

Ayer's Medicine

Good News!

No one who is willing to adopt it right now, need be long afflicted with boils, carbuncles, pimples, or other cutaneous eruptions. These are the result of Nature's efforts to expel poisons and clogs matter from the blood, and show plainly that the system is ridding itself through the skin of impurities which it was the legitimate work of the liver and kidneys to remove.

Freedom

from the tyranny of depraved blood by the use of this medicine. For many years I was afflicted with a skin disease that would not yield to any remedy from the local or the best of Ayer's Sarsaparilla. The use of this medicine the complaint disappeared. It is my belief that no other medicine could have effected so complete a cure.

Ayer's Sarsaparilla

PREPARED BY DR. J. C. AYER & CO., Lowell, Mass. Sarsaparilla. 50¢ per bottle. Worth 50¢ a bottle.

The Canadian Post

LINDSAY, FRIDAY, MAY 16, 1930.

NEWS OF THE WEEK

HOME AND FOREIGN ITEMS OF INTEREST

Gathered from the Telegraph and Exchange.

The use of the Russian language in the schools of Finland has been made compulsory.

Parliamentary council has voted to exclude Canadians from working on corporation jobs.

William O'Brien's application for a new trial in his case against Lord Salisbury, has been refused.

W. F. B. Doherty, a colored student, won a prize for his paper for declamation at Harvard university.

James Cresswell, a farmer living in Naples, died suddenly last Friday at the Royal Hotel in that town.

A Mr. Donstedt of the village of Blair, Ont., died Friday of a heart attack, which from a horse the previous Wednesday.

The war in Bohemia is practically ended. Fighting was confined to a few villages, and the rest of the country is in the hands of the French.

A sensation has been caused by the discovery of large and systematic thefts of books and other articles from the library of the University of Toronto.

There is a sensible movement in Ontario to have the English language written in the English language. Numerous petitions have been presented to the government.

The result of the experiment with the sugar beet in Ontario, conducted from 1927 to 1929, has been generally very promising. The yield per acre averaged over twenty tons. It is hoped that the result of this season's operations will be successful, as the value of the product of one acre of beets will be four or five times greater than the average amount realized from any kind of grain crop.

The "strife" mania has spread to the pupils of St. Mary's college, Montreal, and they carried it through to a more successful issue than in any other school. It has been the custom for many years to give the first year students in philosophy two days' holidays about this time, but this spring the school refused the petition. On the first day of the holiday the students held an indignation meeting on the steps of the college, when a lot of speeches were made and it was decided to go out on strike the following day. They met every day and took their holidays, and returned to work as if no thing had happened.

A girl employed in the felt factory at Galtville near Collingwood was among the first to be arrested. She was the daughter of a board in the yard it broke and she fell into the canal that runs through the mill, and about seven feet deep. The accident was observed by one of the other girls, who immediately gave the alarm. Water was thrown, and the girl was rescued, and she was taken to the hospital. She is recovering from her injuries.

A public utility company was fined \$8,000 for violation of the Ontario Public Utilities Act. The company was fined for failing to provide adequate service to its customers.
