ventured a bountiful crop has commenced.

Mr. V. If. Webster started cutting barley
on the light last. Mr. Alfred Webster was
cutting airthe clover on the list and others
have started. There is an abundant crop
of har being secured.

Hamilton, London and Detroit, but as the harvest has set in he will have to leave it over till time will permit. The Britain beys are a july lot, but they were better players the next day. Mr. E.Z. Yerez, merchant of Little Britain, unspired the game and gave good satisfaction to both sides.

LIFFORD.

III PFORD.

[Correspondence of The Post.]

PERSONAL.—Mr. R. J. Mills left for Manitoos on Tuesday last......Mr. R. G. Dess, teacher at Fairmont, is spending his holidage with friends here.....Mrs. John Barrett of Fension Falls is visiting here.

Basthall.—On Saturday, 5th met., a match game of baseball was played between the Invincibles of Lifford and the Fear-Note of Mount Boreb, which resulted in a victory for the Invincibles by a score of 30 to 24 and an innings to the Invincibles. I see by the Warder of the lith and the 18th that the Fear-Note claim it was a disputed match. They are a little astray in that theory. When the seventh innings was played part of the players of both sides wanted to quit, as it was near sundown and there was not time to play nine innings. The captains of both teams told the umpire they were ready to stop, so he called game for the Invincibles. It was not this team but the first one that the Invincibles said they could play and best with seven men.

LORNEVILLE. [Correspondence of The Post.]
CHEESE, Our cheese factory is doing very satisfactory work. The first dividend was made recently to the patrons dividend was made recently to the patrons who expressed themselves as being well pleased with the result. Next year promises a large increase in the number of pairons. If, as expected, all the farmers in this immediate vicinity should become patrons, the cost of drawing will be reduced one half and the profits to patrons be much greater than at present. At the last meeting of the board at Peterboro 7½c. was the highest offer for selections (vide last week's Post), but our energetic salesman, Mr. N. L. Campbell, disposed of the Lorneville cheese to Messrs. Dundas & Flavelle Bros. at Sc. This is indeed highly creditable to all parties concerned. able to all parties concerned.

BANE BALL. The Lorneville club success

ed in obtaining second prize (\$10) at the tournament in Woodville last Friday. In the final draw with Salem our boys succumbed after a hard fought and close struggle. This is the only match lost this

OMEMBE A PLEASANT TRIP.—The Methodist Sunday school excursion from Omemee to Port Perry on Thursday of last week was a very pleasant trip. Nearly four hundred were

in attendance.

A GOOD TIME.—The farmers' picnic held in Mr. Fred. McQuade's grove on Tuesday week was a decided success. All present seemed to enjoy themselves in a most hearty mannen. We hope the boys will make this an annual affair.

Concern Lear Saturday week the time.

CRICKET,—Last Saturday week the Ome-mee cricket club drove to Millbrook to play a friendly match with the club of that town. Some very fine playing was done on both side, but Omemee won by one run and three wickets. It is probable a return match will be played in Omemee in the

KILLED BY A KICK .- On Wednesday, a little after one o'clock, John, the 12 year old eon of Mr. Samuel Roddy of Ops, while leading a colt to water, was kicked on the left elde about the heart, inflicting such internal injuries as to cause his death about twenty-four hours after. The family have the sympathy of all in their terribly sudden affliction. The funeral took place on Satur-day to the Emily cemetery.—[Heraid.

BOBCAYGEON. STILL HUSTLING. - When a parliamentary candidate hustles around just previous to the election it is nothing but natural, but when a member of parliament hustles is decidedly surprising. And that is the case with Mr. J. R. Stratton, M.P.P. for West Peterboro, who is earning for himwent Peterboro, who is earning for him-self a pre-eminent position as a perfectly irrepressible hustler. On Wednesday Mr. Stratton passed through the village on his way from the north, where he had been arranging for the expenditure of the gov-ernment grants to the roads. Some two thousand five hundred dollars are to be placed on the roads of the district by the crown lands department, which will be an assisance to a class of men well deserving

assisance to a class of men well deserving of provincial aid.

Steamhoat Inspection.—Messrs. Donelly and Adams, steamboat inspectors, the former inquiring into the condition of the hull and the latter giving his attention to the beiler, got at it bright and early Monday morning, and overhauled the Esturion. They pumped her and put her under pressure, prodded around her in a most reckless and regardless manner, and as she sure, prodded around her in a most reckless and regardless manner, and as she
kicked like a stoer throughout the procaedings the inspection was pronounced to
be perfectly eatisfactory. In fact they said
that if the Esturion is not the best it is one
of the best kept boats of her class that
comes under their inspectorship. It is not
the duty of these gentlemen to inspect the
captains of vessels, but if it was they
would beyond doubt have passed Captain
issue as perfectly sound, first-class register.
Al capper bottomed, and one of the most Al copper bottomed, and one of the most reliable and popular officers on the inland waters.—[Independent.

