large display of sheep was made in the

village to hear a lecture on temperance by Mr. Joe Heee, and the growd were gathering at the Baptiet church when the cry of fire was heard on Mein-et, and, on rushing to the place, it was found that the fire had originated is Wm. Dunbar's stable in the rear of his hotel. In a very few moments after the alarm was given the fire was through the whole building, and the owners of the horses had a hard time getting the asimale out. Driving and woodshede consected the stables with the hotel, and the fire followed them. Partly successful efforts were made to tear some of the sheds down, but the fire rame on an fast and the heat was so intense that the men were drives off. It was then seen that the hotel and stores on the cast side of the street were doomed. The owners then tried to get out the contents, but with slight success, for the wind had in the meantime eprung up and the fire was driven through the houses in a few minutes. As soon as these buildings got in a blaze the stores on the west side of the street caught also, and in a very short time the terrible sight of about fifteen stores, hor's and dwelling houses, besides storehouses of the merchante, and stables, were all in a mass of flames. Hard fighting was done to save the bridge, also Bryan's sawmill, station, Dundar, Sadler & Co.'s flour and feed depot, Getchell's livery stable and Bowie's brick hotel. This hotel, being brick, was saved, though the west blankets on the side windows and roof were burned off, and the windows and roof were burned off, and the windows and roof were burned off, and the windows were burned on the ground threw water on the side of the house. A driving shed in rear of this hotel gave a great deal of trouble. Water had to be continually dashed over roof and sides, as it was on fire different times.

A telegram was sent to Lindaay for assistance, and a special train was despatched with the Lindaay firemen and their engine, but when they arrived the fire was pat its height. The Lindaay fremen deserve great praise for their promptness

"Truth" Census Competition.

Large Cash Prizes for the nearest calculations to the Population of Canada and the different Provinces and Cities in the list below.

The publisher of Toronto Truth in order to extend the already great circulation of that popular weekly magazine, will give the following series of cash prizes to the persons who first send him the nearest calculation, guess or estimate of what the population of the different Cities, Provinces or the Dominion of Canada, named in the list following, will be in 1891. The official government figures when they are given to Parliament will decide who the winners are. As aguide we give the populations in 1871 and 1831. You can see what the increase has been in the past, guess or estimate what it will be in 1891 and send in your figures now.

# CHINA HALL.

Immense sums have been paid for rare specimens of antique china. Think of \$5,000 being given for a china plate, (cracked at that.) Consider \$34,000 as the market value of a set of 120 pieces of Sievres china. Hold in one hand a cup and saucer and in the other hand the \$3,400 that the cup and saucer brought at a Parisian auction. Truly the craze of collectors for rare specimens of Palissay ware has given fictitious value to many an unpretentious plate and cup. When money is tight it is a comfort to think of \$28,000 being paid for a Hawthorn jug that would barely hold a quart of milk These are prices that astonish.

But the serious side of the question is that at CHINA HALL. you can secure full sets of china that will grace any tea table for so little money that anyone can afford the outlay. Not only China, but good substantial Dinner Sets fit to set out the table of an M. P. or Mayor. Come to CHINA HALL and see what money will do; you will not have to spend the value of six first-class farms for a China tea set. Dinner sets, Tea sets, Lamps of every style, Fancy goods in China, Stone and Bronze.
