MILLINERY & DRESS-MAKING

I will introduce every valuable discovery in photographic science and spare no expense to make my work equal to any in the Province.

There is nothing in the discoveries of science in late years that has made such progress as Photography. By comparing the Photographs taken some years ago with those made now it will be seen that the former were more caricatures than true pictures.—The vulgar, chalky faces of the past are superseded by those of artistic shading, and pictures made only to fade by those of permanence and duability.

I would say to all who want good pictures to give me a call. MISS A. WRIGHT WOULD intimate to the inhabitants of Omemee and surrounding country that she has commenced the above business, and is now prepared to.
