 Opposite Market

Lindsay, Oct. 30, 1890-25.
Wm. Howe.

TO TOAST THE TOES.

When you come into the house with numbed feet on a cold, winter day, stretch yourself out in an easy chair and let the feet rest on the floor near the Sultana Heater—if you have one. If you haven't, why not enquire into its merits and get one now? One of the special points of these heaters is the fact that they throw the heat downward, where it is wanted, instead of radiating outward and upward from the fire-pot, as most unscientifically constructed heaters do. Rooms heated by the Sultana are never stifling hot about your head, and one of the principal causes of sick headache is thus avoided. The heat being on the floor diffuses itself uniformly through the room and cools as it rises. This is merely one advantage of the Sultana Heater. Another is the fact that it gives more heat with less fuel, and retains a fire longer with less attention, than any other. Get one of these home comforts for this winter.

At the People's Stove Depot.

W. HOWE, Kent-st., Lindsay.

Brown's Magnetic Oil
 cures pain in the back and kidney troubles—25c.
 Keep the Chills Away with White Rose Balm, 50c. at HENNINGMAN'S—27-1.
 The New Drug Store has opened.
 Nearest to the market. Everything fresh. PHILIP HENNINGMAN—27-1.
At the Post Office.
 R. BRYAN is always well pleased to see his many old customers calling to purchase Boots and Shoes from the Parlor Shoe Store, as he keeps all the best lines in the common sense and workmanship boots, hand-made.—27-2.

Before a Rally.
 The friends of Mr. Lowborough are requested to attend at the reform rooms (Hamilton's block) to-night, at eight, to fall in line, to take the oath, and to be prepared for the election campaign. The writ may be issued any day, and it will be prudent to prepare for the contest. Some interesting addresses may be expected.

Least Strivings.
 —Town council Monday evening.
 —Buy the Best. Tenny's 1st-price Brand.—21-3.
 —A respectable young girl desires a position as general servant. Address can be had at this office.

—Mr. P. J. Meagher has, we learn, decided to go out of the grocery business, and engage in another occupation. See advt. elsewhere.
 —On our sixth page will be found a report of the farewell presentation of the Sunderland people to Mr. and Mrs. McPhaden, prior to their removal to Lindsay.

—Mr. Moore of the east ward and his gang of experienced shingle men have returned from Macleod's lot, where they have been working for some months past.
 —The condition of William's lot, leading to the new station makes it fall in line, to take the oath, and to be prepared for the election campaign. The writ may be issued any day, and it will be prudent to prepare for the contest. Some interesting addresses may be expected.

—You will miss the best entertainment of the season if you fail to see "Old Chums" at the opera house on Sunday afternoon. The play will be reduced to 50c and 25c, with no extra charge for reserved seats.

—A telegram was received Thursday morning by Mr. J. Bannan, hotelkeeper, informing him of the death of his father, Edward Bannan, at Lambton Mills, west of Toronto, where he has been residing for some time past.

—We regret to learn that Captain Coram of Kirkfield met with an accident through the explosion of some time in which he was engaged, he is under the care of Dr. Ryerson of Toronto.

—Several sharp blasts of thunder, accompanied by vivid lightning, were observed Thursday afternoon last, and "old heads" are now willing to wager long odds that we are going to have continued open weather and perhaps a "raw" Christmas.

—A number of bacteria-soaked "slippers," taken from the Lindsay street, are at the present time alarming the residents in that neighborhood. The street and bridge committee cannot do better than have them removed. They are neither ornamental or useful where they are.

—It is reported that Mr. B. F. Rescor, manager of the electric light works, is negotiating for the property known as Nichols' button factory. If an agreement is reached, it will be an extension of the contract is arrived at he will at once put in an engine and boiler and locate his plant there.

—The annual ball of the G. T. R. employees of this division will take place in Bradburn's opera house on Friday evening, November 21st. No doubt it will be attended largely, and the efforts of the various executive committees having the preparations in hand will succeed in making it even more enjoyable than usual.

