FOOT OF KENT ST., LINDSAY.

The Victoria Warder

FRIDAY, MARCH 9, 1883.

ROSEDALE.

Correspondence of The Warder.

STOLEN.—A few nights ago some person or persons broke into Mrs. Hooey's stable and took a set of harness. Nothing has been heard of the thief yet. It will not be well for him if he is caught round here again.

OAKWOOD.

Correspondence of the Warder.

DUST TO DUST.—We deeply regret to announce the death of the late Mr. Peter Anderson, who, after a comparatively short illness, passed away on Sunday afternoon last, at the age of fifty seven. Deceased was a man of high respectability and is one of the oldest residents of this place. His remains, followed by a large concourse of people, were interred in the M. E. church cemetery. The bereaved family has the heart-felt sympathy of the whole community.

PERSONAL.—Mr. A. B. Ventress, our late assistant in the high school, but who a short time ago entered the agency of the Canada Life Assurance Co. is very successfully canvassing this locality, having taken risks within two weeks amounting to over ten thousand dollars. Every man should duly consider this matter and give A. B. a hearing, as he is laboring for a good cause.

THIS AND THAT.—What about Wiggin's storm!—1st of March lamb.—Farmers moving their wheat rapidly.—High school under Mr. Cruickshanks is in a very prosperous state.—Business somewhat quieter than usual.

PERRIN.

Correspondence of the Warder.

WE congratulate Mr. J. Cameron on his success in receiving one of the fair maids of Glenarm in Miss Isabella McNabb. The nuptial knot was tied by Rev. Mr. McDonald, resident minister. After partaking of a sumptuous dinner the young couple took the evening train at Lorneville to Toronto, carrying with them the well wishes of all their acquaintances.

A FAREY party by the young men was given at the residence of Mr. Charles Perrin on Thursday night. Good order was kept all night. Floor managers, Messrs. Carmichael and McCusig; music by Messrs. McKay and Smith.

OUR grain buyer is unable to take in any grain, with lack of store room.

SCRAPS.—Mr. H. McMillan is going to move south and to engage in some profitable merchandise. Mr. John McCusig has returned from Michigan, after an absence of 18 months. Our postmaster looks quite cheery after a week's visit to South Monegan; also C. Perrin has returned from a week's visit in Haliburton and vicinity.

MR. D. MCMILLAN has removed to Beaverton or vicinity.

FARM laborers are scarce, and wages asked as high as $20 per month.

MR. GOURLAY was seriously ill, but his recovery is favorable.

DUNSFORD.

OYSTER SUPPER.—The brethren of L. O. L. No. 96, Dunsford, will give a grand oyster supper at Mr. Jas. Bell's hotel, Dunsford, on Tuesday, 13th March. Oysters served up at 6:30, p. m. sharp, after which there will be a dance in the hall. Good music will be provided. All are most cordially invited, as a pleasant time is expected. Tickets to supper and hall, 25 cents.

HOGAN'S ISLAND.

Correspondence of the Warder.

FIRE.—On Sunday afternoon a disastrous fire occurred on this Island on the farm of Mr. Wm. Jordan. Early in the afternoon he and his wife had gone over to a neighbor's nearly a mile distant, leaving the children to guard the premises. They had not been gone long when large clouds of smoke were seen to ascend in the direction of their farm. The fire had made too much headway when assistance arrived and nothing could be done but to view the burning pile. All the buildings, we are informed, were burnt upon which there is said not to be one cent of insurance, and to make matters worse $176 in cash which Mr. Jordan had laid by in the house was burned up too.

ISLAY.

Correspondence of the Warder.

KICKED BY A HORSE.—Mr. R. Spence got a very bad kick on election day by his brother-in-law's horse. Mr. McCarther came to Mr. Robt. Spence's on the day mentioned, and the team was put in a back stall in the stable. While Mr. Spence was busy one of the other horses kicked him. He is in a critical condition.

SHOOTING MATCH.—A shooting match came of at our village last Saturday evening. Mr. Donald Tolmie came out ahead.

VISITING FRIENDS.—Mr. James A. Tripp, of Haliburton, has been visiting his brother, Mr. B. F. Tripp, of this place. Mr. Lot Bagshaw, of Brock, is about spending a short time with his son, Mr. Samuel Bagshaw, of this village.

CHANGES.—Mr. Alex. Comerson has purchased the farm from Mr. F. McEachern that Mr. Alex. Torg lives on. Mr. E. Gibson has rented the east farm, and Mr. McEachern is moving into our village, as he has to give up farming on account of poor health.

