"Try Ayer's Pills"

For Rheumatism, Neuralgia, and Gout. Stephen Lansing, of Yonkers, N. Y., says: "Recommended as a cure for chronic Costiveness, Ayer's Pills have relieved me from that trouble and also from Gout. If every victim of this disease would heed only three words of mine, I could banish Gout from the land. These words would be-'Try Ayer's

"By the use of Ayer's Pills alone, I cured myself permanently of rheumatism which had troubled me several months. These Pills are at once harmless and effectual, and, I believe, would prove a specific in all cases of incipient

Rheumatism.

No medicine could have served me in better stead."—C. C. Rock, Corner, Avoyelles Parish, La. C. F. Hopkins, Nevada City, writes:

"I have used Ayer's Pills for sixteen
years, and I think they are the best Pills
in the world. We keep a box of them
in the house all the time. They have oured me of sick headache and neuralgia. Since taking Ayer's Pills, I have been free from these complaints."

"I have derived great benefit from Ayer's Pills. Five years ago I was taken so ill with rheumatism that I was unable to do any work. I took three boxes of Ayer's Pills and was entirely cared. Since that time I am never without a box of these pills."—Peter Christensen, Sherwood, Wis.

-- English capitalists have purchased for 8600 000 the rapid firing cannon invented by Licuts, Schroeder and Driggs of the United States navy. The purchasers came to terms immediately after subjecting the new arm to the severest tests after it had been tried and rejected by United States ordnance experts, who as usual, could find no merit in this piece. It is stated that the transaction was completed in the quickent possible manner, the purchase price being paid in full in cash. The gun a made of very strong steel and can fire a shot three miles. Its advantages are, in addition to its light weight, its rapid firing cap city, which is three times as fast as the

famous English Armstrong gon. -A London cable says: Mr. Gladstone has an eleven-page article in the December his com he good to the court room, where Century, in which he predicts that the next general election will result in a home rule triumph and a majority in its favor in the house of commons of from 30 to 116.
The Times thinks it strange that in the fact of his party having gained eleven seeks Mr. Gladatone should be able to find so much material for a review. But the most interesting sentence in the Century Note that the second of the se

On Wednesday Mrs. Eli Bousey of Malden, Ont., presented her husband with three fine children—two buys and a girl. The children average over five pounds each. All are deing well.

At a meeting of farmers and millers held in London, Out., Monday, the differential duties on wheat and flour were discussed, the unanimous opinion being that they were very unfair to the Canadian miller and against the interests of the Ontario farmer. tario farmer.

—Miss Florence Narcalle, an Indian lady from Grand river reserve, near Brantford, arrived at Ottawa last week to take a position in the department of Indian affairs. This is the first instance on record in which an Indian lady has secured an appointment in the departmental build-

—It seems the colonies have begun to govern the mother country. The London dockman's strike was almost wholly an Australian affair. The published accounts show that of the receipts during the strike, amounting to £48,000, no less than £31,000 came from Australia. The British unions contributed only £4,000. The inference is that if it had not been for the generous contributions of Australia the strike would have been a failure for want of funds. -It seems the colonies have begun to

have been a failure for want of funds.

—An invention is reported in connection with the storage of electricity, by which energy enough to keep an arc light burning for seventeen hours can be stored in a small glass bottle. Street cars have been running in New York and other places for upwards of a year past propelled by electricity stored in ceils beneath the seats, and the only thing that has retarded the development of the principle has been the weight of the cells and the percentage of power lost. If the invention reported is verified it will enable electricity to be applied economically in many ways, and applied economically in many ways, and will go a long way towards solving the problem of doing away with the deadly

wires. -Among the things that most excited the admiration and curiosity of visitors to the admiration and curiosity of visitors to the Paris exhibition this summer were a number of illuminated fountains in the grounds, throwing up jets of water that changed from one color to another without any one being able to understand how it was done. Fountains of a smilar character were exhibited in one of the famous gaf-dens in Parisin. The secret is now out. dens in Berlin. The secret is now out. It appears that a strong light is concealed below the jets from which the water is forced, and a number of plates of colored glass are so arranged that by means of a simple mechanism they are brought alternately between the light and the water jets, imparting the colors to the water. Now that the exhibition is over it is

the Alsace-Lorraine frontier. The other day a family in Lorraine, near the border, expected a party of relatives from over the line to lunch with them. The French family didn't think it necessary to get a passport for such a short visit, but the German official refused to let them cross without it. They therefore turned back into France and slighted. In the meanwhile their Lorraine relatives, who had seen their retreat, had gone home, and returned with knives, forks, plates, glasses and a hot dinner. The cloth was laid across the frontier upon a patch of smooth grass and a merry picnic was held, each party sitting on its own soil. The German officials stood by the whole time, ready to arrest the strangers in case they overstep-

that he has from the very outset been extremely averse to making the trip, and that he has regarded his Indian Odyssey with the most gloomy forebodings. The news, therefore, that on the very first day of his arrival in Bombay the elephant on which he was riding stumbled and fell, and that at a later hour on the same afternoon the horses which he was driving bolted and smashed his carriage to pieces, has been received with much uneasiness in Loudon. It is true that the prince escaped on each occasion with nothing beyond few scratches and a severe shaking; but the fact remains that the two accidents on the same day are regarded by the super-stitious as an exceedingly ominous beginning to the Indian tour of England's future

-A conservative conference was held at Nottingham on Tuesday. Lord Salisbury said the views of Mr. Gladstone looking to the separation of Ireland from Great Britain were making no progress. The bye-elections for members of parliament were mere skirmishes and not fought on the main lesues. He declared he was in fayor of forming a national party, which must, he said, grow gradually. Such a party could not be created by one man. Lord Salisbury addressed a mass meeting in the evening. He said he wouldn't support the eight hours' bill. It will be a great mistake for workingmen to have it passed. He say.—72-1y. favored an extension of laborers' allot-ments and gave a qualified approval to free assisted to emigrate.

