

DOUGLASS' BLOOD PURIFIER
BITTERS
KIDNEY WORT
THE GREAT CURE
RHEUMATISM
 As it is for all the painful diseases of the KIDNEY, LIVER AND BOWELS. It cleanses the system of the acid poison that causes the dreadful suffering which only the virtuous of rheumatism can realize. THOUSANDS OF CASES of the worst forms of this terrible disease have been quickly relieved, and in a short time PERFECTLY CURED. PRICE 25c. BOTTLES ONLY, SOLD BY ALL DRUGGISTS. WELLS, RICHARDSON & CO., BURLINGTON, VT.
KIDNEY WORT
 Factory at Stamford, P. Q.—Northrop & Lyman, Toronto, general agents for Ontario.

BOBCAYGEON.
 QUARRIES.—Mr. Walters' gang has nearly obtained the quantity of stone required. Mr. Walker has commenced to load on to scows. He has a particularly fine lot of material, prepared for arched bridges on the Ontario and Quebec Railway.

FIRE.—Mr. Dan. Whetung, who was camped on Sturgeon Lake, met with a serious loss in the destruction of his camp by fire. He had two hundred musk rat skins burnt, the product of his spring trapping, together with a few other furs.

CRICKET.—The cricket club were out for their first practice on Monday. The ground was rather wet. The crease that was made last year, has been fenced in and is to be kept specially for matches. The lumber is on the ground for the new grand stand, and the club is entering upon the season in capital health.

CANOEING.—As far as heard from, the annual meeting of the American Canoe Association promises to be a great success. The suggestion of Mr. J. G. Edwards, of Lindsay, that rail should be taken to that point, and then canoe down the waters to the camp at Stony Lake, appears to meet with general approval, and will be adopted by a great number. A more delightful canoe trip could not be imagined, embracing as it does every variety of water from the broad expanse of the big lakes, to the foliage arched narrow; from the still glassy surface of the charming bays to the rush and excitement of the rapids. In Lindsay and this village there are numbers of gentlemen who are anxious to show every courtesy to the visitors, and will be delighted to pilot them to the camp ground.

BOATS.—Navigation is now opened and the steamers are plying regularly between Peterborough and Lindsay. Capt. McCallum, of the "Eva," tried to get through to Lindsay on Monday, but the lake was still blocked with an immense field of ice in the neighborhood of Jackson's Island. On Wednesday, the captain succeeded in making the first trip of the season. The sonorous hoot of the Beauboage was heard on Friday last, and immediately the frogs in the marsh awoke from their winter's dream, and coming to daylight with a hink and a skly, returned to the country in grand chorus. Captain Lane is again in command of the Beauboage. The Capt. having been in the service so many years and being the senior capt. now on the waters, by general consent is to be promoted to the rank of commodore. —[In expedient.

Midland District Notes.
 Mr. J. R. Armstrong, who removed to Fort Hope from Millbrook a couple of years ago, intends starting for New Westminster, British Columbia, next week. If pleased with the country he will return for his family and take up his residence there. Mr. Armstrong's father and two brothers emigrated to that province in 1852, and have been very successful in their several callings.

An unceasing search has been kept up for the body of the late George C. Rogers ever since his untimely death. Every night can be seen the torches of faithful searchers drifting up and down the river. In the day time too, there are numbers of gentlemen who devote all their spare time to the task of looking for the body of their lost friend and companion—but thus far all the efforts have been fruitless.

At the last meeting of Woodville Blooming Rose Lodge, No. 167, I. O. G. T., the following officers were elected for the ensuing quarter.—Bro. L. Gilchrist, W. C. T.; Sis. Catherine Gilchrist, W. V. T.; Bro. D. Stanton, P. C. T.; Bro. D. McDougall, W. S.; Sis. Jennie Stuart, W. Tress.; Bro. D. Henderson, W. F. L.; Bro. J. McSwain, W. C.; Bro. A. A. Stuart, W. M. S.; Sis. Minnie J. Cameron, W. A. M.; Sis. Helena G. Stott; W. R. S.; Sis. Mary E. Stuart, W. L. S.; Sis. Lizzie Gilchrist, W. A. S.; Bro. C. Campbell, W. I. G.; Bro. G. Stevenson, W. O. G.