FENELON FALLS.
[Correspondence of The Post.] FERSONAL .- Mr. George C. Byrnell, dry. goods merchant of Toronto, paid our village a figing visit last week looking up old friends, who were glad to see George looking so hale and hearty. City life seems to agree with him. He was accompanied by his brother Mr. Robert Byrnell of Ops.

THE CAMERON LAKE MONSTER. — For

THE CAMERON LAKE MONSTER. — For some years past the existence of an squatic monster in Cameron lake has been well known; but what it was remained a mystery until last Monday afternoon when Mr. W. E. Ellis saw and followed it for at least a quarter of an hour, while it swam lazily around a few inches below the surface of the water. He could easily have struck it with his paddle, but did not like to commence hostilities, as he was alone in a light cance and cannot awim, and he thought it

secults, especially as he is very lame on the other log from an triplery received when a child. Pine-poles appear to be deserves waspens in unskifted or carriers hands, as Mr. Lewis Dayman's eldest boy was struck shows the knee by one on Monday last and slightly punctured—just enough to make him for a tow hours.

—[Gazette.]

TORONTO.

A TERRIBLE ACCIDENT happened to John Brennen, a workman employed on the King st. sub-way, Teronto, Wednesday afterneon. A plees of iron, weighing 3,000 fbs., fell on his shoulder and out his right arm completely of. He was taken to the hospital, where his injuries were attended to. The shock to his system was very great and he may not recover.

ledge and fame.

CANNINGTON. SERIOUS ILLNESS.—Rev. Mr. Watch, the popular pastor of the Methodist church, was laid down with serious illness on Saturday last. It appears that Mr. Watch got a scratch on one of his hands, and in attending to his horse the sore became affected and began to swell, extending to the arms, and causing erysipelas. Dr. Bingham was in attendance and under his care, we are glad to say, Mr. Watch is rapidly recovering. The people of Cannington of all denominations felt deep sympathy with Mr. Watch under his affliction. ACCIDENTALLY SHOT .- Mr. Henry Harri-

son, 13th con., Brock, met with a serious accident on Sunday morning last by receivaccident on Sunday morning last by receiving a shot from a revolver. It appears that a young man had asked to see the revolver and Mr. Harrison laid it on the table, intending to draw the charges from it. The other took up the revolver and in haddling it the shot went off. The ball entered Mr. Harrison's high, going downwards. Draw Harrison's Cillegania were wards. Drs. Hart and Gillespie were called upon and attended to the sufferer. They were unable to extract the ball, but entertain hopes of being able to do so soon. The patient is doing as well as could be expected and is likely to recover.—[Independent.

HALIBURTON.

DEVELOPING PHOSPHATE MINES.—We are much interested in the question of phosphates, and we have the finest phosphate territory in the world. Mr. Ledyard of Toronto, who was here this time last year exploring a mine in Monmouth, started the phosphate business. All the people around began to look for phosphate. Early this year the phosphate mine near Essonville was discovered, and after careful investigation the mine was purchased by a syndicate of about twenty gentlemen, among whom was Mr. Lockhart-Gordon. The company secured the services of Mr. Miller of Toronsecured the services of Mr. Miller of Toronto, and that gentleman's peports being satisfactory the development of this mine commenced. It has proved a brillant success. There is now a force of about a dozen men employed at the mine, and the product is simply splendid. The rock phosphate is inexhaustible in quantity and the percentage of phosphate is the highest ever known in phosphate history. From a peculiar point of view the success of the mine will have great importance and give profitable employment to many men. The phosphate will be shipped from Irondale or otherwise from this place, The distance from Haliburton to Essonville is about 13 miles with a good road, and the mine is a mile and a a good road, and the mine is a mile and a haif from Essonville on a newly made road through the woods. It is the grandest thing for this district that has ever happened. One crystal taken out of the mine weighed 60:ba. - [Independent.

ONTARIO COUNTY. BEET ROOT SEGAR PROJECT. - A German

manufacturer of machinery for extracting best root sugar spent a day here last week in company with Mr. R. H. Lawder. This is a very important industry, and the location of a refinery here would furnish a market yearly for four thousand acres of AN INTELLIGENT HORSE.—A horse be-

AN INTELLIGENT HORSE.—A horse belonging to Sebert's livery gave its attention for a time on Tuesday to the inspection of the Ontario hotel. Observing several fellows it knew go in there and come out again feeling well, it walked in the front door and passed clear through to the back. Whether it "wet its whistle" in the bar or not we did not learn.—[Chronicle.....The Chronicle reporter should have said that the horse was asked to "have something" and answered "neigh."

