**MONEY TO LOAN.**  
 The Canada Landed Credit Company  
 THE Canada Landed Credit Company are prepared to make advances on Land of Freeholders on the new mortgage system. The loans are at 5 per cent. for a long period, repayable by a sinking fund of one per cent.  
 By borrowing of this Company there is no probability of the borrower ever being called on suddenly or unexpectedly to pay of the debt.  
 The small sum he pays into the sinking fund is not lost to him, but he can employ it as he pleases. He has the privilege of the privilege of being able to draw out the principal at any time, on giving six months notice, whilst the Company remains bound to the end of the term, three years; and the amount paid into the sinking fund, with interest and compound interest, is then a low rate him in retirement.  
 He has the privilege, as he may find it convenient, of paying into the sinking fund over and above his regular contribution, any extra sum, over one hundred dollars, in reduction of his mortgage, and for which he is allowed six per cent. compound interest; such payments, of course, shorten the term considerably.  
 No Commission charged—no shares required to be taken—No fees to pay, and no expense of removal.  
 Further particulars and forms of application may be had of the Secretary, 27, King Street, Toronto. Or of  
 S. CORNELL, Valuer,
