PETERBORO. HYMENEAU-Mr. ii. H. Portye, of the Arm of Fortye & Pheian, hardware mer-Charle, was married Thursday af ernoon to him Minnie Roper, eident ciampries of hic. J. P. Hoper, briker. The wedding was a quiet one, diese lieger and alies Hamle Dennistenn word brittemales, and Mesers, Thomas Fortyo and Herry Roper were the groomsmen. Mr. and the Fortye left in the evening for New York and

other places of interest. On Tuesday night Mir. Fortye was tendered a compilmentary supper by a few of his young friends at the Palace restaurant.

A FATAL FALL.—List Thursday evening Martin Armstrong, a farmer living three miles from here, at Nassu, was leading a call to passure. The animal armstrong a calf to pasture. The animal gave a sudden jerk to the rope and threw Armstrong to the ground. His head struck some hard object, causing concussion of the brain, from which he died at eight o'clock Friday

Much sympathy is felt for him as he has just lately started his mechine.

SAD DHATH.—The end death of Mr. H. Woods, who died on the 22nd inst., was repretted by many relatives and friends. He was ill but a week and suffered greatly during his liness. The decested was a farmer and resided in Engly. He was a hard working men and respected by all who knew him. He was buried in Engly cometery on Sunday, and the funeral cortege was very large. He leaves a large family to mourn his loss. He was an earnest and staugh member of the Church of Eagland. His age was 61 years.—[Herald,

MUSKOKA.

MUSKOKA.

A TERRIBLE ACCIDENT.—An accident, which does not seem to have found its way into the chronicles of the daily press, co-curred near Windermers, Muskoka, on the 19th August. A young man named Abe Clarke, head sawyer at Clarke's saw-mills, was working in the mill, when his boot caught on some of the machinery for shoving the logs up to the saw, and in the twinking of an eye the saw had cut his head clean off. His brother was in the mill at work at the time, with others, and his mother was at the door of the house some little way off. She was attracted by a cry from one of the employees and instinctively ran to the mill. By this time the brother had lifted up the body of the unfurtunate young man, and his mother picked up the severed head and carried it into the house. Young Clarke had been married only a short time and was 28 years old. The mill had been in fluancial difficulties and the Clarkes' were just making a fresh start. Clarkes' were just making a fresh start.

FENELON FALLS. A Bic Ecc.—Mr. Henry Pearce of this village shewed us on Wednesday last a mammoth egg laid by one of his hens—a black Biddy of no particular breed. It (the egg) weighs within a grain or two of four ounces, and is about as large as any we

WHO CAN BEAT IT.—A few days ago Mr. Edward Wright, who lives near the cemetery, told us that he then had in his garden a tomato vine on which there were no lewer than SI tomatoes, 27 of which were on a single stalk 18 inches long. If anybody can beat this Mr. Wright would like to hear from him.
RE-BUILDING.—Mr. F. Sanford is mak-

ing preparations to erect a terrace on the biethron will be preparations to erect a terrace on the site of the building destroyed by fire on the merning of the list uit. It is to be of wood, but will be well finished, and as it is to measure 36x10 feet, will afford room for two comfortable dwellings. It is not to be built by contract, and the estimated cost is \$1,000. Mr. Barrer is already lay-ing the stone foundation, and the carpenm that of this place is the bur-fer will be at work an soon as possible, as for a state of the second of the bound of the bound of the bound of the second are ils to live in. A few days passed over but no sales were effected, and the agent wanted to leave on business for some other place, promising to be back spain in a short time. For the owners of the place placed in position in the house by the said spant he would like to have a written guarantee from the landlord that the instrument would be all right as far as role beeping read concerned. The guarantee was written by the expert and signed by the tilier of the soil. A day or two after another men appeared on the spot and pulled forth a note of hand for the sum of \$500, for which he demanded payment off the farmer. The old gentleman now enjoys the comfort of a dumb instrument in one of his handsome rooms, even if he pays dear for it, and he a wiser man in the bargain. Pethaps had Mister Farmer read more newspapers than he does it would have saved him the trouble of paying this note.

