ECHORS FROM THE CAPITAL.

THE MINISTERIAL CAUCUS. coursed at the ministerial caucus Friday morning. The gathering was held in the cld press room opposite the speaker's entrance to the chember, and both doesn were double tyled and sharp-syed officials kept watch upon the movements of the enemy. The old chieftain addressed the brethren and upon the English and Franch supporters to dwell together in unity, to look at racial and religious questions in the sober light of reason and moderation, and to speak well of encanother. Then Chaplain France led in prayer, and later the premier exharted the brethren not to reshly form opinions on the merits of Mr. Dalton McCarthy's proposition, but to give their best thought to the question and to return later for further instructions. It is stated that the government propose to consult with their followers at frequent intervals during the section, that one of the main objects in providing the new conservative headquarters was to promote intercourse between their Franch and Ragitals supporters and that the "Old Man" is determined that in future votes there shall be no more boiting among the mini-strialists.

FRIDAY'S EERSION.

FRIDAY'S SESSION. The business transacted by the house during its brief sitting Fridey was unimportant. Mr. Rigar was informed that portant. Afr. Ridgar was informed that the proclamation bringing the copyright amendment act into force had not been issued and that the correspondence with the imperial authorities on the subject would be brought down. He withdraw his motion for correspondence between the Canadian and imperial governments relating to the act providing that no appeal whall be brought in criminal cases from Canadian courts to the imperial privy council. He approved of the position taken by the minister of justice and hoped that in connection with the copyright act he had maintained the same sturdy Canadian ground.

ORANGE INCORPORATION. The petition of Orange incorporation presented by Mr. Clarke Wallace, M.P., Friday afternoon, reade: "That the sesociation known throughout Canada as the Loyal Orange Association of British America are desirous of obtaining an act of incorporation to be published according to the rules of your honorable house, therefore your petitioners humbly pray that your honorable house may be pleased to pass an act incorporating them and such other members as may be associated with them under the name of the Grand Orange Lodge of British America, and as in duty bound your petitioners will ever pray. The petition is staned by N. Clarke Wallace, grand master; R. F. Clarke, deputy-grand master; John Halliwell, M. THE MILLER'S GRIEVANCES. He is young gentleman whose size is smallish, whose hair and side whiskers are reddish, whose profession is the law, and whose home is Lindsay. Young as he is, he has already found him elf old enough to write a couple of books of very good law, and to make for himself the reputation of being one of the most promising men on the left side of the house. He used to be one of the terrors of loper Canada college. Often enough he was flogged by Mr. Cockburn, then headmaster, and his apathy to that gentleman might well be more than merciy political." Mr. Barron, of course, has no antipathy to Mr. Cockbarn. His personal relations with all the members are most pleasant.

A DESERVING CASE. Mr. Hudsp-th on Wednesday presented petition signed by a large number of leading residents of Lindsay praying that a pension be granted to a young man named W. H. Vitch of Lindsay. Veitch was a private in C company, Midland hat tailon, and served all through the North-west rebellion, and on account of the hardship and exposure which he underwent in the campaign he contracted rheu-matiam, and has been broken down in health and unable to work at his trade since. Many so-called diseases are simply symptoms of Catarrh, such as headache, partial deamess, losing sense of smell, foul breath, hawking and spitting, nau ea, general feeling of debility, etc. If you are troubled with any of these or kindred symptoms, you have Catarrh, and should lose no time in procuring a bottle of NASAL BALM. Be warned in time, neglected cold in head results in Catarrh, followed by consumption and death. NASAL BALM is sold by all druggists, or will be sent, post paid, on receipt of price (50 cents and \$7.00) by addressing We have some Lines that we are going to clean out.
