Midland District Notes.
Mr. John Sutherland, late of Orillia, who it will be remembered was lost on the Manitowish prairie for six days, during three of which he was without food, died at Winnipeg on Sunday from the effects of the exposure. The exposure caused a bad cold which turned to congestion of the lungs.
Dresses, cloaks, coats, stockings and all garments can be colored successfully with the Diamond Dyes. Fashionable colors. Only 10c.
That Husband of Mine
Is three times the man he was before he began using "Well's Health Renewer," St. Druggists.
Users of pills can buy the best in the world, purely vegetable, at ten cents a sample box. They are Hop's Regulating Pills, (sugar-coated.)
There is no arguing a coward into courage. But even the coward may be brave after trying Kidney-Wort, that medicine of wonderful efficacy in all diseases of the liver and kidneys. It is prepared in both dry and liquid form and can always be relied on as an effective cathartic and diuretic. Try it.
Those who deaden sensation and stupefy the patient to relieve suffering make a grave mistake. They proceed upon the false idea that it is legitimate to procure relief from pain by destroying physical sensibility. This method, carried to the last extremity, would kill the patient to end suffering. It is not presumed that Lydia E. Pinkham's Vegetable Compound will raise the dead but it often does restore those who are given up as hopeless cases.
The remarkable sustaining power so noticeable in Wheeler's Elixir of Phosphates when it becomes expedient to master the nervous system at concert pitch for prolonged periods during any great mental or muscular exertion, being better and safer to create force than alcohol stimulants. The increased energy being derived from the food elements in the preparation that are source of nerve power, it prevents the excessive waste and exhaustion that result from over work.
Jefferson F. Harnden, of Orillia, express and telegraph agent, was married about ten or twelve years ago, his bride being ten years his senior. In June last he went to Akron, Ohio, where he was married to the beautiful widow of the late Dr. William Ross Morrison, of Orillia, who with her gallant came to Orillia and resided in apartments in the same block in which Mrs. Harnden and her widowed mother resided. The young widow occasionally visited the express office where she and Mrs. Harnden would strive for the mistressship. Three weeks ago Constable Wise, of Orillia, arrested the bigamist on the farm of his father, Ralph Harnden, of Raglan, East Whitley, and bringing him to Orillia he was lodged in the lock-up. Twice a week he has been brought before the mayor and magistrates, and on Tuesday last it was expected that the officials who tied the slip knot would be here from Akron with evidence to convict him, but it is supposed that the wires were being pulled in Ohio, as said officials failed to put in an appearance. He was allowed his liberty to step out into a cutter, and by the light of a full moon his off to a warmer clime, and so avoid the contents of feather pillows offered by the ladies and the tar by the gentlemen.

An Editor on Early Marriages.
Nine tenths of the unhappy marriages are the results of green, human calves being allowed to run at large in the society pastures without any yoke on them. They marry and have children before they do mustaches; they are fathers of twins before they are proprietors of two pairs of pants, and the girls they marry are old women before they are twenty years of age. Occasionally one of these foolish marriages turn out all right, but it is a clear case of luck. If there was a law against young fellows sparkling and marrying before they have out all their teeth, we suppose the little cusses would evade it in some way, but there ought to be a sentiment against it. It is time for these bantams to think of finding a pullet when they have raised money enough to buy a bundle of laths to build a hen-house. But they see a girl who looks cunning, and they are afraid there is not going to be able to go around, and then they begin to get in their work real spy; and before they are aware of the sanctity of the marriage relation they are hitched for life; and before they own a cook-stove or a bedstead they have to get up in the night and go after the doctor, so frightened that they run themselves out of breath and abuse the doctor because he doesn't run too, and when the doctor goes there, there is not enough linen in the house to wrap up a doll-baby.

SUTHERLAND'S
RHEUMATINE
THE GREAT CURE FOR RHEUMATISM
And all complaints of a Rheumatic nature. RHEUMATISM is not a sovereign remedy for "all the ills that flesh is heir to," but for NEURALGIA, SCIATICA, RHEUMATISM, and complaints of Rheumatic nature.
IT IS A SURE CURE
From Mrs. M. Webster, of Guelph, mother of the late Registrar of Wellington Co., and wife of the former Registrar of Guelph.
350 Woolwich street, Guelph, February 12, 1882.
My Dear Mr. SUTHERLAND,—I have had so many people applying to me for particulars of your famous medicine "Rheumatine," that I thought I would write and ask you particulars about it. My son Robert, in Ceylon, hearing of the wonderful relief it has given my daughter Ada, wrote asking if you had an agency in the East, or in England.
Would you kindly write to me at your leisure, and tell me all about it, so that I may communicate with my son, and give information to people inquiring, for the fact of my daughter's severe illness and complete cure, has gone far and wide. We followed the directions on the bottles of the letter. By the time she had finished the second bottle, all pains had left her, she slept well, and had a good appetite, and found her strength coming back, but she took the third so as to complete the cure. She has not suffered at all since from Rheumatism, although we have had a changeable, trying winter. I am glad we will now be able to get it in our own city, as Mr. Perrie told me he had sent for some.
I remain yours, very truly,
M. WEBSTER.
Sold by all druggists.
