

Warner & Perry.

# WARNER & PERRY,

## THE GREAT BANKRUPT STOCK DEALERS,

Have Experienced in their History this Week Two Remarkable Events. The first was *Moving into their Large New Store in the Doheny Block*

**TWO DOORS EAST OF THE DALY HOUSE,**

Where, with our extensive premises, you will avoid being crowded, and with our increased facilities, will not be required to wait to be served, as in the past.

The Second Event was the Purchase of the Splendid Stock of **SINCLAIR & CO., ORLLA, AT THE LOW PRICE OF 50c. ON THE DOLLAR**

For the General Goods, and for the Ready-Made Clothing, 55 Cents on the Dollar. The Stock was bought from the Largest Wholesale Dealers in the trade and consists of the **-- BEST GOODS OF THEIR RESPECTIVE KINDS IN THE MARKET TO-DAY. --** This will enable us to sell Goods at Less than Manufacturer's Prices and make a Fair Profit.

**DON'T BE DECEIVED INTO PAYING DOUBLE OUR PRICE AT OTHER STORES. TRY US IN THE NEW STORE.**

# Warner & Perry,

**TWO DOORS EAST OF DALY HOUSE, KENT-ST., LINDSAY.**

Lindsay, July 10th, 1890.-1000.

M. McLean & Co.

**Just Fanny.**  
Cherry and Ebony Curtain Poles complete for 50c. at E. W. McGAFFEY'S-141.

**Sad Drowning Accident.**  
Sunday afternoon last Richard, son of Mr. Ed ward Mortimer of East Emily, near Pigeon creek, went out in a canoe shortly after dinner, presumably to enjoy a bath. His not returning as evening came on did not cause any alarm, as it was thought he had called at some neighbor's house but in the morning, when it was found that he was still absent, a search party was organized. After being out some hours the canoe of the searchers landed on Mudhar Island, where they found the canoe and clothing of Richard, but the body was not seen. It is supposed that he could not swim but had got out of his depth, or had been attacked by cramps. Deceased was 27 years of age and unmarried, and was possessed of much natural mechanical ability and great muscular strength. The funeral took place Wednesday at the "Downville cemetery and was largely attended.

**The Kirksfield Picnic.**  
Five well-filled coaches, attached to a "Mogul" engine, left the station Wednesday morning at 10 a.m. for Kirksfield, the attraction to those on board being the annual picnic of St. Patrick's congregation, of which Rev. Father Brotherton, formerly curate in St. Mary's church, Lindsay, is now the esteemed pastor. A large number were taken on at Lorneville, Kirksfield being reached about noon. The first-class picnic had been partaken of a good program of sports and ball match between the Lindsay and Kirksfield clubs. All enjoyed themselves to the utmost, and the opinion is generally expressed that Father Brotherton is entitled to much credit for his successful management of the affair. A very large sum was realized. The prizes winners were: For oil painting presented by Miss O'Brien, Lindsay, Mr. J. Murphy, St. Mary's; silver cake basket presented by McClure & Wilson, Lindsay; Mr. George Mulcahy, Lindsay; silver picnic dish presented by Mrs. J. H. Stables, Victoria Road; sett dinner, Mr. John Richardson, Victoria Road.

**Lake and River Settings.**  
The steamer Eva is being kept busily engaged towing the timber to the Rathbun mill at the lower wharf.  
The water in the river is very high, partly owing to the exceptionally heavy rains of the past two months, and partly to the fact that the new dam at Boboysgon holds the water up to spring height.  
The steamer Beaubien has succeeded in breaking all previous records for her towing, having taken a block containing 100,000 logs from Fenelon Falls to Boboysgon. It took the best part of four days and nights to make the run.

**The storm of last Tuesday** is said by steamboat men to have been the worst ever experienced on these lakes. The Eva had her wheelhouse blown clear off while lying at Boboysgon, and the steamer had to wait at Sturgeon Point until the storm blew over.

