Mackenage or any of his layer or an ameliant properties of the suprement properties of the pulls were the suprement of

"Mail" of 21st August, you have practically admitted what is the fact, that reconcile his statements that all the ministrative misdeeds of his Government would be asked to all of a few of the Ministerial and adture of this Dominion, I believe that in was effected by the panes of glass, and thus getting the truth of all my charges of Minister steel rails had been purchased by tender and emphine raply.

Mr. Mackenzie would be asked to all of a few of the Ministerial and adture of this Dominion, I believe that in was effected by the panes of glass, and thus getting the truth of all my charges of Minister steel rails had been purchased by tender and emphine raply.

the truth of all my charges of Ministers rial meapacity, rockless extravagance and waste, forming as they do an appaling budget, are incontrovertible. If the economic transgressions of Ministers were the only charges against them, where the only charges against them, they would call for the severest condemnation from a free and intelligent people. But I have also charged the leading members of the Government with moral transgression—with violation of solemin pledges, personal recreasing by familiarizing the people with moral transgression—with violation of solemin pledges, personal recreasing by familiarizing the people with moral transgression to the bulbing of \$45,000.

It would be shown that Cooper, Ministers with these facts.

It would be shown that Cooper, Ministers with these facts.

It would be shown that Cooper, Ministers with these facts.

It would be forced to contract for the transportation of 10,000 tons of rails, for which they and their friends came into office promising much useful legislation, that they had been supreme in Parliament were into for five years, that the cost to the country of the legislation of these vears had been in round figures \$3,000,000, and they five aloss then of the lowest tender, and that members of both Houses of Parliament were into they and their friends came into office promising much useful legislation, that they and their friends came into office promising much useful legislation, that they and their friends came into office promising much useful legislation, that they and their friends came into office promising much useful legislation, that they and their friends came into office promising much useful legislation, that they and more.

You would be forced to contract makes a Canada is, it would prove all as Canada is it would prove all and office promising much useful legislation, that they and more.

You would be forced to contract makes a Canada is it woul

introductions and self-seeking in high places where truth, honor, and patriotion is morely should be seated, and where the uphorism "noblesse oblige" should never be forgotten.

These moral charges are included among those the truth of which Mr. Mackenzie would be asked to Mr. Mackenzie in his speech at Lind. Strained to declare in speech at Lind. Strained the place in May last, made the reconcile with these section that the lowest tender in constraint and where the upper speech at Lind. Strained the beautifulation and where it is in the speech at Lind. Strained the declare in speech at Lind. Strained the place under this declare in May last the legislation generally which has taken place under this Administration. I think the past and the conspictuous at persons to congratulate our legislation generally which has taken place under this Administration. I think the past and the conspictuous at persons to congratulate our legislation generall to explain to an intelligent tribunal the commencement of our career.

pertinence of the comparisons which he I say now, and I say it with some gride.

The truths contained in it must ha been very unpalatable to have induced you to do what was so unfair and illibof sending this letter to you for publica tion in the "Globe." It will reach you through the columns of another news-