A Solution of a Difficulty in Taxation.—We are favored with a bound copy

A SOLUTION OF A DIFFICULTY IN TAXATION.—We are favored with a bound copy
of the Ontario statutes of 1890, sent from
the attorney general's department, Toronto, and in looking over the work of our local
legislators a clause crops up in amendment
to the exemption law which we believe will
prove an excellent solution to the difficulty which has been experienced heretofore in levying an equitable tax on stocks
of goods kept on sale by merchants. The
trouble has been a difficult one to remedy
under the previous laws, inasmuch as some
merchants admitted having all their goods
paid for while others would not admit having paid for any portion of theirs. Thus
the former class was handicapped severely
while in many cases it was obvious the paid for while others would not admit having paid for any portion of theirs. Thus the former class was handicapped severely while in many cases it was obvious the latter class was doing the most lucrative business. For instance, suppose one man was assessed for \$5,000, which is not a large value in goods, his tax would be \$115 here last year. Yet another man with equally as large a stock, and possibly larger, may keep his books and affairs so fortified against taxation that he cannot be rated on the assessment roll. Or e can see easily that the latter dan pay \$100 more rental for a better business stand, and thus have every advantage over the honest merchant who pays his taxes like a man. It is plain the law of the past in regard to these matters has afforded protection and advantage to those who were unwilling to pay taxes, and has pinched honest traders sorely. Now, the new clause we speak of simply enables the municipal council to license business men upon a basis of how much rentals they pay, or, if they own their shops, how much rentals they pay, if they own their shops, how much rentals they pay, and have nothing to do with the amount of goods in stock unless the council saw fit to grade the business as second or third class and charged probably five or six percent, of the yearly rental. This acheme it will be seen would place all the business men on a fair basis, and would relieve the town from any enquiry as to whether a shopkeeper owns his stock or not, a matter which we feel sure very few councils would when to pry into. The effect upon the town's finances would be very slight, whils the trouble of levying this license would simply take his lease to the town clerk and pay for his license to the town clerk and pay for his license to the town clerk and pay for his license to the town clerk and pay for his license to the town clerk and pay for his license to the town clerk and pay for his license to the town clerk and pay for his license to the town clerk and pay for his license to the town clerk and pay

may adopt this plan of taxation by by-law at any time, and we would suggest to our town fathers to look over the clause in the law and give the town traders the benefit of equitable taxation commencing at January 1st, 1800.—[Chronicle.

MINDEN.

BARN BURNY.—A valuable frame barn and stable was burned on the farm of Mr. S. Otto on the Bobcaygeou read, south of this village, on Sunday night last. Fortunately the house escaped. We understand the barn was insured for a small amount. The house has been unoccupied for some time and the cause of the fire is unknown.—[News.

ORILLIA.

REGULATING LAKE SINCOE.—A correspondent of the Beaverton Express is "totally at a loss to know why the government permits a few persons at the outlet of Lake Couchiching to interfere in the manner they do," meaning, by placing obstructions therein. Mr. A. G. Robinson, C. E., of Orillia, has lately examined the outlet and assures the Packet that the channel has not been obstructed. The high water is partly to be accounted for by the fact that the big mill at Washago is not running this season. The mill men there have so much more water than they need that it is a hindrance to them.

so much more water than they need that it is a hindrance to them.

Drowned in French River.—Monday forencon Mr. P. Cuddahee of Orillia received a telegram from Owen Sound to say that his brother-in-law, Daniel Mulvihill of Rathbun, who was "driving" on French river, had been accidentally drowned, and that the body was on the way here. Fuller particulars have not yet been received, but the body came by the 9.45 train, and the funeral was held from Mr. Cuddahee's house on Tuesday. Notwithstanding the busy season a large number of friends came from Mars and Rama, where deceased was best known, to follow the remains to was best known, to follow the remains to the cemetery. He is highly spoken of as a sober, industrious, incifensive young man, liked by all who knew him, and the sad intelligence of his untimely death is a great shock to his relations and friends. A nephew of his was drawned a little more nephew of his was drowned a little more than a year ago while engaged in a similar occupation.—[Packet.

COLDWATER.