Two months of the season of navigation have passed and still the lamps on the light-houses are not lit. The fact is that the weather is so unsettled that the light-houses are not allowed to be lit until the weather is settled.

**Stambot men complain** bitterly about the condition of the old lock at Boboysgon, as it is badly out of repair and takes all the strength of crew and wind, and great sums of the money. This should not be, as fully three-quarters of all the boats on the system is done there, and in consequence the locks should be kept in first-class repair. There is talk of petitioning the government in regard to the grievance.

**Ladies, Go to Ritchie's** for your Dress Goods. You can almost buy them at your own prices, for they must be sold.-82.

**Those Who Study Economy** will find that our stock has a claim on their attention. The extent of our patronage proves the excellence of our goods. **WARNER & PERRY.-92.**

**Building Notes.**  
-Mr. John Pierce is erecting a neat brick-vanished cottage on the corner of Glenelg-st. and Victoria-ave., opposite the Mansion house.  
-On Adelaide-st. a fine solid brick double dwelling is being built for Mr. Hugh Workman on the lot adjoining his own residence. The building will be two stories in height and will have commodious kitchen attached, also built of brick.

**Personal.**  
-Miss Nora Dunne of Toronto is visiting her sister Mrs. John Leary.  
-Miss Ballance of Cincinnati is in the guest of Mrs. J. J. McAlary.  
-Miss Morgan of Rochester, a former resident of Lindsay, is in town visiting friends.  
-The Misses Cadotte of Midland spent a few days with their regular summer home at Lindsay.  
-Mr. M. Hurley of Windsor, brother of Mr. P. J. Hurley, is visiting relatives in Lindsay and Opa.

**Mr. A. J. Reed, barrister, of Canington,** was in town Tuesday attending the division court.

**Mr. W. Link, who is in the employ of the C. P. as an operator,** is spending his holidays in town.

**Miss Eva McCarty left Friday last** for Toronto, where her mother and sisters are now residing.

**Mrs. B. Morrow of Peterboro** was the guest of Mrs. John Walker, Melbourne-st., for a few days on his regular summer holiday visit to Lindsay and Opa, where he always receives a warm welcome.

**Mr. James Graham of Memphis, Tenn.,** is in town on his regular summer holiday visit to Lindsay and Opa, where he always receives a warm welcome.

**Mr. F. Morton of Rochester** is in town on a visit to his parents, Mr. and Mrs. Morton of William-st. He holds a favorable situation as photographer with a leading law firm.

**Mr. Moran of the Bank of Montreal** staff left last week on a holiday jaunt to Halifax, N. S., where he will spend some time with relatives and then leave for other points of interest.

**Two good Coat Makers, at the City Tailoring House, CATHRO & Co.-89.**

**By Far the Largest** and most complete stock of Parasels and Umbrellas at E. E. W. McGAFFEY'S-141.

**A Few Men's** Halifax Tweed Suits, at RITCHIE'S, for less than the price of making.-82.

**Local Brevities.**  
-Ask for the "Kickers" at J. Higgs-97.  
-Those who desire to rent a capital farm, convenient situated, should read Mr. James Farrell's advt. elsewhere.

**Messrs. McArthur & Knox** have started a livery stable in Coboon with first-class horses, new rigs, etc. Give them a call.

**Mr. Richard James, near Cambay,** recently finished up last year's threshing with half-a-day's work in barley and millet, making altogether sixteen days threshing of the grain crops. Messrs. McArthur & Knox are doing the same.

**Messrs. J. M. and F. Knowlton** have been appointed trustees for the Confederation Life and North British and Mercantile insurance companies. No better choice could have been made for the interests of the respective corporations.

**Many friends in Lindsay and Boboysgon** will regret to learn of the death by drowning of Captain E. A. Andros, a retired English army officer, who resided in this district some twelve or fourteen years ago. The accident occurred on Kempenfelt Bay, during the severe storm of Tuesday, his sail boat being struck by the squalls and capsized. Captain Andros was in the accident and tried to rescue him, but failed.

