called to the har in 1844. Smith & Crooks, called to the bar in 1844, made a Q C. in 1862; elected member for West Northumberland of the legislative assembly in 1854 and twice re-elected; appointed postmaster general in 1858 and took a lerding part in the negotiations which led to the imperial sub-idies of Canadian steamship lines; resigned in 1862 when the government was defeated on the militia bill; was appointed inspector registry offices for Ontario in 1866 Among measures introduced and carried through parliament by Mr. Smith were the consolidated jury act and the chattel mort-gage act. In politics he was a conservative. He was an active religionist and identified himseif with the "saved army." In 1844 Mr. Smith married Miss Bennett of Cohours, by whom he had several children, felt by his relatives as to the existence of a clot of blood, which caused so much anxie- of Dominion lands, and snother, Sidney, a chief clerk in the post-office department at Ottawa-

GOLD AND PORCELAIN CROWNING (without plate), practiced by MR. GROSS, with great satisfaction to a large number of ARTIFICIAL TEETH inserted by the most

ARTIFICIAL TEETH inserted by the most spproved methods and principles for securing perfection of fit, comfort, asefulness, durability and beauty, on Go.d, Silver, Celluloid and the Artistic Centicuous Gum. Also in all the harmless dental Rubbers, and at the lowest living prices. All sets of teeth finished and fitted to the mouth by Mr. Gross himself, or under his personal supervision, which will account for the satisfaction given by his work. The introduction from time to time of the latest appliances for the administration of VITILIZED AIR and GAS, enables Mr. Gross to announce constantly increasing success in the use of these anæsthetics, no pain, no accidents, no torn gums, consequently no dissatisfaction.

The best methods of preserving the natural teeth by filling with Gold and other reliable materials, has been made a study for nearly THIRIY YEARS by Mr. Gross, and special attention and care is given by him to this branch of his business. No unnecessary pain in filling. in filling.

Don't fail to call on Gross, at his office over Kennedy s store, Kent-st, and see specimens of his work. Lindsay, May 2, 1889.

J. NEELANDS,

The Oldest Established Dentist in the part of Canada.

Gas, Vitalized Air (so called). Mr. Neelands has had almost unparelleled success in the use of this anæsthetic in Canada. Administered by him constantly for about 16 years. He has extracted as many as 23 teeth with one dose, and the patient leaving quite well and attents.

well and strong.

Mr. Neelands made a special study of this anæsthetic under Dr. Colton, of New York, the first person who gave it for extracting teeth and who has administered it to 146,000 persons who have a special study of this and Colorance. without an accident. Tiffine and Cocosine used for those who do not wish to take gas. Electric Light for operations after dark.

ARTIFICIAL TEETH

Inserted on English Black, Imperial, Red and Pink Rubber; also on Gold Altoy, Gold, Silver and Celluloid. Prices ranging from \$10 to \$65 for an upper or under set. Mr. Neelands carries a stock of about 10,000 teeth to select from, Best of material used. Teeth filled to last a life time. Many have been inserted for over 20 years. 20 years.
