Will o'the wisp, or some other strange phenomenon, came in close contact with some parties on Thursday night last. As Mr. A. Whitney and two young ladies were returning home from Orillia, and nearing Bridgman's corners, the horse seemed to require extra urging to proceed further. When Mr. Whitney was in the act of getting out of the cutter to ascertain what was wrong, he observed a bright light following in their wake, which passed the cutter on the left, crossed over the horses, and entered the bush towards the lake, making its path as light as day. About the same time, Mr. Malcolm Rogers was on foot, and thought some of the road to let it pass, when it instantly vanished, and was seen no more. Nothing like it has ever been seen before in that section.

The contract for the mason work on the Midland Railway bridge across the Otonabee, near the locks, has been awarded to Mr. H. J. W. H. GROSS,

The oldest Dentist in the County. Over 21 years Dental experience. About 3,000 sets of teeth made during that time. Mr. Gross's insertion of ARTIFICIAL TEETH is bringing the mirror up to of ARTIFICIAL TEXTH is bringing the mirror up to nature; they are life-like in appearance, and perfect in eating and speaking. All kinds of plates made, ranging in price from 30 to 365 for a full Upper of Under Set. The reputation of his English Black Rubber Plates is established. Those who value excellence and purity, particularly in an article to be worn in the mouth, will have been supported by Plack Rubber. It is free from larly in an article to be worn in the mouth, will have nothing but Black Rubber. It is free from mercury or anything in jurious and makes a more dutable plate than any of the rubber compounds. One or more of Mr. Gross's English BlackRubber Plates may be found in almost every neighborhood within 30 miles of Lindsay, and all giving the greatest satisfaction. Red Rubber Plates made for those who prefer them. Teeth extracted without a particle of pain by use of ELECTRICITY. Sufferers are daily relieved without pain or risk, and voluntarily offer to testify in its favor. Mr. Gross experimented for months with a view of regulating the Electric current to suit the different temperaments. He was the first in Lindsay to introduce it, and is the only one in the place using it successfully. A great many certificates in favor of this great destroyer of pain have been taken. No extra charge for its use. Pure Gas is kept, but, as it is considered unsafe and injurious to bealth (accidents from its use being of frequent occurrence), it will be given only to parties who insist upon having it, and who are physically sound. Natural teeth preserved by filling with gold and other reliable materials. Fillings guaranteed for Five Years. A call upon Mr. Gross will consume but little time, and cost you nothing. Many have expressed deep regret for having got a set of teeth, a tooth filled or extracted, without first calling on GROSS, over Kennedy's store, Kent street. J. NEELANDS. The oldest established denta J. practice in the County of Victoria, and the most successful in the Midland district. He has now a stock of about 5,000 teeth, perhaps one of the largest held by any regular practicing dentist in the country, and many of these of the most celebrated makers, such as Ash & Sons, London, Eng., S. S. White & Juste, Philadelphia. The advantages to persons getting teeth are apparent as they have a splendid opportunity of being able to get teeh of all sizes and shades of colors to suit all complexions and thus avoid detection. Mr. Neeland's success in this respect has been such that in several cases persons have been married for years before even the husband or wife were aware that either had false teeth. A large stock of the best English and Amserican Black, Red, Pink and White Rubbers for place on hand. Mr. Neelands will insert teeth on any color advised—would prefer putting on black as the plates of that color are more easily finished and polished. Many have a strong prejudee against the black on account of the color. In fact Mr. Neelands has had a number of black plates that have been on account of the color. In fact Mr. Neelands has had a number of black plates that have been exchanged forred. An upper or under set from \$10 to \$60. GAS.—Mr. Neelands has had almost account of the color of the c exchanged forred. An upper or under set from \$10 to \$60. GAS.—Mr. Neelands has had almost unparalles, success with it in Canada and has no objection to being called a disciple of Dr. Colton. He has used it uninterruptedly for nearly 16 years, and given it to thousands of persons with the most perfect satisfaction. One gentleman, a physician, has taken it at different periods some seven or eight times to get toeth out, and always speaks in its favor. Mr. Neelands knows numbers of persons who have been ill for years and have had their health restored after taking gas and getting their diseased teeth out. Mr. Neelands made a special study of this gas under Dr. Colton, of New York, the inventor of gas for extracting teeth without pain, who has given it up to April 20th, 1882, to 128,161, without an accident. Liquid Gas was introduced by Mr. Neelands in March, 1882. Electricity also used—was introduced by him 16 years ago. All other operations connected with the teeth skilffully performed. FOO CHOO'S BALSAM OF SHARK'S OIL

Positively Restores the Hearing and is the Only Absolute Cure for Deafness Known.

This Oil is abstracted from peculiar species of small White Shark, caught in the Yellow Sea, known as Carcharodon Rondeleth. Every Chinese fisherman knows it. Its virtues as a restorative of hearing were discovered by a Buddhist Priest about the year 1410. Its cures were so numerous and many so seemingly miraculous, that the remedy was officially proclaimed ove the entire Empire. Its use became so universal that for over 300 years no Deafness has existed among the Chinese people. Sent, charges prepaid, to any address at \$1.00 per bottle.

A NOTED BUT UNTITLED WOMAN.

Bosers, Editors :-The above is a good likeness of Mrs. Lydia E. Pink ham, of Lynn, Mass., who above all other human beings may be truthfully called the "Dear Friend of Woman," as some of her correspondents love to call her. She is realously devoted to her work, which is the outcome of a life-study, and is obliged to keep six lady assistants, to help her answer the large correspondence which daily pours in upon her, each bearing its special burden of suffering, or joy at release from it. Her Vegetable Compound is a medicine for good and not evil purposes. I have personally investigated it and am satisfied of the truth of this.

On account of its proven merits, it is recommended and prescribed by the best physicians in the country. One says: "It works, like a charm and saves much pain It will cure entirely the worst form of falling of the uterus, Leucorrheea, irregular and painful Menstruation, all Ovarian Troubles, Inflammation and Ulceration, Floodings, all Displacements and the consequent spinal weakness, and is especially adapted to

the Change of Life." It permeates every portion of the system, and gives new life and vigor. It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach. It cures Bloating, Headaches,

to equal the Compound in its popularity. All must respect her as an Angel of Mercy whose sold ambition is to do good to others, Philadelphia, Pa. \* (2)
