KILLED BY A TRACTION ENGINE.—While KILLED BY A TRACTION ENGINE.—While Mr. Batley's traction engine and threshing machine were passing near Carmel Methodist church, Cartwright, last week, a young man named William Mahaffy, in attempting to catch the poker, which was slipping off the engine, lost his balance and fell before the wheels. The engine was going too fast to be stopped quickly, and the thresher passed over his body, crushing it frightfully, and causing death in a very short time.

SAD ACCIDENT.—A sad sceident ocurred Wednesday last to a young man named Mahaffey. While Mr. Batley's threshing machine was moving from one barn to another belonging to Mr. Cowan, the another belonging to Mr. Cowan, the young man got on the engine to ride and by some mishap feil and the cleaner paered over him. He lived only a few minutes.

Suppen Drath.—A sudden death occurred on Friday last. Mr. Bennett, who has been unable to move around on account of rheumatism, while sitting in his chair as well as usual, died. It is supposed to be heart disease. He had sold everything on the Wednesday previous and intended moving to Montans.

OMEMBE A BAD SMASH, — While Mesers. Brown & Lowes were threshing at Mr. Robert Weit's, Emily, one day last week a pair of comparatively new horse blankets in some unaccountable manner got mixed up in the loose bacley and were fed into the machine, which created a good deal of excitement for a few minutes. The cylinder, concaves, shaft and boxings were smashed and other damage done. If it was done intentionally it was a most day. tardly trick, and if the guilty party can be found out he should be punished severely. It is a miracle that no lives were lost.

A SUCCESSFUL CANADIAN.—Mr. James Ruth of New York was in Omemee last week. Jimmie is an old Omemee boy, and has worked himself up to a good position in the above city, having charge of the manufacturing department of a large cance and boat building factory. His many acquaintances here will be pleased to learn of his progress.-[Hersid.

They are four Toronto crooks and are the same gang which got in their work at the Port Perry last fall. The evidence established Thompson's guilt, but falled as to the others. He was then tried to prove he had been formerly convicted of stealing in Toronto aly years and his identity being each. six years ago, and his identity being established, he was sentenced to three years in the penitentiary. The same four were tried for a similar offence committed the same day. There was some evidence pointing to McCann, but not sufficient and they were all acquitted... The Queen vs. Jac. Cribb. The prisoner was charged with stealing a horse, on the Erd of September, from one Woodruff of Pickering. It appeared the parties traded on that day and Woodruff of Pickering. Woodruff gave \$25 boot money. He then took away prisoners horse from the hotel in Pickering village and left his own. The prisoner was shown to have been drunk and incapable of transacting ouslness, and that the trade was one no sober man would have made. That name evening he drove to Woodroffe and took his own horse out of Woodruff's stable, leaving the other. The next morning hs went to Woodruff's to give him the money back. The case was tried as a case under the Chariton act in Toronto last epring, but was then dismissed on the ground that the evidence given on behalf of the defendant showed the gir! to have been previously of unchaste character. The case at the present assizus was main tained by the plaintiff in the capacity of the girl's employer. In the evidence in this trial a fact was elicited which had not appeared in the previous trial, that the girl herself was an illegitimate child. On this ground Mr. N. G. Blaclow, Q. C., who appeared for the prisoner, raised the point that the plaintiff, who is a brother of the girl's mother, could not maintain the action in the same way as the father sucing for the loss of services of a dughter, an illegitimate not being recognized by law. His lordship held, however, that there was evidence to go to the jury under which the plaintiff was entitled to maintain the action in the capacity of a master. After being out of court all the afternoon the jury were discharged, having failed to agree. Mr. T. W. Chappie acted for the plaintiff.

OBITUARY.—On Saturday morning last at the red cross hospital, Orillia, there died Bartholomew Hay, aged 23 years, fourth eldest son of our respected actiler, Mr. Patrick Hay, Rams township. The case was unusually distressing, as he was but a week sick. He had left home for the lumber district about three weeks before, when he was taken ill and returned to Orillia. Dr. McDonald seeing it was a serious case of inflammation had him removed to the hospital and his friends notified. Everything that medical aid and constant attendance could do was done for him, but in vain. His elster was constantly at his side and the nurses of the hospital were proficient in the discharge of their duties. When dead his remains were removed home and on Sunday he was buried in St. Columbkill's cemetery, Uptergrove. A large procession followed the remains to the grave, and much sympathy was felt for the sorrow-stricken family of the deceased. Father McGinley in his sermon on Sunday referred to the event in feeling terms, extolling the virtues of the young man. He was indeed a person of exemplary habits and was well liked by all who knew him. His two brothers, Michael and William, one of whom was in Michigan, the other in Muskoka, had been telegraphed for. They arrived on Monday, only to find their well-beloved brother in the grave. Your correspondent extends to the family his heart-felt sympathy in their sad bereavement.
