The Royal Arcanum Concert.

The promenade concert in the skating rink on the evening of Dominion day did not attract the audience it deserved. The suitability of the rink for such entertainments was clear to all. An admirable program was rendered. Mr. Phillips sang "Day of Dablin" with a power and compass of voice that called forth a hearty encore, to which there was a pleasing response. Miss Silver's solo, "Waiting," was given in excellent style and was very warmly received. Mr. Fothergill's vocal solo, "The Lark," was also well received, and an encore was given. The concert was a success and was well attended.

St. Mary's Church Picnic.

Despite the very discouraging appearance of the weather on the morning of Tuesday, the 1st July, a very large number assembled at the picnic held on the agricultural grounds by the congregation of St. Mary's church. In fact, nothing was left in consideration, this picnic was one of the most successful ever held here. The program prepared by the committee was a most attractive one and was carried out to the satisfaction of all parties concerned. Although the grounds were not in as good condition as they should have been, the picnic was a success and was well attended. The following is a list of the successful contestants:

100 yards race—J. H. Oliver, 2 J. Henderson.

100 yards race—J. Henderson, 2 J. K. Oliver, 2 J. Dora.

Running long jump—1 Batt Scully, 2 J. K. Oliver.

Vaulting with pole—1 Batt Scully, 2 James Hutton and Wm. Crowley (equal).

Putting shot—1 Walter Burns, 2 Batt Scully.

Putting shot—1 Walter Burns, 2 Batt Scully.

Not the least enjoyable event of the day's program was the baseball match between the Oranange club and the Athletics of this town. The game was closely contested, and resulted in a victory for the home team by two runs. The most interesting feature of the game was the batting of the home team, which was very successful.

A Chapter of Accidents.

Tuesday afternoon on the agricultural grounds a young lad named Murphy, son of Mr. P. Murphy, was knocked down by a passing horse and badly bruised.

During the heavy storm Tuesday afternoon we heard that a boy and girl named Gaillegan, whose parents reside about four miles north of Lindsay, were struck by lightning, and for a long time it was feared that the shock would prove fatal. They were, however, recovered, and many friends in Lindsay will attend school in town, and will regard it as a great loss.

Wednesday afternoon about two o'clock a very distressing accident occurred at Jovoy's mill. A young lad named Frankie Bush, son of Mr. F. Bush, cutter, which resulted in the death of the lad about two hours later. It appears that the little fellow undertook to assist a companion to shovel sawdust from underneath a rapidly revolving shaft which projects through the side of the mill about two feet, and while so engaged his coat became entangled in the shaft. He was unable to free himself and before his frightened companion could turn to alarm he had been whirled around the shaft many times. He had several ribs broken, his head was severely injured, and he died before the ambulance arrived. The machinery was stopped as soon as possible and the poor little fellow carried to his terrible position, it being necessary to cut his coat and shirt to pieces to free him from the shaft. He was found dead in a hopeless case, one arm and several ribs being broken, in addition to other injuries, and he lived but a couple of hours after being taken home. The sorrowing parents have the sympathy of all in their sad bereavement.

Personals.

Miss Spler of Montreal is in town the guest of her uncle, Mr. R. Spler.

During the week Mr. Alex. McDonald and sister of Orillia spent a short holiday in town.

Mr. D. H. Sully returned home this week to spend his holidays with his parents in Downsville.

Miss Stevenson and Miss Poindexter of Peterboro spent the 1st at the Point, in company with Lindsay friends.

Mr. R. Morrow of Peterboro was in town for a few days last week, the guest of Miss O'Brien.

Mr. J. W. Laing of Toronto, who has been the guest of Mrs. A. O'Leary for some time, returned to Toronto last week.

Mr. J. W. Lee, science master in the Brumpton high school, formerly teacher in the Lindsay collegiate institute, was in town yesterday on his way to Steeles lake, where he intends spending his holidays.

F. C. K. Hoop, M.A., who has made such an unusually brilliant college career at Queen's university, Kingston, and who recently carried off the gold medal in classics, is spending his vacation in town looking up old friends.

The staff of the Lindsay collegiate institute at the end of this term has a number of one of its ablest and most valued members in the person of Mr. W. S. Miller, who for five years has been the principal of this school. His services have been secured by one of the best educational institutions in Peterborough. The promise in Mr. Miller's distinguished school and university career has been more than fulfilled in his thorough work as an educator, and his influence has been felt not only in the school but in the community, in teachers' conventions and in social circles, and his removal will be a great loss and a source of regret. In the wide field opening before him Mr. Miller has a great opportunity for the advancement of his education, and we have no doubt he will take a foremost position among educators across the line. We greatly regret Mr. Miller's departure, but wish him all success in his new home—the Hill school, Peterboro, near Newburgh, to which he will go for the fall term. Mr. Miller leaves Lindsay this week.

Mr. A. T. DeLury, formerly teacher at Millville, has been appointed principal of the Lindsay school, and has recently received the high distinction of being second fellow at Osgood university, Worcester, Mass., in his term of study as an honored guest at the collegiate institute proceedings. Mr. DeLury's career has been more than fulfilled in his thorough work as an educator, and his influence has been felt not only in the school but in the community, in teachers' conventions and in social circles, and his removal will be a great loss and a source of regret. In the wide field opening before him Mr. Miller has a great opportunity for the advancement of his education, and we have no doubt he will take a foremost position among educators across the line. We greatly regret Mr. Miller's departure, but wish him all success in his new home—the Hill school, Peterboro, near Newburgh, to which he will go for the fall term. Mr. Miller leaves Lindsay this week.