WEST OPS. (Correspondence of The Pret.)
ORTUARY.—Mrs. Maria Graham, relict of the late John Graham, was born in this ecuntry and died at the residence of her daughter, Mrs. Brass, in Ops, on the 14th August, aged 72 years, after a lingering illness of several months. She bore her aufferings with much patience and resignation, being greatly sustained by the grace and presence of her Lord and Saviour, death being stripped of its terrors and ating. She frequently expressed her desire to depart and be with Christ, which is for better. She was converted to God when quite young and united with the Methodist church, continuing her relation until callchurch, continuing her relation until called to her home above. Her health for several years has been so much impaired that she was not able to attend the services of she was not able to attend the services of God's house, yet she was always delighted to have her minister and christian friends come and visit and commune with her, and expressed the hope of meeting her beloved husband, who had preceded her about ten years to the rest of the saints, together with other loved ones and friends who had passed on before. She leaves a large family and circle of acquaintances to mourn their loss and prepare for that infinite gain in eternal life. May the Lord comfort them and help them to follow her as far as she has followed Christ. Her earthly remains were laid to rest in Riverside cometery. A suitable funeral discourse was presched by her paator, the Rev. Jas. Curts, at Graham's church on Sabbath the 24 h ult., in the presence of a large audience.

CANNINGTON. MEETING OF LINDSAY PAESBYTERY. The August meeting of the presbytery

from which he died at eight o'clock Friday morning, remaining unconscious from the fail till iteath.

The August meeting of the presbytery took place in Kaox church, Caunington, on Tueday, the 26th inst., at 11 am. There was a very large attendance. After the opening services the first business before the coart was the reception of the new repeated considerably more remunerative position. He and Mrs. McGregor will be missed by many friends in Omennee. Mr. McGregor fast excellent tescher but he has one diesety appointed head master of the Omennee. Mr. McGregor will be missed by missed for some localities—he is a recently appointed head master of the Omennee. Mr. J. O. McGregor, who has ably filled that position for three years. Mr. A. Orr of the light school, and the Misses Marr and School, Mr. Sweyne, head master of the gobile school, and the Misses Marr and School, and a very good at fif it is.

Acotomy,—While threshing at Mr. I. Giensey get his left head caneb in the matchine, cutting off the two middle fingers.

the reasons for transfer. To the consideration of this call as adjourned meeting of presbytery was called in Lindsay, Sept. Strd, at 11 a.m. The committee on order of basiness reported for the year, and on motion of Mr. Cameron their report was received, considered and ordered to be printed for convenience of the court. Mr. Gilchrist was ordered to report on statistics at meeting in Lindsay. After some further routine business, and fixing upon date for the November meeting, the court adjourned with the benediction.

HALIBURTON.

Lost Forty Days in the Woods.—A gentleman returning from a mineral prospecting tour on Saturday gives the Peterboro Examiner the particulars of a remarkable case of tenacity of life. Wm. Preston, a stalwart farmer aged 68 years, of Guilford, Haliburton county, on the 29th June went into the dense wood around his residence to look for his cows. Not returning, a diligent but unavailing search was made, and he was given up for lost. On August the 10th Mr. Preston's son went into the woods, also to search for eatile. He came upon his father, lying alongside a log upon the leaves. He was alive, but reduced to a skeleton. The place where he was found was only about four hundred yards from the house, which is surrounded by thousands of acres of dense forest. The unfortunate man seems to have lost recol-LOST FORTY DAYS IN THE WOODS. - A unfortunate man seems to have lost recol-lection of his experiences of his forty days in the wilderness. He only remembers that he had to subsist on the leaves and bark of trees. Though a powerful man when he entered the woods he is now a mere wreck and there is little hope that he will survive his forty days' suffering and privation.

PORT PERRY.

A SNUG FORTUNE.—Mrs. A. A. Gilroy of Utica and her brother, Mr. Frad H. Hopkins, had an aunt die in Boston, Mass., a few weeks ago, and leave each of them a snug little fortune. It is very nice indeed to be so substantially remembered by a wealthy aunt in a foreign land, and we congratulate Mrs. Gilroy and her worthy brother on their good fortune.

Young Men at the Helm.—A change

brother on their good fortune.
Young Men at the Helm.—A change has taken place in the personnel of the enterprising and wealthy firm of A. Ross & Sons. Mr. Fred Ross has been taken into partnership with his brother Mr. Wm. Ross. This firm has now at its head two of our most promising young men. They are thorough masters of the mercantile business, and have made the peculiar re-

business, and have made the peculiar requirements of the dry goods and grocery trade of this part of the country a special study.—Standard.