A frightful accident occurred in Lyman Heaton's saw mill, about four miles from Wooler, a village in the 7th concession of Brighton. On Wednesday the mill caught fire from some unknown cause, and was filled with dense smoke. The engine was promptly stopped, and Mr. Stewart Heaton, a son of the proprietor, entered the mill to ascertain where the fire was, but being blinded by the smoke he slipped and fell with his neck across a large circular saw, which had not yet ceased to revolve. He was found about fifteen minutes afterwards with his head completely severed from his body. Little damage was done to the mill by the fire.

A curious circumstance occurred at Kinnmount recently. Mr. Henry Graham had a particularly fine cow. She was valued at \$48. She was put at night into her stable, and was in perfect health. Next morning she was found dead. Mr. Graham was naturally anxious to discover the cause of her sudden death, and obtaining the services of a butcher, held a post mortem examination. On opening the animal his attention was at once struck by the enormously enlarged condition of the heart, and its swollen and flabby character. He took the heart out and carefully examined it, and to his surprise found partially within it the half of a girl's hair pin. The pin, point first,

had penetrated about an inch and a half, and had evidently been some considerable time in effecting its passage. The pin had probably been swallowed in the shop with which she was fed, and must have travelled some distance before reaching the heart.

The conference of the Methodist church of Canada will assemble at Peterborough on the 13th of June. The love-feast in George street church on the 17th will be conducted by the Rev. Kennedy Creighton, and the Rev. S. P. Rose will address the Sunday school mass meeting on the afternoon of the same day.

Four men living on Scouog Island were brought up on Wednesday before J. Nott, J. P., for violating the Fishery Act by using "spears and light jacks." Three of them were fined \$20 and costs each, the other \$10 and costs, altogether amounting to about \$84. Great credit is due the fishery overseer, Geo. B. McDermott, in looking after the fisheries on Lake Scouog and bringing the guilty parties to justice.

The village of Tamworth, Lennox Co., is boasting of a man 103 years of age, but the township of Canada is proud of an elderly lady, who has passed the century by four years, and has lived 24 years beyond the Psalmist's limit. Mrs. Gibson (mother of Mr. Jas. Gibson,) of the second concession of Cayuga, will be 104 years of age this month. She is still in good health, and has much promise of years more of life, as she had ten years ago.

The directors of Eldon branch agricultural society are negotiating with the Midland Railway for the privilege of an excursion to the Model farm at Guelph, to take place some time in June. This is a good move and at a very reasonable time, and if the society succeed in completing negotiations we anticipate a large number of farmers of this section will avail themselves of the opportunity to visit this famous institution.

A land slide occurred on the Belleville and Madoc Railway a short time ago near Mona lake, causing quite a sensation amongst the passengers as well as officials of the mail train going north. It is estimated that some 150 tons slid down the hill, consisting of earth, rocks, trees and stumps. It took a large gang of men some six or seven hours to clear the track and replace the engine, which had been thrown off and considerably injured by the shock.

A brakeman named Edward Gaskin, on the Manitoba special train, the 26th ult., after leaving Port Hope, found a purse containing a considerable sum of money. He immediately handed the purse to the conductor, who made enquiry and found the owner among the passengers on the train. In his gratitude the owner tendered a handsome reward to the finder, but Mr. Gaskin declined to accept an acknowledgment for only doing his duty to the company and the public.

The Belleville Intelligencer of Friday says:—About three o'clock yesterday afternoon, Harvey Grant, with one of his livery rigs, started to take a lady and gentleman to Tweed. About six o'clock, as the train from Peterboro' was passing the locality above Corby's mill, Cronk found himself on the roadside, but how he came there he does not know. The team and wagon and the lady and the gentleman could not be seen, and he does not know where they are. He walked to Corby's and telegraphed for a rig and afterwards went on to Canifon and was then brought home, and is now in bed. He complains of occasional severe pains about the head, but otherwise he is uninjured.

On Saturday some of the boys of Minden went in for a gay old time, and had lots of fun. They all felt uncommonly good, and one of them was so chuck full of humor that he wanted to talk to some of them with a hand spike. The rest of the boys did not quite tumble to the humor of the position, and the funny lad was arrested and put in the county refrigerator to cool off. When properly cooled off he was brought before his worship, Mr. Fielding, who failed to see where the amusement came in, and gave him the choice of handing over \$2 and costs, or of taking seven days recreation in the refrigerator. As he happened to be out of funds just then, he retired to the cooler, where he spent Sunday in calm meditation on the peculiar vicissitudes of this life. A friend then antied up the necessary wealth, and he stepped out for the woods at a two-forty gait.