**The famous "B.T." club of Rochester** arrived Tuesday morning and took the 11:30 train for the Point in company with Mr. Simpson, manager of the hotel. The following gentlemen comprise the "B.T." body: Messrs. J. W. Whorter, Jas. M. Beckus, A. P. Little, Thos. R. Griffith, W. A. Page, S. A. McKenny, C. Kenny and Messrs. Simpson and Andros.

**The resolution carried at the council Monday evening** last to grant \$1,000 additional to the town fund, therefore any attempt to confine the expenditure to the \$4,000 placed in the town estimates would be an egregious and in time a most costly error. \$5,000 expended where twice the amount is deemed necessary will at best only place our streets and sidewalks in a fairly safe condition for travel, and that must be done no matter what the cost.

**The Bowmanville News** says: Our band drove to Lindsay, twenty-two strong, Monday night last, in order to be present at the celebration there, for which they had been engaged to play. They report a rough ride, but were treated most sympathetically by the Lindsayites. On the return trip they left Lindsay at 11 p.m., and as the rain came on shortly afterwards the bandmen got thoroughly soaked. Just north of Janesville it was feared that a bridge was not safe to cross, and Mr. Coleman attempted to get out of the wagon to reconnoitre. In doing so he tripped in the dark and fell over the bridge, which was not strong enough to support his weight. He was severely injured, including the breaking of a rib. The boys brought the injured man as far as Lynx, and had to leave him there on account of the pain he suffered. He was brought home Wednesday.

**Few people likely enough, estimate** at its proper value the immense benefit accruing to the town from the half-dozen saw-mills operating on the banks of the river. The position being exposed to the east, a strong wind from the east is a potent influence upon the prosperity of the town, the loss of which would be severely felt. As an example we may state Rathbun & Co.'s mill at the lower wharf employs twenty-five men during a lengthy season, and will employ about 75,000 lbs. of lumber. The business is developing enormously under the management of Mr. G. H. M. Baker, the company's courteous and energetic agent at Lindsay, and a staff of three or four clerks is necessary to look after the correspondence and accounts of the branch. Counting 500 lbs. to a cord, the season's output will show 375 cords, and large quantities of pine and cedar shingles, etc., are also turned out. The saw-mill is situated on the side of the river in a clearing it is shipped off to be made into broom-handles, about 250,000 per year passes through Mr. Baker's hands.

**Laos Curtains and Curtain Netts** are almost given away at RITCHIE'S going out of business sale.-82.

**White Embroidery-Dress Widths.** Only 25c. a yard at the great amalgamation sale. **E. E. W. McGAFFEY'S-141.**

**Hot Weather Suits.** The newest and noblest hot weather suits, \$2.00 coats and vests, 75c. 20 per cent less than wholesale prices. **WARNER & PERRY.**

**Church Notes.**  
-Services in the Queen-st. Methodist church next Sunday as usual. Rev. Mr. Dewey preaching morning and evening. Subject for evening, "God's plan of settlement."  
-The Rev. Dr. Williams will preach next Sunday morning and evening in Cambridge-st. Methodist church. Morning subject, "The Sabbath or the Lord's Day, Which?" Evening, short sermon followed by evangelistic service.

**Sturgeon Point Notes.**  
-Mr. and Mrs. A. Primeau and family are at Sandy Point.  
-Miss George Simpson of the hotel was confined to her room for a few days last week with inflammation, but is now about again.

**Mr. and Mrs. E. Flood and family** will occupy Mr. John Dobson's handsome cottage, adjoining the hotel property, for the next couple of months.

**Religious services** were conducted in the rustic church last Sunday by Mr. J. Head. It is expected that Rev. Mr. Gresser will officiate next Sabbath.

**Mrs. J. W. Dunford and family** have decided to leave the Point as commensured with Boboysgon, and have taken Mr. F. Crandell's large cottage for the season.

**Dr. Hyerson and family** intend taking up residence at their cottage near the Point, and are desirous that the doctor has purchased a yacht of much larger dimensions than his former one, and the news is causing much speculation in boating circles.