—Manager Menzies is to be congratulated on having secured Austin & Kinsey's Comedy Co. for a return date on the Lindsay stage, which week, when the laughing comedy of "Old Chums" will again be presented. It is undoubtedly the best musical comedy ever brought to Lindsay and should receive a crowded house. The musical specialties alone are worth the price of admission.

—The Citizens' band concert on the market square on the afternoon of Thursday last afforded much pleasure to the large number of various numbers on the program—some of them comparatively new to the players—were artistically treated, and well appreciated. Next week, through the kindness of Mr. Galvin, the new bandmaster, the members are making rapid improvement.

—Mr. H. Dennis has put in a new 55 ft patent pump for Mr. W. R. Howe, near Fenelon Falls. There was only about two feet of water in the well, but Mr. Howe's rear old son was able to pump the water up without any difficulty. This speaks volumes for the superiority of the Dennis pumps. Parties wishing to purchase should consult H. Dennis, Lindsay, at Lindsay, before placing their orders.—27-1.

—Tenders for removal of the "beautiful" of the corporation walks during the coming hard spell are out, and it is said that the number of applicants will be large and the work will be a tedious one owing to the "soft" mass enjoyed by the plowmen last winter, and the fact that a number of men are out of employment. It is important that the scraper should be set to work after the first snowfall, else the snow will melt and freeze and a covering that will be impossible to remove.

—Peterboro has gone into the system of street electric lighting. This is the grandest and additional lamps are to be placed at once, superadded to the lamps at present in use. It was objected to in council that the cost of the system is the levying of an extra quarter of a mill in the dollar, when a level-headed representative of the people delivered his opinion, and that a given good street and sidewalks and plenty of light he did not think citizens would object so much to out paying taxes. He hit the nail fair on the head, did that councillor.

—Donald Sinclair's hunting party returned Wednesday from the north, and the station platform was crowded for some hours after with the carcasses of deer and other animals. The fruits of the chase included two deer, three wolves, a bear and a curious little animal noted for its oil and the staying qualities of its perfume. The wolves attacked the deer and cut them up badly, but were knocked over by Mr. Johnston Ellis and others of the party. Only one, however, was the survivor, and it was, though wounded badly, managed to escape to their fastnesses.

—A petition is at present going the rounds among the taxpayers asking the council to prepare and submit a by-law for the establishment of a system of parks and public squares. It is being signed by some of the most prominent citizens of the town, and the proceeds from the sale of Queen's square lots should be devoted to the purchase of property of the late Robert Irwin, was put up at auction at the Boardman house in this town and sold for the sum of \$7,000, or a trifle over \$23 per acre. The property comprised lot 23 in the 2nd and 3rd north half of lot 20 and south half of lot 22 in the 1th con., and over a hundred acres are cleared and in a state of cultivation. Mr. S. Irwin of Lindsay was the purchaser. A few years ago \$12,000 was the valuation placed upon the lands in question.

—The appearance of the talented young actress Annie Brock, in Victoria Sarton's four act play "Lucia," attracted a large audience to Bradburn's opera house Friday last despite the somewhat threatening appearance of the weather. The play was supported by a strong company, and her acting in the leading role fully justified the high praises bestowed upon her by leading managers and for her criticism during her short stage experience of four years. Many, however, are disappointed in the opinion that the play did not allow proper scope for her talents, which are of a high order. Some of the scenes were somewhat empty and meaningless. No doubt the limited stage room and lack of scenery hampered the company somewhat in mounting the play.

—Syvester Bros. implement works started up Monday last, after the usual fall shut-down for stock-taking and repairs. The fall work is not at present engaged, but it is expected that in the course of a few weeks nearly one hundred men will be on the payroll, and the works will be in a very busy state. The rapidly-growing Northwest trade is also being supplied with goods from the firm. Mr. Irwin of Lindsay returned two weeks ago on an extended tour, occupying over a month, and during which he visited the various parts of the Northwest, and returned by this firm with a large quantity of goods, which he is now selling at a profit. He is expected to visit next year the firm will devote its Northwest branch.

