"Swipes" Apologizes to Mr. Sidney McKen-The Warder says: "We have received a letter from Mr. Sidney McKennie of Beaverton for "Swipee," calling for an explanation and re-"Swipee," calling for an explanation and retraction of any reference made to him by that writer. The Warder is authorize on behalf of the writer to withdraw any references made to Mr. McKenzie as they were introduced only in rebuttal of a charge made by another against the honor of Swipee and were not intended to be directed against Mr. McKenzie. There is no feetre of intention on the part of Swipee to draw Mr. McKenzie into the controvery since he expresses a wish to be freed from it. The statements are therefore withdrawn. A very interesting letter from Mr. McKenzie against Mr. Barron will appear next week." What hold has Mr. McKenzie over "Swipee" A good many years ago, we are told, Sidney made contain very serious charges against Swipee and defled him to proceed, but swipee considered pridence the better part of valor. The Esturion made her last trip to Lindsay this season Saturday last, being delayed several hours by ice. During six and a half months' mavigation Capit Lane missed the train connection but twice—once caused by delay at the different landings owing to a heavy wind, and again late in the season, the cause being an impenetrable fog. This is a record creditable alike to the company and to the officers of the steamer, as well as satisfactory to the public.

Picturesque Lindsay Done in China. Mr. Macfarlane Wilson, the enterprising proprietor of the China Hall, ha introduced a novelty that will please the popular fancy. They have had views of the leading churches, buildings, etc. of Lindsay, and sent to Germany and a "plate set" (cup, seucer and plate) made giving two of the views—on the cup and plate, it is a charming idea, worked out with great skill, and giving a capital series of pictures. The price is quite low, considering the beauty and excellence of the article. One can take tea and doctrine as it were at once, and have his muffins grounded in law to wit, the court house. Some care may have to be taken in making presents for the consequences might be serious if a Preebyterian D. D. were to imbibe Bohea and Arminianism (from a cup with the picture of the Methodist church) or if a high church parson found himself taking Souchong from an evangelical (St. Paul's church) medium. Consequences still more alarming can be easily imagined, but we pause with a recommendation to give the China Hall an early visit. novelty that will please the popular fancy.

The Warder's Attack on Mr. J. D. Mac-In extenuation of the publication of "Swipes"

In extenuation of the publication of "Swipes" attack on Mr. J. D. MacMurchy of this town the editor of the Warder makes two statements regarding Mr. MacMurchy that are, we are informed on the very best authority, wholly foundationless. The editor of the Warder asserts that he secured for Mr. MacMurchy a continuation of his Eins Life incurance agency when he was in danger of loving it, and also in addition an increase of some hundrede of dollars yearly salary and an extension of territory. It is due to Mr. MacMurchy to say that there is no truth whatever in these statements. The editor of the Warder further sates that "to our influence he (Mr. MacM.) owes the income and position he enjoys as secretary of the board of trade." This statement is as untrue as it is contemptible. It will be seen from the minute book that at the annual meeting of the board of trade held 16th Feb. 18 W., the following committee, Mesers. C. R. L. Portsous J. Kennedy, J. W. Wallace, T. B. Dean and L. Maguire, was appointed to report on nominations for the position of secretary treasurers of the board of trade at next meeting. At the next meeting of the board held Feb. 28th, 18c6 the committee reported in favor of Mr. J. D. MacMurchy as sectreas, and recommended his appointment. The board appointed Mr. MacMurchy by a ananimous vote, the following members being present, Mr. J. Dobson, president in the chair: Mesers. J. R. Doso, beran, L. Maguire, R. Smyth, F. C. Taylor, Wm. McDosnell, W. M. Robson, Sam Hughes, C. E. L. Portsous R. Touchbura, R. Rryans, J. H. Leanen. It is a piece of superlative cheek on the part of the editor of the Warder to claim that he could have influenced any of these grantlemen named to make an appointment unless the candidate had been in every way acceptable to them. As a matter of fact we happen to know that Mr. Portsous suggested to Mr. MacMurchy bimself personally saw every member of the beard at home at the time 37 out of 420; and was quite heartily and cordinally promised support by all, irrespective of politi attack on Mr. J.