SERIOUS IF NOT FATAL ACCIDENT.—On Wednesday last as Mr. H. Hings of Port Perry was driving through Epsom, a worthless dog, the property of the hotelkeeper at that place, made a dash at his horse, which took fright and started off at a furious rate, throwing Mr. Hings out of the buggy and inflicting such scrious injuries on him that nflicting such serious injuries on him that he has not since been conscious and the probability is that the case will terminate stally. On hearing of the accident Mr. Hodgson of the Queen's hotel, Port Perry, had the unfortunate man conveyed to his hotel, where everything is being done that skill can accomplish.—[Observer.

ONTARIO COUNTY. SENTENCED TO THREE YEARS,—Udell, the prisoner from Dunbarton, whose crime of trying to kill his neighbor Gilmore with an axe for the sake of the latter's wife.as is stated, was brought up for sentence on Monday before P. M. Harter, who gave him the longest sentence possible under the indictment—three years. It seems that Udell has been annoying Glimore for years by meddling with his wife and that eight years ago he bit one of Glimore's hands badly, for which he received a sentence of one year in the penitentiary. The axe with which he tried to split Gilmore's about the body and will likely do no more seum of curious weapons of defence and offence, and when Mr. Udell regains his liberty he will probably try to get along

without gore.
A DISCREDITABLE CAREER.-Several years ago George B. Stock lived at Brougham. Since then he has become unenviably famous as a forger and bigamiet. His first and legal wife was a resident of this township, but he has had an unknown number of wives since then. Report asys that he went to the states determined not to return to Brougham until he was worth \$100,000. He speculated and acquired that aum, but kept on and lost it air. He started over again and made another \$100,000 and then visited Brougham. Tels was the yarn he told when he visited Brougham and cut such a big shine some years ago. But the following despatch from Montreal shows his real character:-George B. Stock, who about eight years ago came to Montreal from Toronto, after failing in the oil busifrom Toronto, after falling in the oil business, and going into various business troubles here, skipping out to the states after forging papers to a large amount, is a man of varied mairimonial experiences. He lived a double life here, having two wives and femilies. He was a prominent member of the Methodist church. Stack went from Mexical to prominent intender of the Methodist church. Stock want from Montreal to Watertown, N.Y., after failing to get a footing in Toronto and Ogdenaburg. At Watertown, whither he had taken his wife, he meta Mr. Wood, a cosp manufacturer, at Daxter, a small town near there, and persuaded Mr. Wood to enter into partnership with him. Stock took up his residence in Mr. Wood's house, where he became acquainted with Mrs. Wood. A few weeks since Stock persuaded Mr. Wood to go to New York to buy some machinery. He did so, but when he returned it was only to find his wife gone and his house occupied by Mrs. Stock and her two children. His wife had cloped with Stock. Enquiry has been set on foot and the couple were traced to Chicago, where they hought tickets for California. Thither Mr. Wood has gone in pursuit of his errant Wood has gone in pursuit of his errant spouse. Canadian detectives are also on their trail, and an effort will be made to have Stock extradited for the last forgery he committed here, that is, if he can be caught. What has become of the other Stock families is unknown. The cool im-pudence of the man Stock is shown by the way in which he stole another man's wife and left one of his own in her place, and two of his children for Mr. Wood to look

REPORTS—ZAST WARD PETITIONS—THE LIMITED LICENSE BY-LAW REPEALED-

wident from the very outset; the councillors had conversed sotto voce for a full quarter of an hour, their gestures pregnant with meaning; and the free-born electorate had crowded in to listen to the deliberations of the evening, and incidentally imbue their representatives with the confidence born of their approving presence. The members present were: Mayor Smyth, Reeve Williams, Dep.-reeves Fisher and Lennon, and Couns, Kylie, Cahill, Bryans, Parsons, Brown, Lack and Crandell; ab-Parsons, Brown, Lack and Community of the State of the St the clerk, and on motion were confirmed. COMMITTICATIONS.

From J. Comstock, tendering his resignation as member for the north ward owing to continued ill-health.—Laid on the

From F. C. Taylor, secretary of the gas company, stating that as their main was now extended as far the new station three gas lamps would be erected in accordance with resolution of council passed in 1886.—Laid on table.

with resolution of council passed in 1886.—
Laid on table.

