THE MCKINLEY BILL AGAIN.

No measure is fraught with consequences more serious to the farmers of the Dominion than the McKinley bill now passing through congress, and we need referring to it. Not alone are the interests of farmers deeply concerned in the pending measure; it will affect all the multifarious interests concerned in the welfare and prosperity of the farmer. It is a very great misfortune to the farmers of this country that the Dominion government have had the unwisdom to "cast the first stone," as the Monetary Times remarked, in this tariff war, and it is quite natural to expect, in the words of the same conservative paper, that "a " hail of stones each bigger than the " other may be expected in return" from

The Quebec provincial elections took place Tuesday and resulted in a triumph for Mr. Mercier. Eight ministerialists and two oppositionists had been elected by acclamation. The government captured ten seats and lost three, swelling the majority in the house to 25 or 30. The leader of the opposition, Mr. Taillon, was defeated. The opposition has been completely demoralized.

The Peterboro Examiner says : "In revising the tariff last session Mr. Foster increased the duty on dolls. The McKinley bill, atrangely enough, also increases our American neighbor. Our Dominion | the doll duty. While this peculiar increase