Lydia E. Pinkham's Vegetable Compound is daily working wonderful cures in female diseases.

Dresses, cloaks, coats, stockings and all garments can be colored successfully with the Diamond Dyes. Fashionable colors. Only 10c.

Decline of Man. Nervous weakness, dyspepsia, impotence, sexual debility, cured by Wells' Health Renewer. \$1.

A spring medicine. During the winter months the system accumulates poisons which become dangerous as the warmer weather sets in. Do yourself the justice to take one bottle of Fountain of Health to cleanse the blood.—63-2.

\$100 reward! If one bottle of Fountain of Health does not relieve ordinary catarrh, any dealer is authorized to refund the money it costs you; and \$100 will be paid for a case that 5 bottles will not cure.—63-2.

Something plain. Cold in the head is the seed, the Nasal cavity the field, impure blood fertilizes the soil, and the growth is first catarrh, then bronchitis, consumption and death. One to four bottles of Fountain of Health is warranted to cure ordinary catarrh.—63-2.

Revelation suggests the idea that from woman comes the power to "bruise the serpent's head." The words take a new meaning to-day since this is precisely what Mrs. Lydia E. Pinkham's remedy does for the physically diseased patient. Her Vegetable Compound reaches the ultimate sources of the evil. Its action is gentle and noiseless, but it is more powerful than the club of Hercules.—Basar.

The Great German Investigator is the marvel of the medical world. It not only fails to completely cure nervous debility, impotency, mental depression, and all diseases caused from excesses. The testimony of thousands can be had by writing E. J. Chesney, Toledo, Ohio, sole agent for the United States. Price 50c per box, six bottles for \$4. If your druggist does not keep the remedy send to headquarters and get the medicine by mail. Circulars and testimonials on application.

Sewing Silks:
 Ladies who are annoyed at not finding a STRONG SEWING SILK will please ask for our Brand "BELDING, PAUL & CO."
 To meet a popular demand for a cheap Silk we produce other Brands, which, although labelled "A" are only half or three-quarter size. Hereafter every Spool will be stamped 1-2 or 3-4 size, to show its exact standard.
 Our Brand "BELDING, PAUL & CO" has for 20 years sustained its supremacy over all others, and taken PREMIUMS OVER ALL COMPETITORS wherever exhibited, and its sale far exceeds any other make.
 See that every Spool is stamped "Belding, Paul & Co. Full size and length."
 Give us a call and benefit yourself.
 Lindsay, March 29th, 1883.—1312.

Farmers Please Consider This.
THE PERRY DAVIS PAIN KILLER acts with wonderful rapidity and never fails, when taken at the commencement of an attack, to cure
Cholera, Cholera Morbus, as well as all summer complaints of a similar nature.
For Toothache, Burns, Scalds, Cuts, Bruises, &c.
 the PAIN KILLER will be found a willing physician, ready and able to relieve your suffering without delay, and at a very insignificant cost. For
Colic, Cramps, —AND—
Dysentery in Horses,
 the PAIN KILLER has no equal, and it has never been known to fail to effect a cure in a single instance. It is used in some of the largest livery stables and horse infirmaries in the world. To resuscitate young lambs or other stock chilled and dying from cold, a little PAIN KILLER mixed with milk will restore them to health very quickly.
 The PAIN KILLER is for sale by Druggists, Apothecaries, Grocers and Medicine Dealers throughout the world.

SUTHERLAND'S RHEUMATINE
 THE GREAT CURE FOR
RHEUMATISM
 And all complaints of a Rheumatic nature. RHEUMATISM is not a sovereign remedy for "all the ills that flesh is heir to," but for NEURALGIA, SCIATICA, RHEUMATISM, and complaints of Rheumatic nature.
IT IS A SURE CURE
 Copy of a letter received from Dr. R. Matland Coffin, F.R.C.P., etc.
 To H. Sutherland, Esq.,
 Having taken Sutherland's "Rheumatine" myself, I can bear testimony that it will prove a great boon to persons who suffer from rheumatism.
 R. MATLAND COFFIN, F.R.C.P., etc.
 Barton Court, S. W., London, Eng., May 17th, 1882.
THE RHEUMATINE MANUFACTURING COMPANY, Niagara Falls, Ont.
 RHEUMATINE acts directly on the kidneys; it is therefore an invaluable medicine for those suffering from Kidney Complaints.
