

THE DOOR-STEP

JONES GETS SOMETHING TAKEN
The door-step was the only place where the two men could meet. The door-step was the only place where the two men could meet. The door-step was the only place where the two men could meet.

The door-step was the only place where the two men could meet. The door-step was the only place where the two men could meet. The door-step was the only place where the two men could meet.

The door-step was the only place where the two men could meet. The door-step was the only place where the two men could meet. The door-step was the only place where the two men could meet.

The door-step was the only place where the two men could meet. The door-step was the only place where the two men could meet. The door-step was the only place where the two men could meet.

The door-step was the only place where the two men could meet. The door-step was the only place where the two men could meet. The door-step was the only place where the two men could meet.

The door-step was the only place where the two men could meet. The door-step was the only place where the two men could meet. The door-step was the only place where the two men could meet.

"As it is, it is not good," said Jones, surveying the scene. "The door-step is the only place where the two men could meet. The door-step is the only place where the two men could meet. The door-step is the only place where the two men could meet."

"The door-step is the only place where the two men could meet. The door-step is the only place where the two men could meet. The door-step is the only place where the two men could meet."

"The door-step is the only place where the two men could meet. The door-step is the only place where the two men could meet. The door-step is the only place where the two men could meet."

"Let's I thought. That's a good price," said Jones, at once. "The door-step is the only place where the two men could meet. The door-step is the only place where the two men could meet. The door-step is the only place where the two men could meet."