THAT young man at Perrin who had so much to say about the young folks of Islay and Glenarm has come to Islay to see one of our pretty maids. I would say to the young ladies of Perrin look out for him for he is false hearted.

BUILDING.—Mr. S. Bagshaw is getting the lumber on the ground for the erection of a new barn in the spring.

JANETVILLE.

Correspondence of the Warder.

OBIT.—We have to record this week the death of an old and respected settler, Mr. Wm. Armstrong, who departed this life on the 26th of Feb. last at the age of 65 years, after an illness of eight months. The deceased was born in the townland of Mulochboy, county Cavan, Ireland, and emigrated to this country 35 years ago and settled down in Manvers at a place then called the broad road, where he followed shoemaking for a short time. The township being thinly settled he thought it better to turn his hand to farming and finally settled ot lot No. 6, con. 11, and commenced to make a home for himself and family. He went to work with a will and soon the lofty pines and the hard maple began to disappear and golden grain in their place. By this means he made a handsome living for himself and family, which consisted of a wife and eight children, four boys and four girls, two of them are married and in comfortable circumstances. The deceased was buried on the 28th of February in the B. C. burying ground by the Rev. Mr. Whitlock, B. C. minister, and the event was improved by an impressive and eloquent sermon. The funeral was the largest that ever arrived at that church, there being 100 rigs between sleighs and cutters. A large number of sympathizing friends came from almost every corner of the township to pay their last respects to one who has lived so long among them. His widow and children have the deepest sympathy of the neighborhood in their bereavement.

FENELON FALLS.

THE PULP MILL.—Mr. Scott, the principal member of the pulp mill company, was here on Wednesday, completing the negotiation with the council, and next day the necessary papers were engrossed by Mr. A. A. McDonald, the village solicitor, and will shortly be signed, sealed and delivered. The transfer of Mr. R. C. Smith's slip of land has been made, and on Monday next the by-law regarding Water street will probably be passed, and immediately thereafter preparations for building will be commenced. The pulp mill, which will be 150 feet long, 60 feet wide and 24 feet high to the caves, is to be of stone, with an iron roof, and there will be three smaller but good sized buildings close to it. The intention of the company is first to put up about half-a-dozen houses on the market square for the accommodation of workmen, after which a large kiln will be built and an immense quantity of lime burned. Within a few weeks, no doubt, quite a stir will be created in the village by the preparations for the new and important industry which has been secured by our council without a dollar of cash bonus.

SUDDEN DEATH.—Mr. Samuel Clarke, an old and well-known resident of the township of Fenelon, died very suddenly last Tuesday. A little before noon he was taken by one of Mr. Naylor's sons to the polling place at Brown's to vote, and upon returning he took a late dinner and then told his wife that he would go and get some wood and let his two young girls draw it up on a hand-sleigh, with which they were playing at the time. He accordingly took his axe and went across the road on to Mr. Philip Paley's farm, where he had liberty to cut small cedar and other wood of little value. Having chopped up a sufficient quantity he piled it upon the sleigh, and bade his daughters, as they were leaving with it, to make haste, as he would soon have another load. The distance from his house to were he was working being only about twenty rods, the girls could not have been absent many minutes; but when they returned they found their father lying across a log on his back. Without touching him they ran home and told their mother, who hurried to the spot, and, upon lifting her husband's head, found that he was quite dead. Deceased, who was about 65 years of age, has for the last three years been suffering from heart disease and has had more than one slight attack of apoplexy, and Dr. Wilson, who was his medical attendant, had several times warned him against doing any kind of work, as even a exertion might prove fatal. No inquest was held, but there is no doubt that heart disease was the cause of his death.—[Gazette.

SONYA.

Correspondence of the Warder.

NEW BLACKSMITH.—Mr. Hector McDougall has started a new blacksmith shop in Sonya. Being a first-class workman he will receive a large share of public patronage in and around Sonya.

THE POST ROOSTER.—In last week's issue of the Post was observed a rooster—a fair specimen of the Reform party in South Victoria, over the boasted 35 majority. All the party could do would not arouse his drooping spirits to crow for the party so sure was he of defeat.

FLEETWOOD.

Correspondence of the Warder.

DASTARDLY.—One night last week some ill disposed person broke in one of the windows in the new school house. They broke the sash and five large lights of glass. It is a pity that the miscreant is not found out and sent to the place that is kept for all such characters.

THAT $100.—The people around here are anxious to know if Mr. McLennan has paid in that hundred dollars yet? He ought never to gamble any more when he won't pay his debts of honor. Now that Mr. McIntyre has got in his party should make it up between them to save their credit.

OPS.