From Issac Finley, asking permission to build a siding into his mill on Victoriaave.; it would not in any way obstruct the street.—Laid on table.

From F. H. Date, addressed to Town Solicitor Hopkins, acknowledging receipt of letter and draft of waterworks agreement; exception was taken to several clauses, referring to source of supply and right to purchase in the future; with these modified the agreement would be acceptable, and the company was prepared to sign and commence work at once....Coun. Crandell said the matter was a very important one to all; personally he found some faults with the amendments asked, and thought that before any further steps were taken a number of the prominent citizens should be invited to give their opinion. It would impart a feeling of confidence and would delay matters but a couple of weeks.....Mayor SMYTH said it was not proposed to enter into anything was not proposed to enter into anything binding that evening. The first amend ment asked for provided properly enough that in case of the supply of spring water failing, water from the river might be used for fire and domestic purposes, subject always to board of health regulation and inspection. As so the other changes saled inspection. As to the other changes asked for, he thought that when the members of for, he thought that when the members of the company saw how the statutes read they would be willing to forego their request....Coun. Kylie thought that there should be a public meeting so that all could have a say...Dep. reeve Lennon suggested holding the meeting upon a date when the representative of the company could be present.....Coun. Crandell's motion, to the effect that the members of the board of the effect that the members of the board of trade and other citizens be asked to meet the council at a special session, was finally

adopted.

From R. Spier, secretary of the board of education, returning recommendation of council with reference to erection of a new school east of Lindsay st. as a means of solving the present over-crowded state of the south ward school.....Dep. reeve Lennon thought the board's action short, sharp and decisive; the council's suggestion was a reasonable one and the board should have given some cause for their action.

CHIEF CONSTABLE'S REPORT. Chief Constable Bell's report for A gave \$39.90 as the total amount of fines imposed; collected \$32.90; unpaid, \$3.—The report was referred to the police commit-

AN BAST WARD PETITION. On motion Mr. H. B. Dean, who had been hovering in the rear for some time armed with several rolls of manuscript and a weighty volume of Blackstone, was given a weighty volume of Blackstone, was given permission to unburden himself, and he thereupon unfolded a long petition signed by some 204 ratepayers of the east ward, asking that By-law No. 569—the limited license by-law—"be so amended" as to admit of a license being granted to Bradshaw Bros., the lessees of the Queen's hotel, cast ward......Mr. Dean very elequently pointed out the glaring injustice done the ward by taking away its only hotel franchise; naturally and seographically that portion of the town was isolated, and its business and other interests demanded at lesse one house of public entertainment. least one house of public entertainment.

The hotel has been well kept under its present management—not one single complaint having been lodged against it. Many of the grain storehouses were situated in the ward, and if the hotel closed the farm-ars would be greatly inconvenienced, as during the winter season it was often necessary to unhitch their horses and feed them while the grain was being unloaded. In support of this contention Mr. Dean presented a second petition signed by over seventy farmers living north, east and south of Lindsay, asking that the license to granted....Mayor Smyth asked Mr. Dean to give his written opinion to the effect that the by-law could be amended as asked. ....Mr. Dean said his clients did not wish it amended—they wanted it repealed..... Mayor Smyth said the council could not repeal it; the town solicitor had already

repeal it; the town solicitor had already given his opinion to that effect. Personally he was thoroughly in sympathy with the words of the petition; he had been very much surprised at the action of the commissioners in cutting off the license of the hetel mentioned, and he had not as yet heard why it had been so treated... Reeve Williams said that when recole stored. heard why it had been so treated....Reeve Williams said that when people signed a petition it was to be supposed they knew what they were about; the petition sent in read "amend," while Mr. Dean said "repeal."....Mr. Dean explained that the heading read "that the council would so amend;" the petitioners understood that it would be necessary to reneal the present. amend;" the petitioners understood that it would be necessary to repeal the present by-law.... Coun. Crandell, in dignified and convincing language, supported the right of the people of the east ward to have an hotel within its limits; the best men of the ward, many of them of extreme temperate habits, had worked hard for the petition; and the almost unanimous request of the electorate should have some weight. As a first reading had been given at a previous meeting, he would move the council into committee of the whole on the second reading of the by-law to repeal..... Mayor. into committee of the whole on the second reading of the by-law to repeal.....Mayor. Smyth said that a new by-law would have to be introduced at any rate.....C.un. Lack vigorously protested against the absurdity of the whole discussion; action such as was proposed would make the council the laughing-stock of the whole country.....Mayor Smyth said the only way out of the difficulty was to move that the ruling of the chair regarding repeal be not sustained, and this was at once done the ruling of the chair regarding repeal of not sustained, and this was at once done by Coun. Crapdel!, seconded by Coun. Bryans, but before it was put the council looked over the governing "Rules of Order" to see that all was correct. Upon the vote being taken Coun. Crandell's motion was