[Correspondence of The Post.] THE CROPS.—Of late we have been treated to a number of heavy thunderstorms, but so far the rains have been very beneficial to the growing grain, though somewhat interfering with the progress of cutting and getting in the hay, which, generally speaking, is a good crop. With fine weather we shall have a good wheat harvest, the oats also being excellent. Altogether our farmers are generally satisfied gether our farmers are generally satisfied with the prospects, the present tendency of prices being very satisfactory.

ST. MATTHIAS CHURCH —A confirmation service was held here on Thursday last, the building being crowded. The lord bishop of Toronto, who was the guest of Mr. A. M. Dodge of Waubaushene, arrived just at the commencement of the service and confirmed the nineteen candidates who had been prepared for the solemn rite. His lord-hip afterwards addressed them in a very suitable manner, giving them a fuil explanation of the duties and obligations they had that day taken upon themselves. The church was beautifully decorated with flowers for the occasion. Rev. C. H. Shutt, the young incumbent, is doing excellent work in this mission, having in this place alone increased the congregation from the small number of eight or ten to an average of seventy of a congregation during the year and a half he has been here. The number of christenings during the same period have been seventy, which is a marked contrast to the number oxptized during the same time previous to his ministrations. In addition to other work he has instituted a boys' guild, a girls' sewing class, a ladies' aid association, also a week day's evening service. There is a heavy incumbrance on the church which is now under consideration, and hopes are entertained that this will be removed at no

distant date.

PROMOTED.—Our worthy citizen, Mr. W.
T. Sheppard, has received the appointment of general manager of the Georgian Bay Lumber Co. at Waubaushene, and he has already taken up his position there. His appointment is looked upon by all as a very suitable one, he being well qualified for it.

SHOT PUTTING.—Our champion, Mr. Geo.
R. Gray, has been publicly challenged by one Currie in the Toronto dailies for a trial of skill for large sums of money, but we believe that our athlete has no intention of leaving his amateur position and enter upon such contests. distant date.

upon such contests.

BUILDING. — Things are lively in the building line and new stores are being erected and opened, so the general complaint of duliness of business is not felt

CAMPING.—Parties are continually going out to the Georgian bay, the islands of which are said to be pretty well covered with tents and visitors. All returning speak delightfully of the pleasures they have had, the lovely scenery having greatly captivated them. csptivated them.

Pic Nic.—The annual Methodist Sunday

school pic-nic took place on Thursday to Picnic faland, some miles up the bay from Vaubaushene. ROAD WORK.—Our commissioners are now busily engaged with men improving cur roads, bridges and sidewalks, and we may feel sure it will be acreditable job and be in a better state than ever before.

Base Ball. Our junior club beat the Waubaushene juniors in a well contested game on Saturday last on the ground of Waubaushene juniors in a well contested game on Saturday last on the ground of the latter club by three runs.

OBITUARY.—We regret to announce the decease of an old and much respected resident amongst us, that of Guy Hamilton Orr, at the age of seventy years. For a long term of years he has suffered greatly from rheumatism, a complaint that at length reached his heart and closed life's struggles. Only half an hour before his death he was able to go outside his residence to be photographed along with his large family who happened to be present, then was taken into his room where he somewhat unexpectedly breathed his last on the lith inst. His funeral took place on Friday to Coldwater cemetery, and was attended by the largest number of vehicles we ever noticed before on such an occasion, over one hundred, containing the relatives, neighbors and acquaintances. The procession was headed by a large number of the Urange bedy, of which he had for a long time been a member. Rey. J. Morgan of Midland preached a suitable discourse in the Methodistchurch in Coldwater previous to proceeding to the grave, where the usual obsequies of the lodge were pronounced. The deceased will be sadly missed in this neighborhood, where his generosity and brindness of heart was so well known and felt.

Mr. L. Forrest, DEAR SIR,-Allow me to Mr. L. Forrest, DEAR SIR,—Allow me to state that I have been greatly benefited by the use of the "Endo Mineral Water." For 12 years I have been troubled more or less with gravel, so bad at times so to require an peration, also with constipation and piles for a number of years, as well as catarrh and inflamed eyes. The use of the water has a, much relieved me and improved my health that I believe if continued it will effect a permanent cural Yours respectfully, H. S. Thompson.

Declaration.—L. Henry S. Thompson of the village of Brechin, do selemnly declare that the facts as set forth in the above testimonial are true in every particular. H. S. Thompson.

Eigned and declared before me at Brechin,

TRENT VALLEY CANAL MAT-TERS.