**The severe electrical and wind storms** of Monday and Tuesday frightened the lady residents considerably, and with reason, the lightning was fearfully vivid. Some trees were blown down near the spring, but all the cottages escaped damage.

**Sunday afternoon last Mrs. A. O. Tate** of New York, who is visiting her father, Judge De-n, was taken severely ill with internal neuralgia. Dr. Graham of Fenelon Falls was sent for, and under his care Mrs. Tate is now slowly recovering.

**It has become fashionable** for the young ladies to get on board the steamer at the new wharf and disembark again at the hotel landing. Pursue this is becoming interested in the scheme, and promises to have their trip extended as far as Sandy Point on the first favorable opportunity.

**Ladies.** You can buy Silk Lace Mitts in all the new shades, for half their value, at RITCHIE'S retiring from business sale.-82.

**Warner & Perry** will give you choice of Fifteen Dozen Hard Felt Hats at 10c, 15c and 25c.-92.

**Bargains in Crockery.** As A. PRIMEAU has decided to go out of Crockery and Glassware any intending purchasers in that line will do well to give him a call. Everything to be sold at and below cost -92.

**Chapter of Accidents.**  
-One of the workmen in Sylvester Broag, works named Rogers had his hand caught in the gearing of some machinery Friday last and lost a portion of two fingers.  
-On Saturday last Mr. Frank Brady, the well-known caretaker of the curling rink, met with a very serious accident while making some repairs to his house in descending a ladder one of the rungs broke so suddenly that he was unable to do more to save himself than to give a trust as not to alight on his head. He landed on the back of his head and shoulders in such a manner as to receive a severe contusion of the spine, but he is now slowly recovering.

**We understand that** at the anniversary services of the Valentin Sabbath school Monday last there was a very narrow escape from a serious accident. When the big storm blew up everyone scattered for shelter and a number took refuge beneath the platform erected for the speakers, on which rested an organ. During the height of the gale a large tree fell with a resounding crash far across the stage, smashing it to pieces along with the organ; but strange to relate those underneath were uninjured. Their escape was a providential one.

**On Thursday evening last** Mr. D. Stevenson, fireman of the electric light plant at Parkland mill, met with a very painful accident, but one that might easily have resulted much more seriously had it not been for the quick action of the fireman. He was clearing away some refuse from around the mill machinery, and reached back to the burning saw to pull out some sawdust with his left hand. The saw was usually guarded, but that evening it had been forgotten, and the consequence of course was that his arm was caught and badly lacerated. Dr. McAlpine was at once called in, and dressed the wounded member, which is now healing nicely.

**Excursion Notes.**  
-The Dominion and Palaco conveyed a large Methodist excursion from Fenelon Falls to Boboysgon Tuesday.

**Boboysgon** has been enjoying an average of three excursions per week for some time past, and still the good record keeps up.

**Dunford Orangenmen** have chartered the steamer Dominion and palaco scow for an excursion to Fenelon Falls on the 11th. The steamer will call at lake shore points en route.

**Members of the Linden Valley Society** of Friends to the number of about 125 enjoyed a pleasant sail to Boboysgon Monday on board the steamer Dominion and palaco scow.

**The Methodist** of Millbrook excursion to Jacob's Island, Pigeon Lake, next Tuesday via Peterborough and Chatham, will be a most enjoyable annual excursion to-day (Friday) to the "Beehive," Sturgeon Lake, about five miles from the Point early in the day. No more suitable spot could have been selected and it is safe to say that those who avail themselves of the trip will be delighted with the beautiful scenery en route.

**The annual excursion** of the Baptist Sunday school is announced for Thursday next, 17th July, to Graham's landing and Fenelon Falls. The steamer Dominion and palaco scow has been chartered for the occasion. Barring a trifling rain there was pleasant on several occasions in the past, an exceptionally good time has always been enjoyed by our Baptist friends and others attending the outing, and those desiring a pleasant trip should avail themselves of it next Thursday.

(Additional locals on eighth page)