carried by four to three, several members refusing to record their leanings. REPORT OF TOWN PROPERTY COMMITTEE. Dep.-reeve LENNON, chairman, presented the report, which recommended that Jesse Parkin's lease of lots 15 and 16, north of Queen's requere, be not extended as asked for, and that she town solicitor be instructed to take the necessary action in the matter.—Adopted.

REPORT OF THE STREET AND BRIDGE COM-

Dep. reeve Fisher, chairman, presented a brief report, recommending among other things that the proposed sewer in the western part of the town, estimated by the engineer to cost \$83,000, be not proceeded with owing toinability of residents to stand the expense.—Adopted.... A motion made by Coun. Crandell, seconded by Coun.

Bryans, to the effect that four leads of stone be placed on St. Paul-st, north of Fee's barn, was referred to the street and

Town Engineer Bowman submitted a report showing that \$4,006.27 had been expended on streets and bridges; since Jan. 1st, and there was still a balance of \$300 on hand. It would be impossible to do all that was necessary and keep within the estimate, but he thought it was apparent to everyone that good work had been done considering that the streets had never been in a worse condition than they were when the men started in the spring, Everything has been done on business principles, and he would submit at the end of the year a detailed statement showing the work done on every street and what it had cost.

......It was decided to have Melbourne-st. graded for some twenty rods where some stumps had been removed. The engineer's report was referred to the street and bridge committee.

REPORT OF THE FINANCE COMMITTEE. Reeve WILLIAMS, chairman, presented the report of the finance committee, which was adopted. It will be found on another

A TALK ABOUT-BROKEN STONE Cour. CRANDELL moved, seconded by Dep.-reeve LENNON, that the chairman of Dep.-reeve Lennon, that the chairman of the streets and bridges committee be authorized to arrange with owners of teams to place the broken stone taken from the river bed upon the streets, if same be found suitable for the purpose..... Coun, Crandell, in explanation, said the stone would cost nothing and would answer well in his opinion. Feneion Falls had pursued the same course while the locks were being constructed, and in consequence had the best streets of any village in Canada.....

Dep.-reeve Lennon held similar views regarding the use of the material..... Reeve WILLIAMS said they had had some experience of shell-rock on the streets in the past; it had been placed on Kent-st. east and in the mill yard, and it had made the best mud-hole he had ever seen.... Coun, Kylie wanted to know where the money was going to come from..... Reeve Williams stood out for economy; the estimates should not be exceeded..... The motion was finally withdrawn by the mover and seconder.

COUN. COMSTOCK'S RESIGNATION. On motion of Reeve WILLIAMS, seconder by Coun. Brown, the resignation of Coun. Comstock, member for the north ward, caused by ill-health, was accepted.

NO MORE GAS LAMPS. Moved by Reeve WILLIAMS, seconded by Dep.-reeve LENNON, that as the council has already arranged for the lighting of William-st. by electricity, the clerk be instructed to notify the secretary of the gas company that lamps will not be required.—Carried....Dep.-reeve Lennon suggested that wherever trees interfered the electric light poles should be placed on the opposite side of the street, and said that Mr. Reesor himself approved of the idea, although it would entail considerable more work.