The Best Hand-Made Long Boots.
 equal to any ordered work at much less money, at BRYAN & CO.'S—27-2.

 27-1.

Methodist Amateurs.
 Cambridge-st. Methodist church.
 Sunday, Nov. 23rd, 1890.
 Sermons at 11 a. m. and 7 p. m., by Rev. N. A. McLENNAN.
 Collections for the purchase of the mission fund of the Methodist church.—27-2.

One for the Road.
 Mr. Menzies, manager of the opera house, wishes to return thanks through our columns to Messrs. R. Smyth and W. Vetch, managers of the Citizens' band, for the courtesy the members extended him in playing Wednesday evening on the occasion of the appearance of Austin & Kinsey's Comedy Co. in "Two Chums."

Y. M. C. A. Report.
 —Consecration meeting on Saturday evening for young men, in the Y. M. C. A. rooms, at 8 o'clock. Young men cordially invited.
 —Young men will be welcome at the Y. M. C. A. rooms on Sunday afternoon at 1:15. Good singing and short addresses by young men. Come.

What You Will See and Hear at the Opera House on Saturday Evening.
 JENNIE FIELD and HENRY WINCHELL, America's most versatile comedians, whose comedies would cause the faces of a clock to smile. JOHNNY PARTON, the popular Irish comedian and world's champion balance clog dancer. HARRY ACOTIN, the musical marvel, who can play all kinds of music and many unknown instruments, one feature of his wonderful talent being the playing of beautiful melodies on eighteen strings of golden sleigh bells. The Pearlman Handbell Quartette, the finest musical organization traveling. A most laughable comedy by a superior company and you will miss a rare treat if you do not attend.—27-1.

Building Men's Chums.
 —Mr. George Jackman is erecting a white brick cottage of neat design and comfortable dimensions on Melbourne-st., east of Coun. Brown's residence.
 —Mr. George Thomas is putting up a frame building on Kent-st. north, and is making rapid progress. His industrious habit of working far into the night by the aid of a well-contrived lantern.

—Mr. D. Morrison is at work upon a two-story frame residence on the lot adjoining Mr. W. H. Stevens property, Wellington-st. The dimensions are 25x25, and the commodious kitchen will be added next summer.
 —Mr. Gibbons has a two-story frame building well advanced towards completion on Melbourne-st., west of Mrs. A. Wright's residence. We understand he intends bringing it this fall if the weather continues favorable.

Local Briefs.
 —The Lindsay gentlemen's coterie are progressing finely in their rehearsals.
 —Look out for the band parade to-morrow night (Saturday) on the Lindsay railway.

—Encouraged by the favorable weather Sadler, Dundas & Co. are pushing work on their elevator at a rapid rate, and have now some 23 feet raised, and will be completed in a few days. We will see the roof commenced.

—The attention of farmers is directed to Signet & Killen's advt. in this issue. For years past this firm has made a specialty of the buying of alkali, red clover and timothy seeds, and invariably pay the highest market prices.
 —Mrs. P. G. Pillis, Mrs. Roberts and Mr. J. Pelly took part in an entertainment at Fenelon Falls on the evening of the 5th, and as usual secured the highest prizes for their singing. Mrs. Roberts, by special request, contributed several selections in addition to accompanying.

—Numerous complaints have been made of late regarding the condition of the culverts on Victoria-st., near the city hall, and Messrs. Findlay & Martin have been anxious to have it repaired in order that they might set their railway track in better condition. To make a good job of the drain will involve considerable outlay, and the present council, having but one year to run, are hesitating to undertake it for various reasons. Early in the week Mr. Smyth decided to look into the matter for himself, and had not been on the ground five minutes before a wagon broke through the decayed timber. Something's going to be done.