COUNCIL PROCEEDINGS.—The council met in the township hall on the 5th inst. pursuant to the call of the reeve. Members all present. The minutes of the previous meeting read and approved. Moved by Mr. Duck, seconded by Mr. Robertson, that the following orders be paid:—C. D. Barr, $22.50, of which $7 is to drain No. 3; J. P. Fitzpatrick, cleaning drain No. 1, $25.—Carried. Moved by Mr. Hopkins, seconded by Mr. McLean, that the following sums be paid:—John Waldon, repairing Hopkin's bridge, $2; James Lindsay, $4, statute labor paid in error and done, to be deducted by Mr. Matchett.—Carried. Moved by Mr. Hopkins, seconded by Mr. Duck, that this council will appropriate $50 for building a bridge over Pigeon Creek on the boundary of Emily to meet an equal amount appropriated by the township of Emily.—Carried. Moved by Mr. Robertson, seconded by Mr. Hopkins, that $1.25 be paid to A. Cullon for one stone hammer, also $2.75 to James Greenan for wood.—Carried. Moved by Mr. Duck, seconded by Mr. McLean, that the reeve and clerk be a committee to receive tenders for printing, and that the lowest tender be accepted.—Carried. Moved by Mr. Hopkins, seconded by Mr. McLean, that the auditors' report be received, and that 200 copies thereof be printed, and be inserted once in the paper that receives the printing.—Carried. A by-law was passed appointing pathmasters, fence viewers and pound-keepers, the names of which will appear in the next issue. The council adjourned until the first Monday in April.

MR. GEO. STEPHEN, of the Canada Pacific Railway Company, makes a proposition through the London Times to the effect that if the English Government will assume the expenses of sending ten thousand Irish agriculturists to the Canadian North west during May and June next, his company will provide each family with a free grant of one hundred and sixty acres of the best land available. This is a very generous offer, and if it be accepted it will do something to improve the condition of those who come to the new world.

A LARGE delegation composed of representatives of every Province of the Dominion waited upon Sir Leonard Tilley Wednesday to direct attention towards taking steps to procure more suitable arrangements for a reciprocal exchange of our products with the West Indies and Brazil. The delegation explained that in Brazil alone such arrangements would open up a market for 12,000,000 people, whose imports consisted of such productions as Canada had to spare, viz.: flour, meat and fish, lumber, coal, lard and fish oils, while Brazil exports such articles as we in Canada consume but do not produce, viz: coffee, sugar, India rubber, etc. It was argued that it would cheapen the price of sugar and molasses to the people of Canada without in any way interfering with the business of sugar refining in this country. At present Brazilian trade was liable to extraordinary import and export dues. The delegation was cordially received by Sir Leonard who carefully weighed their representations and replied that a move in this direction was already in consideration of the Government. He said probably in the present session some legislation would be asked for towards the accomplishment of this object.

The Mysterious Drawer.

On Tuesday, Mr. Thomas Rattenbury, late head painter of the Northern railway, was buried. About a month before that he scratched his finger when posting a letter. Erysipelas set in, and in spite of the best medical aid and nursing, he died at his residence, No. 260 King street west, on Saturday last. He was the father of a family, some members of which reside in Toronto, but there was an ill-feeling between them and their father, which caused him to live in lodgings. It was well-known that he had large sums of money in the bank, but he lately withdrew it, and it was a matter of much mystery to the heirs what had become of it till the following strange circumstances became known. He would receive no attention on his dying bed from anyone but Miss Florence Nellove, the daughter of the lady of the house, for whom he conceived a very strong affection. Shortly before his death he requested that his keys be brought to him, and taking off a small, tiny wire key he held it up and said, "This is the key of a secret drawer in my cabinet," telling her where the drawer was; "and this is the key of it, let them, (his relatives,) find it if they can." He then took her hand and made her promise to him, a dying man, never to divulge his secret.

The young lady then left the room, and on her return the key was missing, and has not been seen since. It appears that Mr. Rattenbury had made the cabinet himself, and had cunningly constructed secret drawers, for he boasted to Miss Nellove that there were three, and that it was impossible to find them unless the cabinet were broken into match-wood. This afternoon the heirs will institute a search for the secret drawers in the hopes of finding the missing money, which he is believed to have concealed.

The ATTRACTION THIS WEEK

AT

BRADBURN & CO.'S

MAMMOTH DRY GOODS & TAILORING HOUSE,

IS

SPRING DRESS GOODS,

In all the new shades, commencing as low as 6c. per yard, with Trimmings to match.

OUR CHEAP EMBROIDERIES ARE BEING PICKED UP VERY FAST.

Throughout the whole history of the Tailoring branch of our business we never knew such a decided boom.
