CHURCH MERTING.—There was a large gathering in the Presbyterian church in Sonya, on the evening of Monday, the 24th inet. The meeting was called by the Rev. Lir. Mills, the moderator of the escelon, to consider the question of giving a call to a minister. There was but one name proposed, that of Mr. Macleod, a graduating student of Queen's college. The large meeting was unanimous in desiring to secure Mr. Macleod as their pastor, as soon as he has finished his studies. I understand there is a fair prospect of Mr. Macleod's sceptance, and, no doubt, the enthusiastic unanimity with which his candidature was received will influence him. Should he be pisced here there will then be in schrole, Linday, Endon, Sunderland and Sonya-four young musisters who are personal friends—four able mendourage and help one mother. A motion courage and help one snother. A motion was made requesting the moderator to neoure the services of Mr. A. M. Ma. Rorron,-It is a well known fact that the najority of people are inclined to look upon a cold in the head as a matter of little importance cinvolving at the most only a temporary inconvenience. No more disastrons mistake was ever made. The neglected cold in the head is the source of the caterthal affections with which about seven-tenths of the people of this country are stilleded, and caterth itself is too often the preliminary stages of caterinary in and death. The symptoms of caterin are manifold, but smoon them may be mentioned, effensive breath; dull, oppresive headache; offensive droppings from the nestrile into the throat and bronchial tubes; deafaces or partial deafness; constant hawking and splitting; weak and watery eyes; a hacking cough and feeling of general debility; ringing in the care and frequent distinces. These are but a few of the more general symptoms, and those who experience them should lose so time in applying a remedy—delays are proverbially dangerous, and in the case of this too prevalent disease may lead to death. We offer Nasal Balm to the public as a Poettive Cuns for cold in the head and for caterin in all its forms and stages. Nasal Balm has been tested in thousands of cases, and the testmonials is our possession prove that it is all we claim for it. It has cured other sufferers—it will cure you. The monthly Grecery Bill of the average family is no small item. Be the weather what it may the table must be kept supplied.

Where can this be done to better advantage than by buying from A. CAMPRELL?

Except a large business is done a dealer cannot afford to sell at the Closest Prices. There must be a business profit in each transaction to make the business pay; the dealer to sell; and the Customer to buy.

The large quantity of GROCERIES I handle is the best possible proof that the quality of my stock is always good and fresh. That the prices are sufficiently low the approval of customers testifies.

If you have not yet bought GROCERIES, or CROCKERY, or GLASSWARE, or TABLE GOODS from us we would like you to give the shop a trial and become acquainted with our way of doing business.

We feel sure that you will find great convenience and positive money advantage in the selection of our store, where everything needful in the line of GROCERIES is kept. All Goods delivered promptly and in perfect condition.

TO TALK ABOUT

Well. Let us tatk about

The subject is not a burning one usually at this time of year; it is a cold or wet one, but that is not as it should be.

Dry and warm is what we propose to make it for you, and another fact we can add to it is, we will make it a profitable and cheap transaction in your case if you will let us. We have too many BOOTS and SHOES of all kinds. We wish to turn them into Cash. And for that reason the advantage is all in your favor. Prices are of no account. Boots must go, they have always been down trodden and oppressed servants to the human race; but now more than ever. That being the case, bring along your money and the BOOTS, SHOES, SLIPPERS, RUBBERS. MOCCASSINS or anything else we have are
