IT IS A SURE CURE

Murray, who was for many years bridge conductor for the Great Western Railway at Niagara Falls, afterwards one of the contractors on the enlarged Welland Canal (section 12), and is now in Northern Michigan, looking after his timber interests in that country. He writes:

"Tell Sutherland I am now starting for the woods with 36 men, where I will be all winter, and that I am now without ache or pain in either my knees or arms (something I have not known for years), thanks to the two bottles of Rheumatine which I procured from him before leaving St. Catharines."