Personal.
 —Miss Addie Totten of Campbellford spent a few days of last week in town.
 —Mrs. Sam Parkin is at present in Peterboro, having been called away suddenly owing to the serious illness of a sister.

—Mr. H. C. Heap of Dundas & Fenelon Bros. spent Thanksgiving day at Beaverton, the guest of Mr. W. W. Bruce.
 —Mr. George Kempf, eldest son of Dr. Kempf, has returned home from the Northwest on his survey on which he has been engaged for the summer.

—Mr. K. Fitzgerald of Fenelon Falls is rusticated in town for the purpose of recovering from the fatigue incidental to a hunting tour through a very rough portion of our back country.

—Mr. A. Wilson, the well-known Hamilton surveyor, was in town Wednesday on his return from a four-months survey of the boundary between the Remy river and the Fenelon Bay districts. His route ran north from Hunter Bay island to within a short distance of the northern boundary of Ontario. Mr. Wilson is looking extremely well after his arduous campaign.

—Mr. R. Smyth, mayor, requests us to state that solely for private reasons he does not intend to be a candidate for the mayoralty next year. This intimation will be received with relief. It is a way that would do no harm to a re-election by acclamation. We understand that owing to the serious state of Mrs. Smyth's health it may be advisable for Mr. and Mrs. Smyth to spend some months in Colorado or some other mild climate.

Church Notes.
 —The Rev. T. Manning, B.A., of Orlia, will preach in Cambridge-st. Methodist church next Sunday morning and evening.
 —The Beaverton Express says: "Rev. Mr. Mills of Sunderland preached two eloquent sermons in Knox church last Sabbath. Mr. Mills is a very brilliant speaker and apparently a very thoughtful student and scholar."
 —Owing to the unfavorable weather last Sunday the quarterly meeting of the Queen-st. Methodist church was postponed and will be held next Sunday. Love devotionals will be at 11, followed by the sacrament of the Lord's supper. Rev. Mr. Dorey will preach morning devotionals. Mr. Mills' sermon on the meaning of Christian brotherhood as revealed in the law of Christ's subjects for evening. "Yielding to sin not a sacrifice."
 —Rev. W. G. Mills of Sunderland has preached his farewell sermon at the Presbyterian church in this town, which he has served for many years. He has been a very popular and beloved pastor. Mr. Mills has received and has accepted the appointment of pastor of the Presbyterian church in New Westminster, B.C., and will leave this part of the province for his new home immediately after Christmas. He has been a very brief and well-earned holiday preparatory to removal, and will spend most of his time in his new home. Mr. Mills' sermon was a most impressive and heartily commended him. He is one of the rising young preachers of the Presbyterian church, and we do not think it would be the thing for Mr. Mills (who is a single man) to go so far away from home as he is to do. We are sure Mr. Mills is too bashful or modest to secure a companion the members of the Lindsay Presbyterian will help him out with their contributions and if necessary hold a pro-nuptial meeting.

—Remember "Old Chums" on Saturday night.—27-1.

 Sentinels.
 VANCOUVER, B. C., Oct. 14th, 1890.
 T. C. Matchett, Agent C. P. R., Lindsay, Ont.
 Dear Sir,—I arrived here after a most comfortable and delightful trip, which I enjoyed very much. I was glad my uncle, Mr. St. George, recommended me to come to you for my tickets, because everything turned out just as you said it would, and every one was so kind and attentive, the porter on the train especially. I had to take an upper berth, the car was so well filled, but the service helped me up to my berth at night and down in the morning. I met some very nice people on the train and was very jolly party indeed. I thank you for your kind words of courtesy and hope you may have good luck. I like Vancouver very much. It is a beautiful city and the climate is delightful. I strongly advise anyone coming to the Pacific Coast to come by the C. P. R., it is very safe and the service is excellent. Yours sincerely,
 J. W. O'Brien,
 Late Governor P. O., Victoria, B. C., Ont.
 "Old Chums" on Saturday night.—27-1.