At present there does not seem to be any

very brilliant prospect of the "last spike" being driven for the Trent Valley canal. enough that the last sail in its coffin will. driven home. The public are asking all the matter? What is the Trent Valley ing for the other to cease doing nothing or to begin doing something? After deciding to construct the work-after pledging the government through the solemn official utterance of the minister of railways and canals to its construction, the government A SENGULAR WILL.—The will of the late John Wakeham Barter of Orillia, which has been filed for probate, provides that in the event of the marriage of either of the daughters, Fannie and Laura, the whole of the personalty, valued at \$8,600, shall go to the other. The money is to be invested and the interest paid to them.

REGULATING LAKE SINCOE.—A correspondent of the Resverton Express is dropped the project, and, from all appear has been broken, and the promise of the sitting member for the west riding, that we should have a thousand men working on the Peterborough-Lakefield section during the summer of 1887, has not been honored. Now the report of the commission is the next thing to be looked for. Without being in the confidence of the commission was control the public when the property of the property we can tell the public when the report of the commission will be made and what it will recommend. The report will be made in due time to influence the next general elections in this district, and the report to be of value for exerting the right kind of influence will recommend the construction of the canal. But it is doubtful if the people will be fooled with vague promises any longer. They will demand that some show of doing something be made. Nothing short of the money being voted and the contract being let for the Lake and the contract being let for the Lakefield-Peterborough section will convince
the people, who have been fooled so
often by the cry of "wolf," that business
is meant. If the government mean to do
anything, or if they do not, now is the time
for friends of the scheme to push it. The
two engineers who were hostile to the work
(Chief Engineer Page and Engineer Tom S.
Rubidge) are not in a position now to obstruct it with their opposition.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all Throat and Lung Affections, also a positive and radical cure for Nervous Deblity and all Nervous Complaints, after having tested its Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering. I will send free of charge to all who desire it, this receipt, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper, W. A. Noves, 820 Power's Block, Rochester, N. V.—28-26eow.

# The Great Blood Purifier.

A Word to the People.

"Truth is Mighty, and will prevail."

THE remarkable effects and most satisfactory results, in every variety of disease arising from IMPURITIES OF THE BLOOD, which are experienced and made manifest from day to day, by those who have taken NORTHROP LYMAN'S VEGETABLE DISCOVERY, for complaints which were pro-

a LYMAN'S VEGETABLE DISCOVERY, for complaints which were pronounced incurable, are surprising to all. In many of these cases, the persons say their pain and sufferings cannot be expressed, as in cases of Scrofula, where apparently the whole body was one mass of corruption.

This celebrated medicine will relieve pain, cleanse and purify the blood, and cure such diseases, restoring the patient to perfect health after trying many remedies, and having suffered for years. Is it not conclusive proof that if you are a sufferer you can be cured? Why is this medicine performing such great cures? It works in the BLOOD, the Circulating Fluid. It can truly be called the

GREAT BLOOD PURIFIER

The great source of disease originates in the BLOOD, and no medicine that does not act directly upon it, to purify and renovate, has any just claim upon public attention. When the blood becomes lifeless and stagnant, either from change of weather or of climate, want of exercise, irregular diet, or from any other cause, NORTHROP & LYMAN'S VEGETABLE DISCOVERY will renew the Blood, carry off the putrid humors, cleanse the stomach, regulate the bowels, and impart

a tone of vigor to the whole body.

The conviction is, in the public mind as well as the medical profession, that the remedies supplied by the VEGETABLE KINGDOM are more safe and more effectual in the cure of disease than mineral medicines. The Vegetable Discovery is composed of the juice of most remarkable roots, barks and herbs. It is pleasant to take, and is perfectly safe to give an infant. Allow us to ask you a candid question:—Do you need it? Do not hesitate to try it. You will never regret it. All druggists have it for sale.

Mr. John C. Fox, Olinda, writes:—"Northrop & Lyman's Vegetable Dis. covery is giving good satisfaction. Those who have used it say it has done them more good than anything they have ever taken."

IN ITS WORST FORM .- MISS JULIA A. PILSWORTH, Toronto, writes: "I had Dyspepsia in its worst form for over a year, but after taking three bottles of Northrop & Lyman's Vegetable Discovery, a perfect cure followed. I take great pleasure in recommending it to anyone suffering from Dyspepsia."

MR. W. THAYER, Wright, P.Q., had DYSPEPSIA FOR TWENTY YEARS. Trice many remedies and doctors, but got no relief. His appetite was very poor, had a distressing pain in his side and stomach, and gradual wasting away of flesh, when he heard of and immediately commenced taking Northrop & Lyman's Vegetable Discovery. The pains have left, and he rejoices in the enjoyment of excellent health; in fact he is quite a new man.