After a first reading the council then

went into committee of the whole on By-

law No. 609, to raise the sum of \$21,875 as revenue for the current year, entailing a rate of 12½ mills in addition to all other rates; By-law No. 610, providing for the closing up of all surface and private drains leading into municipal sewers; and By-law No. 611, repealing By-law No. 569, limiting the number of hotel licenses. Dep. reeve Lennon occupied the chair. The two first mentioned by-laws passed without being chailenged, but when No. 611 was introduced Reeve Williams moved, seconded by Coun. Lack, that it be referred back for further consideration..... Reeve Williams contended that everything connected with the By-law was informal in character; the law No. 609, to raise the sum of \$21,875 as the By-law was informal in character; the mayor's ruling had be nover-ridden, but he mayor's ruling had been over-ridden, but he was confident that the petition had not been formally received by the council. If the council had deprived the hotel in question of its license he would consider it proper to have petitions come in, but they had had nothing to do with it. He thought it wrong of those who were supporting the motion to press the matter so strongly while some members who were known to be opposed to it were absent.... Mayor Smyth made a short explanation with reference to the introduction of the petition, and was of opinion that it had been properly received by council..... Coun. Crandell said that Reeve Williams had little reason to accuse anyone of springing little reason to accuse anyone of springing the matter upon the council; everyone knew that the petition had been circulating for some weeks and was to be presented that evening, and it was the duty of councillors to be present at the meetings. The reeve had been guilty of some pretty sharp practices when the by-law limiting the licenses was first introduced...Reeve Williams disclaimed having brought in the Williams disclaimed having brought in the by law....It was then moved by Coun. Crandeli, seconded by Dep.-reeve Fisher, that By-law No. 611 be now read a third time, passed, signed and sealed....It was moved in amendment by Reeve Williams, seconded by Coun. Lack, that the by-law be not now read, but be referred back. The amendment was put first and resulted in a tie, leaving Dept.-reeve Leunon, chairman, in a somewhat delicate position. He explained that at first he had been strongly in favor of the by-law limiting the number of in favor of the by-law limiting the number of licenses, but was now convinced of the inustice done the east ward by the commi aicners, and consequently would have to cast his deciding vote against the amend-ment. The original motion was then put and was declared carried on the following division: Yeas-Cahill, Bryans, Parsons, Fisher, Crandell, Lennon; nays-Kylie, Williams, Brown, Lack. A NEW SIDING.

On motion Mr. Isaac Finley was granted permission to put in a siding to his mill on Victoria-avenue, after which the council

"Endo" Mineral Water. Mr. L. Forrest, DEAR SIR,-Allow me state that I have been greatly benefited by the use of the "Eudo Mineral Water." For 12 years I have been troubled more or less with years I have been troubled more or iess with gravel, so bad at times as to require an operation, also with constipation and piles for a number of years, as well as catarrh and inflamed eyea. The use of the water has a. much relieved me and improved my health that I believe if continued it will effect a permanent cure. Yours respectfully, H. S. Thompson.

Declaration,—I. Henry S. Thompson of the village of Brechin, do salemnly declare that the facts as set forth in the above testimental are true in every particular. H. S. Thompson.

Signed and declared before me at Brechin, this lifth day of December, 1889. W. R. Mo-Phers.commissioner for taking affidavits—81-tf.

Northrop & Lyman.

### NOTHING LIKE IT.

TR. JOAB SCALES, of Toronto, writes: "A short time ago VI was suffering from Kidney Complaint and Dyspepsia. Sour Stomach and Lame Back; in fact, I was completely prostrated and suffering intense pain. While in this state a friend recommended me to try a bottle of Northrep & Lyman's Vere table Discovery. I used one bottle, and the permanent manner in which it has cured and made a new man out of me is such that I cannot withhold from the proprietors this expression of

#### WONDERFUL CURES

TOR THIRTY YEARS. - Mrs. L. Squire, Ontario Steam Dve Works, Toronto, says; "For about thirty years I have doctored for Liver Complaint and Dyspepsia without getting any cure. then tried Northrop & Lyman's Vegetable Discovery, and the benefits I have received from this medicine are such that I cannot withhold this expression of my gratitude. It acts immediately upon the Liver, and its good effects are noticed at once. As a Dyspepsia remedy I don't think it can be equalled."

### INDISPUTABLE EVIDENCE.

TARDENED AND ENLARGED LIVER. - Mrs. H. Hall. Navarino, N.Y., writes: "For years I have been troubled with Liver Complaint. The doctors said my Liver was hardened and enlarged. I was troubled with Dizziness, Pain in my Right Shoulder, Constipation, and gradually losing flesh all the time. All food soured on my stomach, even with the closest attention to diet. I was under the care of three physicians, but did not get any relief. A friend sent me a bottle of Northrop & Lyman's Vegetable Discovery, and it affords me much pleasure to inform you that the benefit I have received from it is far beyond my expectation. I feel better now than I have done for years."