-Archbishop Walsh arrived in Toronto last Wednesday night to take charge of the archiepiscopal diocese, and was received by a large number of Roman Catholic citizens. At a gathering in St. Michael's cathedral addresses were read on behalf of the clergy and laity, and the papal brief An extraordinary case of cruelty is reported from Preston road, N.S., an old man Kennedy, seventy years of age, being accounted of making his 11-year old son live in the woods night and day during the next three woods night and day during t excitement. They gathered on the corner of Shuter and Church ets., and as the procession reached that point showered stones apon the carriages which composed it.
One stone breaking through the window
of the archbishop's carriage, struck his
grace upon the arm and inflicted a severe bruise. The police immediately dispersed the crowd, but in the dark it was impossible to make arrest of the guilty parties.

MIDLAND DISTRICT NOTES.

-A body was recently stolen from a cemetery near Tweed, and two sons of the deceased are in Kingston searching for the corpee, as there is suspicion it was stolen by a Queen's medical student.

- David Cundill of Newmarket has been sentenced to six months in the central prison by Judge Macdougall for placing paris green in the field of Mrs. E. Graham of King township for the purpose of poisoning cattle.

-Silas Mann, one of the first settlers of the township of North Gwillimbury, and who was widely and universally respected, suddenly dropped dead while getting out of his sleigh at the Royal hotel, Newmarket, on Saturday. Deceased was about 60 years of age, and was always a very hearty

-The last swindle reported occurred near Bath, where a W. J. Wickham of Toronto undertook to purchase 20,000 acres of land on which to colonise a number of well-to-

An Interesting Report.
On page eleven, of Bulletin No. 10 of the In

land Department, which has recently been is. med. Prof. A. McGill of Ottawa, who has had charge of making exhaustive analysis of baking powders for the Government, remarks in referring to imperial baking powder, that "this is an ring to imperial baking powder, that "this is an excellent powder," etc. This is a very flattering testimonial, considering that the majority of baking powders in the market are being unfit for use. Baking Powders containing Alum and Phosphate, Prof. McGill remarks, "are entirely objectionable, and ought not to be allowed in any well appointed bakery," As the cost of imperial baking powder is very little more than the numerous cheap adulterated goods referred to, consumers will find it to their advantage to to use "imperial" which they can depend on as being always reliable and the best possible to be had.

Dentistry.

R. F. MORROW DENTIST,

OFFICE OVER CHIKA HALL, PETERBORO.

Nov. 18, 1889 -76 NEELANDS L. D. S. ONT.

DENTIST, By the aid of the new Hydro-Carbon Gas Furnace he can make indestructible porcelain fillings and restore broken and decayed teeth to

their original shape, contour and color. By this process old roots can have porcelean crowns attached; consequently there is no

this process old roots can have porcelean crowns attached; consequently there is no plate required.

Gas, Vitalized Air, administered with great success for nearly 23 years, extracting teeth for thousands of persons without a particle of pain. He uses the latest approved oppliances for administering the Gas. He studied under Dr.Colton of New York, the inventor of gas for extracting teeth, who has given it to over 160,000 persons and not a fatal case.

Mr. NEELANDS uses Ball's Local Anaesthetic for extracting teeth. He is now using a new style of forcep which he had expressly manufactured white on his last visit to New York, which removes the teeth without danger of injury to the gums or jaw, the gums healing up beautifully in a few days and no consequent trouble. Artificial Teeth inserted on all the popular bases and by the most approved styles and appliances for their retention and comfort. Numbers of persons are wearing teeth made by Mr. Neelands over 20 years and never required repairs. Prices from \$10 to \$65 for an upper or under set.

Persons from a distance will please send postei card before caming. Persons from a distance will please send postei card before coming. Office, Kent-st., Lindsay, nearly opposite Congress Hall. Lindsay, Oct. 24, 1889 -72.

W. H. GROSS. L.D.S., M. R.C.D.S., Ont.,

DENTIST LINDSAY THE PUPULAR GOLD AND PORCELAIN CROWNING (without plate), practiced by MR. GROSS,

with great satisfaction to a large number persons.

ARTIFICIAL TEETH inserted by the most spproved methods and principles for securing persection of fit, comfort, ascfulness, durability and beauty, on Go d, Silver, Comuloid and the and beauty, on Go d, Silver, Centuloid and the Artistic Continuous Gum. Also in all the harmises dental Rubbers, and at the lowest living prices. All sets of teeth finished and fitted to the mouth by Mr. Gross himself, or under his personal supervision, which will account for the satisfaction given by his work.

The introduction from time to time of the latest appliances for the administration of VIITLIZED AIR and GAS, enables Mr. Gross to announce constantly increasing success in to announce constantly increasing success in the use of these anaesthetics, no pain, no ac-

idents, no torn gums, consequently no dissatis faction.

The best methods of precerving the natural teeth by filing with Gold and other reliable materials, has been made a study for nearly THIR: Y YEARS by Mr. Gross, and special attention and care is given by him to this attention and care is given by him to this attention and care is given by him to this branch of his business. No unnecessary pain in filling,
