Mr. John H. E. formerly district agent and manager of the Singer sewing machine, Lindsay agency, who was removed to Peterboro about a year ago, has been successful in placing the business of that office upon a most satisfactory footing, and received orders to return to Lindsay last week.

The work of getting out next summer supply of ice for Dundas & Flavelle Bros. cold storage-house was commenced early in the week just above the lock, but the quantity of ice was so inferior that it was decided to suspend operations for a while in the hope that a cold wave may visit us and leave a deposit of ice-glacial Songoosqua pure.

P. M. Deason was at Woodville on January 28rd and lined a couple of hotels, near the burg for allowing raffish to be held on their premises, contrary to the regulations passed by the license commissioners of W. Victoria. Those interested will do well to consult clause 4 in the future, wherein they will discern what may possibly be their advantage.

We are informed that Mr. Donald Jackson, who resides near Woodville, intends disposing of the fine herd of thoroughbred (with-out-leave) to a sale to be held about the end of February. The herd numbers about 25 head, including six or seven fine yearlings and Mr. Jackson possesses clearly-traced pedigree for all. Posters announcing date of sale will be issued later on.

The first case of 'la grippe' incubation came before P. M. O'Leary early in the week. The eristic case traced that he had merely contracted the grippe from his physician's prescription, and he had not anticipated such disastrous consequences from the medicine he had imbibed. The explanation was taken as good and sufficient, and the 'grippe' eristic case was allowed to go.

A visitor to Sylvester Bros. factory will notice little traces of that partial dulness characteristic of almost every branch of industry at present-in fact, to put it more correctly, he will notice none whatever. The full staff is hard at work manufacturing the various makes of farming implements, that have been for some time such an enviable reputation, and one that is being every year added to. Besides arranging to supply the needs of a large home trade the firm have provided for a constantly increasing North-west demand, six agencies being already established in the territory. These supply depots are taking of steel drills alone, sixty per cent, and of saws, and other implements of breaking plows and other implements, and orders for the celebrated light steel binder are coming in freely. When the season of a dull year prospects for the future may fairly be held to be bright and promising.

The Masquerade Carnival. In announcing that the event of the season was the grand masquerade carnival held Friday evening last in the Lindsay skating club's new and spacious rink we do not fear that we shall depart from the strict line of rectitude in the slightest degree. Proprietors are said to impart a prejudice peculiarly their own, but in this instance the unavoidable defect, attributable alone to the weather, seemed to increase the interest in the coming event. 'What shall we wear at the coming evening' was a prominent topic for weeks previous, and those that were unprepared to make the best of their own, and their friends, had their respective gowns, and thereupon set to work to improve the golden opportunity. The management has provided with a Toronto costumer for the benefit of those who were at a loss for a suitable costume, but could not guarantee a sufficient number of orders, hence all were thrown upon their own resources, and the result was a striking demonstration of the inherent artistic taste of the ladies and gentlemen. On the part of the management no pains were spared to make the rink look as attractive as possible, and they succeeded admirably, the large building being festooned and decorated in a most effective and pleasing style. Over the main entrance was placed the resplendent motto, 'Welcome, Friends' which fitted in admirably with the genial demeanor of the carter, Mr. W. Dement, who had the fine sheet of ice in perfect condition. At about 8 o'clock a number of about 100 in all, about a gliding about to the inspiring selections rendered by the Toronto band, the ladies and gentlemen, being about three hundred, spent an hour gazing at the identity of the maskers constantly changing by, and the signal for unmasking was given, that very often their hazards were very wide of the mark. The grand masquerade dance were particularly pleasing efforts, and added much to the enjoyment of the spectators. Following are the names of the winners in cards describing their costumes. Many in town and from a distance failed to comply with the rules, consequently their names do not appear:

- Mr. Geo. Walters. McGinty's Snaggy over the wire for cup of state to the Lindsay Monday morning. They they did, reaching the village about 12:30. After dining they proceeded to the skating rink, where a lively game was soon in progress. It is but fair to state that some of Bobcaygeon's best players were absent. Following are the scores:

Table with 3 columns: Name, Points, Total. Includes Bobcaygeon, Lindsay, and other teams.

WEDNESDAY. Mr. W. Wilson, J. Brockwell, John Tweedie, F. Knowles, R. Knowles, C. E. Ray, skip..... 29. Geo. Southwell, W. H. Simpson, W. H. Simpson, W. H. Simpson, W. H. Simpson, L. Sewart, skip..... 29. J. D. Flavelle, skip..... 27.
