Read the Best Weekly Newspaper and Family Journal in the Country.

THE WEEKLY EDITION OF THE SPRINGFIELD (MASS.) REPUBLICAN, which was established in 1824 by Samuel Bowles, has recently been enlarged to 12 pages or 84

dumns. The price remains at \$1 per year, or 10 cente a month for shorter periods. This generous enlargement, adding 28 columns to the capacity of the paper, allows the introduction of many new and attractive features.

The news of Western Massachusetts and New England in particular, and of the world in general, is now presented in a more thorough manner than ever before. The news is not thrown together in a promiscuous fashion, but is carefully edited and intelligently

The valuable literary department, for which the sper has always been famous, is made richer and and more comprehensive. A sermon or other serious paper is printed every

week, selections being made from the leading preachers of the various religious bodies, and often from the local pulpits of Western Massachusetts. The religious news and discussions of the day is also carefully reviewed.

A bright, entertaining and wholesome original tory, and also an attractive department for young people, are regular features. Each number contains a good variety of original or

selected poetry. The special interests of women in the way of education, work, household affairs, dress, etc., receive liberal attention every week. Interesting letters from regular and occasional cor-

sepondents are more fully given than has hitherto been possible. The news of the theatres and of out-door sports is presented when interest and importance justify. Agricultural news and hints for the farmers are

carefully gathered and occupy more space than formerly.
